

WAR AROUND FIGHT AGAINST POLIO WAGED

The fight against infantile paralysis is drawn to special public attention at this time each year, however, there is a group of women in this community who are waging a year-around battle against the dreaded disease.

Klamath county these home-soldierettes are led by Mrs. Weatherford, Klamath county chairman of the women's division in this county. Mrs. Williams, who has headquarters in Portland, is the representative for Oregon of the National Foundation for Infantile Paralysis.

Klamath county's active division is ready if an outbreak of polio should strike. By working with the health department and the local Red Cross chapter, the women of this community are prepared to give all possible aid and provide funds, equipment and technicians wherever needed.

ED GROWERS TO MEET IN EUGENE

ERRILL—Dates on the annual meeting of the Oregon Seed Growers League scheduled for January 23-24 at Eugene have been sent to potato growers of this county, a number of whom are expected to attend. Among them, it is expected, will be representatives of the Cal-Or Packing company.

A banquet is planned for the evening of the first day with the day to be devoted entirely to general sessions, reports of the production of the prospective production of seed potatoes in 1945. A report by K. W. Entomologist, on the control of the flea beetle will be given by discussions of vine rot, and the disinfection of equipment to control ring rot, by Dr. John Blibrath, Oregon State pathologist.

The future of the White Rose industry in Oregon; certification; future of the Burbank variety; available fertilizer and questions pertaining to potato production will be discussed.

The Seed Growers League is most rapidly developing organization of its kind in the state. More than 400 growers attended the 1944 meet held in Eugene and indications point to a larger registration this year. This is the first time that a seed potato committee has functioned. M. B. Meisner, chairman of this committee.

acquaintance Urged Settle Problems

PORTLAND, Jan. 17 (AP)—A labor, industry, and agriculture "get better acquainted" find how nearly identical interests are" was made by Eugene Allen, editor of the Oregon Labor Press, in a talk at the Rotary club here.

Allen is genuinely interested in building a sound, prosperous economy, with high standards for all," Allen said.

Allen urged an end to the past "an economy based on scarcity rather than plenty." Allen urged government control of the economy to a minimum only one end in view—promotion of the public against unemployment and uneconomic practices.

They garner no glaring headlines, their individual heroes' exploits will go unsung until the end of the war, but the Navy's submarine service has been carrying on steadily—and successfully—against the Japs since Pearl Harbor. Chart above, compiled from Navy data, includes sinkings of more than 3,500,000 tons of shipping.

Wool is rendered itchless and shrinkless by a new process. Six American miles are equivalent to one Swedish mile. Blood donations to Red Cross centers average 80,000 a week.

JACKSON MAY HEAD INDIAN COMMITTEE

WASHINGTON, Jan. 17 (AP)—The probability developed today that Rep. Jackson (D-Wash.) will become chairman of the house Indian affairs committee.

Jackson would succeed Rep. O'Connor (D-Mont.) who died Monday. Ahead of him in rank on the committee are Reps. Murdoch (D-Ariz.), just appointed chairman of the public lands committee; White, new chairman of the coinage committee, and Dickstein (D-N.Y.), immigration committee chairman.

If Jackson is named chairman, his advancement to a key position probably would have been accomplished in the shortest time on record. He was assigned to the committee only last year and he is one of the youngest members of the house.

Jackson has taken a keen interest in Indian affairs, not only because of the relatively large number of Indians in his state but because of Washington State's interest in the Alaskan Indian problems.
