WASHINGTON, Jan. 16 (A)—
War Food Administrator Marvin
Jones called anew on the nation's farmers for all-out food
and feed production this year as
he announced final agricultural
production goals for 1945.

These goals represent the total
of state goals recommended by
farmers, farm leaders and state
agricultural officials and are
approximately the same as were
recommended by the WFA last
November 15.

This year's crop acreage goal
totaled 363,635,000 acres, nearly
three per cent more than the
1944 planted acreage and a little
more than the 363,616,000 acres
which had been suggested by the
WFA.

Goals for flaxseed, sugar beets
and clover crop seeds were increased substantially over 1944
while moderate increases were
decided upon for acreages for
dry beans, potatoes and tobacco.
Legume hay seeds and soybean
acreages will be maintained at
the record 1944 levels, Jones
said.

The WFA called for a larger

acreages will be lively, Jones said.

The WFA called for a larger slaughter of cattle to meet increased military and civilian demands. The cattle and calf slaughter suggested by the WFA was 35,000,000 head, an increase over the 33,900,000 in 1944. Slaughter goals were not established on a state basis.

State recommendations called for an increase in the goal for spring pigs from 55,925,000 in 1944 to 57,563,000. The WFA had suggested 57,000,000. Farmers were urged to keep more sows for spring farrowing to help meet the goal. The number of sows to farrow in the spring was set finally at 9,569,000 compared with WFA suggestions of 9,429,000 and the 1944 estimate of 9,187,000.

WFA has announced extension of the price support period on hogs to March 31, 1946 to cover

with 3,010,000 planted last year.

Increased milk production also called for in the final state.

Increased milk production also selected milk production also selected milk production also selected milk production also selected milk production also is called for in the final mational goals. The final state recommended output for 1945 was 120,582,000,000 pounds, 582,000,000 more than WFA recommended and above the estimated 1944 production of 119, 200,000,000 pounds.

WFA said that because of recent changes in account of recent changes.

mated 1944 production of 119, 200,000,000 pounds.
WFA said that because of recent changes in needs, the 1945 egg goal was increased by about 10 per cent over the preliminary goal and was fixed at 4,350,000, 000 dozen. The WFA had suggested 3,920,000,000 dozen which was considerably under the estimated 4,790,000,000 last year.

Tru-Mix Company **Low Bidders On Plants**

The Tru-Mix Concrete company of Medford was low bidder at \$151,132.30 for pumping plants E and F and earthwork structures to be constructed on the Klamath Straits drain outlet in sealed bids opened this morning, Tuesday, at 10 a.m. at the Klamath office of the bureau of reclamation.

Klamath office of the bureau of reclamation.
Other bids were as follows:
McNutt Brothers, Eugene, \$151,906: Scheumann and Johnson,
Seattle, \$154,000; Strong and
MacDonald, Tacoma, \$167,580,
and Clifford A, Dunn, Klamath
Falls, \$173,530,50.
These bids will be forwarded to the chief engineer of the reclamation bureau at Denver,
Colo., who will make the final contract award.

Wanted: Men who'd like to work with trains

If you'd like to help run trains . . . to work with the conductor and engineer . . if you'd like to go places and do a job which is really important, you'll want to look into this job of Brakeman with Southern Pacific, We train you for it in a few days (and you're paid while training). The pay, by any standard, is very good. It's an interesting job . . with men you'll like. And with a company whose biggest job begins when Germany is finished—moving the war load against Japan. If you're steady, reliable . . a man who looks ahead and who wants a real connection with a big, progressive outfit, this should be your job. Fine pension plan. R.R. pass privileges. Medical services. Many extras. Many other jobs open.

See or write Trainmaster, S. P. Station, Klamath Falls, or your nearest S. P. Agent.

Norwegians Open Attack on Nazis

LONDON, Jan. 16 (P)-Norwegian troops, launching their first big attack against the Germans, have driven 80 miles through the snow-piled wastes through the snow-piled wastes of Finmark and captured one of the two most important German air bases in northern Norway, the Norwegian high command anneunced today.

The advance was made on a broad front and increased the liberated area of burned and ravaged Finmark to 8684 square miles.

molished.

