

SHOCK TROOPS ERASE BULGE; HIT SIEGFRIED

(Continued From Page One)

heavy artillery fire from behind the main west wall works. AP Correspondent E. D. Ball said the Americans eroded rapidly through thawing snow through lanes of destroyed German equipment. Dead Germans and horses littered the battle scene. The wreckage was grimly reminiscent of the retreat from the Ardennes.

Dead Villages
Villages passed were dead too. They had been under terrific lashing of American artillery, and late today the weather broke allowing planes to take to the air.

The big American guns still were thundering today at unpenetrated Siegfried belts.

Cross Barriers
The first army troops crossed the first row of dragon teeth tank barriers in a section of the Siegfried line never before breached.

Farther north, 37 miles of the line have been conquered by the Americans in the Aachen-Roer river sector.

Along a front of 43 miles, the American first and third armies struck with a vengeance into pillboxes fringing the line, which battlefront dispatches described as strangely quiet—its artillery silent and its resistance mainly from small arms. Great sections of the fortifications were under American artillery fire.

Slot Machine Question Added In Salary Bill

SALEM, Feb. 1 (AP)—The slot machine question was injected into discussion of a bill to continue \$300 annual salary increases for Klamath county officers in the house today.

Rep. Joseph E. Harvey, Portland republican, read an internal revenue bureau list of slot machines operating in Klamath county after questioning Rep. Rose M. Poole, Klamath Falls, on how long the present Klamath sheriff has served.

"I believe any sheriff who doesn't make any better effort than that to enforce the law should not have a raise," Harvey said.

Mrs. Poole met with success, however. Harvey's was the only dissenting vote.

Harvey later made the same objection to a Clackamas county salary bill, with the same result.

The bills now go to the senate.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking crown acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 16 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smearing and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 47 years. They give heavy relief and will help the 16 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills

Rescued

Capt. Denton J. Rees, former Klamath Falls dentist and a prisoner of the Japanese since the fall of Bataan, was among those rescued in the daring commando raid on the Jap prison camp on Luzon. His wife, Kay, and young son, Jon, live at Milwaukie, Ore.

SUPERFORTS BLAST SINGAPORE HARBOR

(Continued From Page One)

also were hit and set ablaze by a sizeable diversionary force. Pilots returning from Singapore who flew over Penang said flames covered the Georgetown waterfront area. Penang is one of the most important Japanese submarine bases and supply ports in the Asiatic theater.

The B-29s today hit Singapore for the third time. The first mission on November 6 smashed the gates of another naval drydock. The round trip to Singapore is roughly 3800 miles from the Superforts' India base.

Rotarians Pay Per Pound to Dime March

OREGON CITY, Feb. 1 (AP)—Rotary club members last night were tapped a penny a pound for their weight for the March of Dimes—and were amazed by the totals.

Members guessed weights. Results jumped one 150-pound man to 239—but he paid.

Hitler made the dive bomber famous with his Stukas, but U. S. naval aviators invented the technique over the jungles of Haiti in 1919. Dive bombing tactics were actually developed at the naval station at Pensacola, Fla., during the middle 1920's.

Bangkok is called the "Venice of the Orient" because of a network of canals which once provided cross streets.

The longest canal in the world is in China, completed in 1350 after 600 years spent in its construction. It is 2100 miles long.

That policy may be easier to get than you think. See Hans Norland, 118 North 7th.

ZHUKOV'S MEN SMASH TO 39 MILES OF CITY

(Continued From Page One)

where they met our newly brought up reserves."

May Be Close
It was possible that the Russians were even closer than 39 miles, for the German communication did not give the exact location of the penetration to the river. The Oder swings to within 28 miles of Berlin northwest of Kustrin. But immediately northwest of Kustrin it is 39 miles from the capital, and it seemed more likely that a point in the Kustrin vicinity was meant.

The eastern edge of Kustrin itself, one of the chief defenses of the German capital, was reached by the swift soviet punches rapidly spreading the fires of war to the heart of the reich, said German broadcasts.

Liquidate Resistance
At a point 170 miles to the rear, the Russians liquidated one of the German knots of resistance in Poland.

