

### DRUNK TANK DEATH BRINGS AUTOPSIES

PORTLAND, Jan. 15 (AP)—A third death in Portland's city jail "drunk tank" in two weeks brought announcement from the Multnomah county coroner today that autopsies will be performed in the two most recent fatalities.

Death of John N. Dilley, 55, White Salmon, Wash., brought to 22 the fatalities in the jail in the last 20 months.

Dilley was booked at 11:20 p. m. Saturday on a drunk charge and was examined by a physician before being locked up, but died 30 minutes later.

Autopsies will be performed on Dilley's body and that of Frank E. Spencer, 54, Portland, who succumbed to a heart attack earlier in the day while serving a 10-day term for drunkenness.

First death in the detention tank in 1945 was that of John P. Uram, 44, serving a 60-day jail term for drunkenness, who was listed as a pneumonia victim.

### The Road to Berlin

By The Associated Press

1—Western front: 301 miles (from near Duren).

2—Russian front: 304 miles (from north of Warsaw).

3—Hungarian front: 364 miles (from Hron river).

4—Italian front: 544 miles (from Reno river).

### CAA Recommends National Air Plan

LAKEVIEW — Recommendations for a national airport plan, calling for the construction of new airports and the improvement of existing fields during the next five or 10 years has been made by the CAA to congress.

The report also recommends that congress appropriate \$100,000 a year for federal aid to the states and cities, and that the money be channeled through state agencies.

Both the Lakeview naval airport and the Paisley emergency landing strip are included in the Oregon airports list calling for improvement.

### Turner Company Gets Refund On Taxes

One Klamath Falls firm, Turner Chevrolet company, was included in the list of Oregon business houses which received refunds on overpaid federal taxes for the 1944 fiscal year, according to the internal revenue bureau.

Turner Chevrolet company received \$5244 on income tax and \$3153 on excess profits, the bureau reported.

Denny Burs, Birmingham baseball pitcher, won four games in 1932, and pitched only three and one-half innings.

### Interference

ONE of the greatest difficulties in the reception of radio programs is interference.

Most of us know that simple operations such as turning off a light or other device can cause a large click or pop in our radio. This is due to the fact that when any electrical device is turned off a tiny spark occurs.

These sparks are in reality miniature radio transmitters and although momentary they can cause an annoyance when accompanied with thousands of other similar incidents.

Electrical disturbances are constantly taking place in the multitude of wires and machines to be found in every community.

To aggravate matters the wires which are suspended like a web and cover the landscape act as a conveyor of the interference permitting most of it to be heard at a considerable distance from the point of origin.

The accumulation of noises may be heard as a constant roar in some areas. The condition accounts for ninety-five per cent of all interference and can be recognized by the fact that it disappears when local or other powerful stations are received.

Interference that persists when listening to the local station is usually due to a faulty radio.

### Today On The Western Front

By The Associated Press

Canadian 1st army — Attacks Germans' Maas bridgehead, but forced back.

British 2nd army — Captures Gebroek near Maeseyck on Maas river front. Other units attacking bulge pushed in western end, joined with Americans.

U. S. 9th army — Repulses small Nazi attack at Wurm on Roer river front; aided in drive in Belgium.

U. S. 1st army — Seizes 15 towns in Belgian bulge, cuts Houffalize-St. Vith highway; closes within 2 miles of Houffalize.

U. S. 3rd army — Gains toward Houffalize, and in Wiltz area. Captures Tettingen in German Saarland opposite Luxembourg.

U. S. 7th army — Fights new German assaults in Hatten area north of Haguenau forest.

French 1st army — No change reported.

### Wilson Nominated To Turkish Post

WASHINGTON, Jan. 15 (AP)—President Roosevelt today nominated Edwin C. Wilson, veteran American diplomat, to be ambassador to Turkey.

The action filled the last major diplomatic post of this government which was still open in the European area.

Wilson, who was the president's representative at Algiers when that was headquarters for the French committee of liberation, and who subsequently served as a member of the Mediterranean commission, is now director of the state department's office of special political affairs.

The Turkish assignment formerly was held by Laurence Steinhardt, who was named ambassador to Czechoslovakia some weeks ago.

### Outdoor Lighting Rule Hits Coast

ALEM, Jan. 15 (AP) — The outdoor lighting restrictions, ordered by the federal government to conserve coal used for power production, apparently will apply to the Pacific northwest, where little or no coal is used.

Public Utilities Commissioner George Flagg said today.

Most of the northwest's power is produced by waterpower developments, with a small amount by sawdust and oil, Flagg said.

Flagg said he received a telegram today from the war production board asking his cooperation, and Flagg said he promised it.

The regulations prohibit the use of electricity for outdoor advertising, outdoor display lighting, show window lighting, excessive street lighting, and outdoor advertising sign displays.

