Major Grashio escaped with nine others from a Japanese pri-son camp on Mindanao in April, 1943.

He predicted that if the Japa-nese have not moved prisoners out of Cabanataun, which he said was the biggest prison camp in the Philippines, the captives could expect liberation soon. "I feel pretty sure that the civilian prisoners all will be found," he said.

Why it will pay you to get a fine railroad job with S.P.

100,000 PEOPLE ARE WORKING WITH S.P. TODAY...FOR THE SAME REASONS

You know what you want in a job. You know the things that make it good. Now ... we'd like to try and explain to you what it is about Southern Pacific jobs which make them good. We want to try and convince you, as sincerely and honestly as we can, that your job is though you might label them as Machinist, Clerk, Carpenter, etc.) they're a bit different from other jobs. They've all got one purpose: to keep the war trains rolling, night and day, over the entire West. That means your job here -whatever it is-has a kind of excitement to it. It's part of something big. It's important. Which is one of the reasons why folks who get into railroading like to stay with it.

will measure up to your abilities.

The railroad offers you many other advantages which are worth considering: Liberal age limits in starting; railroad pass privileges; an outstanding pension plan; insurance benefits; fine medical and hospital services (we have our own large and well-equipped hospital), and so on.

But above all, Southern Pacific offers you-as a responsible man or woman -a chance to get with a big, respon-

with us . . . that there is very definitely a good job for you here.

We pay good wages-regular railroad scale. And while we can't make you a vice-president overnight, we can provide you with a lot of good, healthy opportunity to progress. We're a huge transportation team-the West's biggest railroad-yet there seems to be a friendly feeling around here which makes each man or woman feel very much at home.

How about the future?

We've got so much work right now that we're going all out to handle it. We've got to help carry America's full power to the Pacific to beat the Japs. That means a lot of work for a lot of people for a long time.

Because ours are railroad jobs (even
