RE is re-opening tonight after just exactly one week's vacation. . . . And everything, I hear, is going to be the same only better. Dinners, music and entertainment. . . . The whole place has been re-decorated. . . . Angus Newton and from what I've heard usual outstanding job. Green and his orchestra remained over for the new season. . . . And a new member added, bringing the total to five. . . . Everything is ready for the opening. . . . And so I'll see you there!

Moe's Millinery

THIS year, Stetson pulled a surprise on everybody. . . . And came out with a line of hats in straw that has everybody talking. . . . I may be wrong, but I think this is the first time Stetson has made women's straws. . . . At least these are the first I've ever seen. . . . And are at Moe's, of course.

As you would expect, the Stetson straws are in the really new styles. . . . Sailors and tricorn hats that are the last word in newness. . . . and smartness.

In addition, Moe's has all the new sailor types. . . . Like the ones pictured in "Life" magazine. . . . From the little French sailors, through the revived "Bloomer Girl," to the big cartwheel sailors. . . . You really ought to see them.

And there are some of the prettiest all-flower hats, in spring pastels. . . . And flower-trimmed straws. . . . I just love the violet ones, myself.

In fact, I agree entirely with Ann Lander, who manages Moe's Millinery Department. . . . She said, with a most complacent expression, "I think hats are prettier this year than for a long time."

Oh, yes. . . . Moe's has those new straw cloches for the younger set, too. . . . And they're absolutely darling.

Moe's is at 612 Main Street, you know. . . .

Prins

Some news. . . . Cur's has added a new line make-up and complexion preparations. . . . An outstanding line put out under name of Renee Thornton New York. . . . (New around here may recall the Renee Thornton Beauty just off Fifth

is quite a compliment in's. . . . Because only stores in the East and America have carried it. . . . Winter, when the line produced on the West. . . . And only the best here are getting it.

Renee Thornton line is on the theory that a state of skin is necessary for the best results from. . . . So there are preparations for home treatments for skin, oily skin, acne, chin hair, etc. . . . But treatments are simple and do, and you don't have rough a long rigamarole night.

can't get your favorite preparations, or are inclined to try something new, why don't you at Cur's and ask Consultant about the Renee Thornton line?

Finally, there are a number of perfumes and toilet in the line. . . . And I tell for two of them, "Orchid" and "Mistress Light."

Now, as you probably know, is at Ninth and streets. . . . 840 Main.

Whytal's

Of course, the new cardigan necklines we see on the suits for Spring call for something different in a blouse neckline. . . . Not absolutely necessarily, but the effect is much smarter.

So I was very interested in all the new blouses at Whytal's, among which I found quite a few with the new neck treatment.

The difference lies mostly in a stand-up ruffle, or lace, or something at the throat. . . . Or in a high, square-cut neckline.

Most of the new blouses of this type come in sheer material. . . . All-over lace, or heavy net, or dotted Swiss, or other sheers. . . . Because Spring is coming, I suppose. . . . But there also are piques, jerseys, crepes, and so forth.

Some of the sheers at Whytal's are beguilingly trimmed with tating, even to the extent of having the collar nothing but a piece of tating. . . . And very clever, too.

Naturally, there are all the other kinds of blouses, too. . . . Washable sheers in tailored styles that come in all the high colors. . . . New peasant blouses. . . . The simple standard tailored type that always is in demand. . . . And the popular Jersey blouse that is Whytal's best seller, I guess. . . . All in a price range from \$3.95 to \$7.95 at the present time.

There are so many styles and types that I simply can't attempt to describe any of them. . . . You'll have to see for yourself.

At Whytal's. . . . Ninth and Main Streets. . . .

Our fashion detective service informs us that bareness will be the keynote for Summer, 1945. . . . For daytime and evening wear as well as play wear. . . . Very bare midriffs, bare arms and bare necklines. . . . And bare legs, too, with stockings virtually out of existence. . . . (Considering how hard it is to get hose nowadays, going without probably will be a necessity).

& Gift Shop

Mrs. Kierulff returned or six days ago from buying trip, more and more lovely things have arrived at The Art and Gift Shop all this week. . . . But so many different that I would never be able to tell you about them all. . . . are hundreds of things, or prizes, or for your-

ve been down recently probably have seen the little what-not shelves of crystal, even bud vases usually are hard to come by. . . . And the exquisite Corcelain artware. . . . are perfumes and cosmetics. . . . Pearls, earrings, compacts. . . . And mostly priced, too. . . . And the newest shipments in some of the darling-est picture pitchers for color. . . . They'd look perfect of those lucite shelves. . . . Finally, one nice thing the store is the wide range of prices. . . . from 50c to

Art and Gift Shop is at 11th Street.