Planes Lost
Sixteen American planes were lost in the Indo-China raids—remarkably few for the results achieved in crippling an area from which the Japanese likely would be able to bolster their slipping Philippine holdings.

Two convoys were knocked

Two convoys were knocked out. One contained an oiler, four medium cargo ships, two destroyer escorts and four coast-al cargo ships. All were sunk.

Raymond Dairy Fined For Adulterating Food

The Raymond dairy was fined \$150 as a result of a complaint which was filed in justice court on the charge of selling adulterated food products. This dairy has allegedly offered butter for sale containing less than 80 per cent milk fat, and was convicted of a similar offense in April of 1940.

According to E. M. Raymond.

According to E. M. Raymond, owner and manager of the dairy, the adulteration was due to the shortage of help, and the fact that an inexperienced man was churning the butter at the time

Dairy Transportation Rules Outlined

An outline of the rules and regulations governing dairy industry transportation was presented by E. E. Weis of the Portland office of defense transportation at a meeting of the dairy transportation industry committee held Monday at the county agent's office.

agent's office.

Weis emphasized that all matters involving transportation within the district should carry the recommendation of the committee when submitted to the ODT.

In the light of experience gained in two and a half years of war, the armed services are developing battle tactics around bombers of huge proportions and fighters with increased range, speed, maneuver-ability and fire power.

Displays Skill

Mrs. George O. Van Orden is shown firing one of the first shots at the opening of the rifle range at the Marine Barracks. She has won 36 medals during the past few years for her skill as a pistol shot, 29 of which were awarded to her when she was competing against men.

Col. Van Orden Fires First Shot to Open Rifle Range

(Continued From Page One)

er developments were mentioned. On the other hand, it was stated that the project might bring certain benefits to the basin through water storage and additional land reclamation.

It was emphasized that a maximum figure of acreage that might eventually be brought under irrigation in the Klamath basin must be determined, and that there should be a determination of the maximum water that might be needed for that acreage under any crop conditions. Henzel and his committee will work on these figures.

The 1933 report points out that legislative action by both Oregon and California would be accessary for a project of the kind proposed.

In that report, it was suggested that a tunnel might be constructed south of Tulelake to carry water into the Pit basin from the Klamath basin. At last night's meeting, one speaker and has understood the whole project might cost \$100,000,000.

It was brought out that a project in gift cost \$100,000,000.

It was brought out that a project in the that would divert virtually all surplus water would eliminate the California Oregon Powers company projects on Klamath river, and would also prevent any further power development there by private or public interests. It is understood California fish and game commission has indicated interest in the amount of water that would be necessary to go down Klamath river for maintenance of fish life.

Manwhile, there were evidences of rising concern in the country along Klamath river in California, which might be seriously affected by the diversion. Congressman Clair Engle secured a promise that a hearing will also be held in Yreks, about the time of the Klamath hearing.

Maj. Glenn Miller, above, leader of the Army Air Forces band, is reported missing in action somewhere in Europe. He had been in England for a year prior to notifying his wife that he was leaving for France. That was last word received by his wife and their two adopted children, who live at Tenafly, N. J.

Colonel George Van Orden, but as soon as the weather per-minist, competitive shooting will take place between battallons and companies.

Stillwell Visits Wife In Klamath

Ensign Louis C. Stillwell, USNR, reported as wounded in action in The Herald and News issue of Monday, spent the month of December here with his wife Virginia Sally, 4650 Thompson. The war department's notifica-tion reached Klamath Falls long after Ensign Stillwell had re-covered from minor injuries. Stillwell has now reported to officers training school at Nor-folk, Va. He is a former em-ploye of Shell Oil company.

Miller Named Clerk For Road Committee

Darrell Miller, young Klamath business man and attorney, is now at Saiem acting as clerk for the senate roads and highways committee, of which Senator Marshall Cornett of Klamath Falls is chairman.

Miller, it was learned, has been considered for appointment as deputy district attorney under Clarence Humble, but the plan went awry when Miller was classified 1-A by the local draft board. It is understood Miller may be called for examination within the month.