### Seed Growers Group To Meet In Eugene

Annual meeting of the Oregon Seed Growers league will be held at Eugene, January 23 and 24. Klamath is one of the leading counties in Oregon in the production of small seeds and is usually well represented at the annual meeting. Quite a number of local seed growers are on various committees of the league.

The Oregon Seed Growers league has been particularly active on questions of importance to seed growers, such as tariffs, shipping rates, weed control, certification, and others of similar nature.

### Parents Die As Son Comes Home

FITCHBURG, Mass., Jan. 15 (AP)—Mr. and Mrs. William Lamore died within two hours of each other today while a son was en route home from overseas war duty.

The son Pharmacists Mate 2/c William J., Jr., had just arrived in San Francisco. Another son is in France.

George Van Orden, extreme left, commanding officer, awarded three Bronze Stars, a Gold Star in lieu of a second Purple Heart, and three Purple Hearts. Left to right, the men awarded are: Bronze Stars, Lt. Anthony J. Castagna, Tech. Sgt. Euborn L. Boro and PFC Paul Dineen. Gold Star, Cpl. Abner J. Flowers. Purple Hearts, Cpl. Bruce C. Peters, Cpl. Robert J. Rotchford and Cpl. Clyde A. Carr. (Official USMC photo).

### HIGH SCHOOL News Notes and Comment

By JUANITA SHINN

After a week of being shoved and pushed around in the trains buses in and around Portland I am only too glad to return to the wear and tear of school—even if final exams did start today.

My thanks to Barbara Roskamp who did a little filling in for me while I was gone. Her sleuthing turned up a few facts that I had not encountered on my tours of the halls.

The Klamath Knights, who have been perhaps more active this year than in the past few years in KUHS, have made and announced plans for a Valentine's dance in the girls' gym on February 9. Baldy's band will again furnish music for the occasion. Dancing will be in the evening from 8:30 to 11:30, while the admission prices will be 74 cents for couples and 60 cents for stags.

Today the numerals on the KUHS service flag in the main entrance stairway to the building were changed from 415 to 465, indicating that about 50 boys have enlisted in the service since the 1944 graduation. This number includes boys of that graduating class.

A special treat is in store for the students on January 18. Periods in the afternoon will be cut to 35 minutes and at 3:05 an all school pep assembly will be held prior to the Medford basketball games, and to wind up the semester in a big way since there will be no school on Friday the 19.

Performers from the girls' tumbling team will furnish the entertainment. Representing the Pelican basketball team, Jim Noreen and Jim Palmer will say a few words before the conclusion of the assembly.

Immediately following the assembly, the Radio club will sponsor a free all-school dance in the girls' gym. Buses will leave as usual, but since the assembly is to be a short one, it will give the bus students a chance to dance for a while before leaving.

### SYNTHETIC RUBBER FILM SHOWN CLUB

TULELAKE—M. M. Pernell, manager of the Klamath Falls Firestone store presented an interesting film on the development of synthetic rubber before members of the Rotary club here Wednesday noon. He was introduced by W. G. McClymonds, program chairman.

Captains of two teams selling tickets for the Institute of International Understanding during the winter by the Rotary club reported that nearly all tickets have been sold. The captains are Loeth Dunlap and Jerry Van Buskirk and the losing team will entertain the winners at a dinner, scheduled for ladies' night in the near future.

Four lectures are planned, the first to be given January 18, in the high school gymnasium with Gertrude Townsend Fitch, long-time resident of the Orient to present "The New China in the New Pacific." Dates for the other lectures will be announced later but all will be on subjects of vital interest in the post-war world.

Mrs. Fitch will speak also while here to students of the Tulelake high school.

Clark W. Fensler is chairman of the Rotary club's institute committee and has completed all plans for the series of lectures.

### MEN AND WOMEN IN SERVICE

ANDERSON HOME

TULELAKE — 1st Sgt. Russell Anderson, son of Mr. and Mrs. W. H. Anderson, is home on a 21-day leave after 2½ years in the Mediterranean and European theaters of war. The young man, youngest son of the Andersons, has participated in six of the major campaigns. He arrived in the United States just prior to Christmas and will report back to Santa Ana, January 14. While overseas he served with a U. S. army headquarters unit in a secretarial capacity. He enlisted in the service four years ago January 10.

Mr. and Mrs. Anderson have an elder son, Richard, trained as an aerial gunner, but now serving with an infantry unit which expects overseas orders in the immediate future.

KOENIG KILLED

Word was received from the war department Thursday by Mrs. William Koenig of Paisley of the death of her husband, Sgt. Koenig, on December 20, in Germany, in action.

He was 49 years old, a veteran of World War I and two years ago this spring enlisted. He participated in the D-Day invasion and at the time of his death was a member of Hodges anti-tank division of the first army.