Marshal Stalin, in an order of the day, announced the capture of Torun (Thorn), a stronghold of 34,000 on the banks of the Vistula, after a week-long siege.

Return Bottles, Asks WFA of Collectors

PORTLAND, Feb. 1 (AP)—The war food administration appealed to "March of Dimes" campaigners today to return all the milk bottles.

Some 3000 bottles are being used to collect money, the WFA said, and they'll be needed by bottle-short dairies after the drive.

Electricity Forms Crude Glass in Sand

REEDSPORT, Feb. 1 (AP)—Power line repairmen today reported finding nine feet of crude glass, formed when a 12,000-volt electric line fell to the beach and fused grass roots with ocean sands.

The grey colored mass of fused sand had a blue-white core, repairmen said.

A House subcommittee has estimated that needed modernization of air navigation facilities throughout continental U. S. and Alaska will require the expenditure of \$25 million per year over each of the next several years.

A new lubrication system that assures perfect flow of oil at altitudes up to 45,000 feet will enable army and navy planes to fly higher than any known axis aircraft.

NEW kind of ASPIRIN tablet doesn't upset stomach

When you need quick relief from pain, do you hesitate to take aspirin because it leaves you with an upset stomach? If so, this new medical discovery,

SUPERIN, is "just what the doctor ordered" for you.

Superin is aspirin plus—contains the same pure, safe aspirin you have long known—but developed by doctors in a special way for those upset by aspirin in its ordinary form.

This new kind of aspirin tablet dissolves more quickly, lets the aspirin get right at the job of relieving pain, reduces the acidity of ordinary aspirin, and does not irritate or upset stomach—even after repeat doses.

Tear this out to remind you to get Superin today, so you can have it on hand when headaches, colds, etc., strike. See how quickly it relieves pain—how fine you feel after taking. At your druggist's, 15¢ and 39¢.

Marines Back "March of Dimes"

Over \$429 toward Klamath county's "March of Dimes" quota, collected at the Marine Barracks, was turned over to Mrs. Dana D. Backes and Mr. A. J. McDonald, chairman and vice-chairman of the county chapter of the National Infantile Paralysis foundation, by Col. George Van Orden Wednesday. The money was collected by voluntary contributions from the marines between January 15-27, and does not include receipts from the "March of Dimes" benefit Shannon's-Marines basketball game. Capt. Joseph T. Smith was in charge of collections at the barracks. Official Marine Corps photo by Cpl. Roy I. Jindra.

Frees Warsaw

Marshal Gregory Zhukov, above, led his First White Russian Army into Warsaw, liberating the long-besieged Polish capital in the Red's great winter offensive.

Izaak Walton League Formed in Medford

MEDFORD, Feb. 1 (AP)—A newly organized Jackson county chapter of the Izaak Walton league will campaign against high dams on angling streams and against stream pollution.

The chapter, formed here last night, is headed by Dr. C. H. Paske, Medford, president; and Larkin Grub, Ashland, vice-president.

Brazil began as a Portuguese colony, became an empire in the early 19th century, with the son of the king of Portugal as emperor, and then emerged as a republic in 1889.

On the Western Front

By The Associated Press. Canadian first, British second armies: Cleared dike areas north of Tilburg in Holland.

U. S. Ninth: Held 35-mile section of Roer river west bank.

U. S. first, third armies: Advanced into Siegfried line under heavy artillery support; Germans believed withdrawing from outer defenses.

U. S. Seventh army: Captured Gumbachheim, amid signs of German abandonment of Rhine bridgehead north of Strasbourg.

French First army: Closed in on Colma.

Drunk Tank Death Records Asked

PORTLAND, Feb. 1 (AP)—The Portland chief of police was asked today to bring into federal court all records concerning Herbert R. Decker, one of the prisoners who died in the city jail's "drunk tank" last year.

A subpoena was asked by Pacific Mutual Life insurance company, defendant in a case brought by Decker's former wife, Mrs. Alma G. Percey. Mrs. Percey claims Decker died from accidental injuries not caused by intoxication.
