TAX OFFICE TO BE OPEN TO JAN. 15TH

The office of internal revenue located in the Postoffice building will be open each day except Saturdays from now through January 15 to assist farmers and other persons required to file a declaration of estimated tax for 1944, according to an announcement by Paul H. Wright, deputy collector in charge of the Klamath Falls office.

The regulations governing the filing of the estimated forms have been amended to permit farmers to file their true income tax returns on form 1040 for the year by not later than January 15 and thus avoid the necessity of preparing an estimated return.

The same rule affects taxpayers not engaged in farming who filed estimated tax forms earlier in the year and who now find their true incomes to be larger than that declared in the original estimate, thus normally requiring a corrected return.

As in the case of farmers, these persons may avoid preparing an amended estimate by filing a final return form for the year by January 15 and paying in full at that time the amount of tax shown to be due.

It is pointed out, however, that an alternative method is permitted all taxpayers, that of filing by January 15, the estimate or amended estimate as the case may be, paying the amount shown as due on that form, and waiting, as in the case of wage earners and other taxpayers not affected by the estimate requirements, until not later than March 15 to file the true income tax return for 1944.

Regardless of which course is followed, it is the request of this field office, states Deputy Collector Paul H. Wright, that taxpayers desiring assistance in the preparation of the returns come fully prepared with the necessary information as to their income and deductions to be reported.

Our Home Town

Another Year of Service

By EARL WHITLOCK

So, now, at the beginning of a new year, we can look back on another twelve months in which we have served the people of this community to the very best of our capabilities. And we, too, like all our other fellow Americans in all lines of endeavor have felt the pinch of material and supply shortages and the difficulties of obtaining and maintaining a full staff of employees. Yet we feel, proudly, that no family has received Funeral Service less reverent, less beautiful, less distinctive than they expected. None has been less than PERFECTLY satisfied with our accomplishments.

And none has found the cost of a ceremonial here a financial burden. That last fact, in these times of rising prices, is one of which we are particularly proud.

Next Monday Mr. Whitlock of the Earl Whitlock Funeral Home will comment on "Courtship At Home."