Besides his wife, Ethel, he is survived by one son, Cpl. Donald Koenig, stationed in the Hawaiian islands; two daughters, Lorna, a student at Paisley high school, and Joy, a Bernard Daly fund student attending OSC.

### Parents Die As Son Comes Home

FITCHBURG, Mass., Jan. 15 (AP)—Mr. and Mrs. William Lamore died within two hours of each other today while a son was en route home from overseas war duty.

The son Pharmacists Mate 2/c William J., Jr., had just arrived in San Francisco. Another son is in France.

### Rubber Canning Rings Add to War Problems

ROSEBURG, Jan. 15 (AP)—Added to the problems that crowd upon a United States senator these days is that of what's wrong with rubber rings for home canning.

Senator Guy Cordon has advised inquiring housewives here that he took the matter up with the WPB and was assured new rings now on the market have more snap and should not leak air.

### Flashes of Life

By The Associated Press

THREE GENERATIONS  
THOMASVILLE, Ala., Jan. 15 (AP)—Mrs. J. M. Davis' birthday is January 10.

That day is also the birthday of her granddaughter, Mrs. Boyd Wilson Funches.

And next January 10 Mrs. Funches' daughter will celebrate her first birthday.

DESPERATE  
KANSAS CITY, Jan. 15 (AP) Want ad in the Kansas City Star:

Will exchange my interest in the hereafter for productive lead on a clean, furnished apartment or house. I'm desperate.

WHISTLE  
GLENN'S FERRY, Ida., Jan. 15 (AP) — Residents complained that the laundry whistle was blown "too loudly and at the wrong times."

So the town board ordered that the whistle be sounded only at the beginning and end of a work shift, for periods of less than three seconds and "in moderate tones."

DIGENES JR.  
KANSAS CITY, Jan. 15 (AP)—Radio Announcer Julian Harris hadn't come for from the taxi-cab before the driver started honking insistently.

My wallet, thought Harris, perhaps I've left it in the cab. It was worse than that. The driver handed Harris the pack of cigarettes he had left on the seat.

### Misunderstanding Causes Reduction In Used Fat Drive

A reduction of approximately 25 per cent in used fats salvage can be attributed to a misunderstanding on the part of meat dealers of the facilities available for collecting the fats, and reimbursement to the dealer in both ration points and actual cash paid for the salvage, according to D. R. Winn, WFA representative from the district office in Portland.

Winn is here on business pertaining to salvaging used kitchen fats. Winn declared that there has also been a tendency on the part of housewives to relax their efforts because of a false impression of a quick victory in Germany. He strongly urged that housewives and dealers combine in their efforts to salvage as much fat as possible.

### C-47 CARRIES 74 PEOPLE IN FLIGHT

ROME, Jan. 15 (AP) — When conversations veer around to post-war airplanes that will carry scores of passengers, the men of a U. S. troop carrier group in Italy tell about the time an ordinary twin-engine C-47 transport plane came out of Yugoslavia with 74 persons aboard.

If a C-47 ever carried more living souls on a single hop these men never heard of it.

Lt. Harold F. Donohue of Toronto, O., piloted the transport, which took off from an Italian base with more than two tons of supplies for Marshal Tito's Yugoslav patriots.

Donohue and his crew, aided by patriot workers, quickly unloaded the ship. Then came the surprise cargo for the return trip — 66 children ranging in age from 2 months to 4 years. Three Yugoslav women volunteered to go along to watch over the live freight. They and the five-man crew brought the total load to 74 persons.

To a Telegrapher

--- --- .. ---  
--- --- .. ---  
--- --- .. ---

If you're an experienced Telegrapher (Morse), your services were never so vitally needed as now. Here at Southern Pacific, we are trying to do almost the impossible—rolling war trains, troop trains, ammunition, tanks, jeeps, guns in tremendous numbers... all for the Pacific offensive. As a telegrapher, you could help us KEEP these trains rolling, keep the spear aimed at Japan. Your work would be perhaps out in one of the stations, perhaps in this area. But **WHATEVER** it is, it would be of utmost importance. We believe you will like working for S. P. ... like our people ... like the friendly spirit of this Western railroad. New, higher wages. Railroad pass privileges. Fine pension plan. Medical services. And above all, a fine job with a permanent company. Come in and have a talk with us.

See or write Trainmaster, S.P. Station, Klamath Falls, or your nearest S.P. Agent.

Fala On Honeycomb Bride, Scene Unk...

WASHINGTON, Jan. 15 (AP)—Fala is on his honeymoon. The fact that romance entered the life of dogdom's eligible bachelor was reported yesterday by Mrs. Franklin Roosevelt.

A group of war veterans, including the White House aide, the presidential scottie, the must makes excuse in the country. We hope Fala, the first lady said, "having a wedding."

"That was all she said. That remains a secret—who Mrs. is and where they are.

If it's a "frozen" article, needed, advertise for a week in the classified.