11th Armored Group Fights In Bastogne

WITH THE U. S. THIRD ARMY IN BELGIUM, Jan. 16 (AP)—The 11th armored division, commanded by Brig. Gen. Charles Kilburn of Silver City, N. M., is fighting on the third army front in the Bastogne

MARINE CO'S **WIFE EXPERT** PISTOL SHOT

Mrs. George O. Van Orden, wife of the commanding officer at the Marine Barracks, is one of the outstanding pistol shots in the United States, and during

the United States, and during the course of a few years, she has been awarded 36 medals, 29 of which were won when she competed against men.

In 1940, Mrs. Van Orden took first place in the eastern Marksmen's championship and was the Virginia women's champion in 1940, 1941 and 1942, as well as being the pistol champion of Maryland and New Jersey in 1941. She also won fourth place in the Women's International pistol tournament at Miami, Fla., in 1942, competing against womin the Women's International pistol tournament at Miami, Fla, in 1942, competing against women of nations all over the world. Col. Van Orden's favorite story about his wife's experiences in this field, is of the time they were attending a formal dinner in Winchester, Va., and Mrs. Van Orden was suddenly asked to fire the first shot at the opening of the new Farquier Gunclub in that town. She was dressed in a formal, fox furs and high heels, the light was very poor, and the target was a small champagne bottle suspended from a string, with the cork facing toward her. Mrs. Van Orden fired the first shot, and hit the cork without touching the rim of the bottle, a remarkable feat considering the conditions and the fact that she was not using her own pistol.

Mrs. Van Orden's Interest in

the fact that she was not using her own pistol.

Mrs, Van Orden's interest in pistols began when she and her husband were living in Haiti, He was away a great deal of the time, and a revolution was being waged which made it dangerous for anyone living alone, so Col. Van Orden taught her to use a pistol merely for protection for herself. She became interested in this as a sport, and entered her first contest at Wakefield, Miss., during which time she proved to be better than most of the men who were competing against her.

This Yank infantryman, in a Belgian town, is drawing a bead on a low-flying American P-47 plane, which circled the town, dropped a bomb and flare. The dropped a bomb and flare. The enemy has been known to use captured Allied aircraft.

YANKS BATTLE JAP DEFENDERS OF ROAD

(Continued From Page One) forces in the Baguio area northcast of the expanding American beachheads at Lingayen gulf must hold the road as the last good connection between them and other forces of Lt. Gen. Tomoyuki Yamashita trying to struggle up bomb-cut roads from the Manila sector under constant aerial attack.

Reach Road

One Yank force already has reached the Manila north road by driving to Urdaneta, 27 miles cast, and slightly south, of Lingayen town.

But the first determined enement of the bear made much

my stand is being made much nearer Baguio against sixth army units striving to push east along nine miles of concrete road from coastal Damortis to

Northeast Flank

Damoritis is on the extreme northeast flank of the 45-mile-wide beachhead, being some nine miles above San Fabian, one of the original landing points. Rosario is two miles east of the Manila north road which winds 16 miles northeast from there to Baguic.

Recently more than 40 enemy ships were wiped out while un-loading at San Fernando, the port for Baguio. That indicated a possible Japanese design to move down the Manila north road against Lt. Gen. Walter Krueger's east flank.

To Meet-The American Legion and auxiliary will meet to-night at 8 p. m. at Legion hall. A chili supper will be served im-mediately following the meeting.

with flamethrowing tanks at Hatten, just north of the Haguenau forest but the seventh army beat them off. Houtfalize fell without a fight to the "hell on wheels" second armored division of the first

army.

The first and third armies between them cleared the Germans from a large but loosely held area north and west of the road center, which has been the pivot of the German defense line.

Bare Details

pivot of the German defense line.

Bare Details

Only the barest detail was given of the British attack. Sittard is in the narrow appendix of Holland between Germany and Belgium. It is 10 miles west of allied-held Gellenkirchen in Germany and 14 miles south of Roermond, where the Roer river flows into the Maas.

Until recently, the British army had units at the western end of the flattening bulge. Probably only a fraction of its nine more divisions were involved for it took only 613 prisoners.

The first army of Lt. Gen. Courtney H. Hodges also captured without a fight the stoutly contested resort town of Cherain, four and a half miles northeast of Houffalize on the main lateral highway to St. Vith.

CHURCHILL BACKS FOR ON CHARTER

(Continued From Page One)
