NEW kind of **ASPIRIN** tablet

doesn't upset stomach

pain, do you hesitate to take aspirin because it leaves you with an upset stomach? If so, this new medical discovery, SUPERIN, is "just what the doctor ordered" for you.

Superia is aspiria plus—contains the same pure, safe aspirin you have long known—but developed by doctors in a special way for those upset by aspirin in its ordi-nary form.

This new kind of aspirin tablet dissolves more quickly, lets the aspirin get right at the job of relieving pain, reduces the acidity of ordinary aspirin, and does not irritate or upset atomach—even after repeat doses.

Tear this cust to remind you to get Superin today, so you can have it on hand when headaches, colds, etc., strike. See how quickly it relieves pain — how fine you feel after taking. Atyourdruggist's, 15¢ and 39¢.
