Groundhog Sees Snow Here

Groundhog saw his shadow today. He saw it at 1:20 and he saw it again at 1:50. By all the rules of legend, Klamath county is in for eight weeks of winter weather. The mercury hovered above freezing. The ice thawed as the temperature rose. The weatherman discouraged a forecast of spring when he predicted skies and weather for the weekend.

Immediate Approval Sought For Plans

Guile Rich

There have been reported an elaborate resist- center covering 10,000 miles in mountainous Bavaria and Austria. It is difficult to storm and offer few good targets for operations. This line, it was reported, even more elaborate than the one covering more than 100 miles and centered at Schlesagen, Hitler's hill-station.

Senate Delays Manpower Vote

BY WILLIAM F. ARBOGAST
WASHINGTON, Feb. 2 (AP)—The senate military committee voted today to centralize coercive manpower controls under War Mobilizer Byrnes but delayed until tomorrow a final vote on its adoption of limited national service legislation.

The house, in passing its bill yesterday to keep men 18 to 45 in essential jobs or force them to take such jobs under penalty of induction, fine or imprisonment, provided that the controls should be administered by local draft boards.

Rescued Prisoners Want Health, Homes, Chance to Kill Japs

(Continued From Page One)

fers of candy and tobacco. As much as the prisoners were not allowed within a certain distance of the fence, to approach it invited being shot or whipped.

Tech. Sgt. Harold J. Glass, Long Beach, Calif., said minor infractions were punished by crowding as many as 20 of the accused in a small cell where they were forced to stand up for 12 hours. When night came, they could squat down if there was room—but a guard woke them up every hour.

Couldn't Win

Sick or well, a prisoner couldn't win.

The best rations went to the workers," said Staff Sgt. D. C. Rainey, Bonifay, Fla., an aerial gunner who was wounded on Bataan and captured in a hospital. He has been hospitalized ever since.

"If you couldn't work you got whatever they could spare. We got so hungry in the hospital that for a while we supplemented our rice ration with a soup made of sweet potato leaves."

And if you were well?

Chief Staff Sgt. Clinton Good- bla, Longview, Wash., said the healthiest prisoners were segregated and shipped to Japan, many after the Japanese re- cognized that the Yanks would reconquer Luzon.

No Food

Another March of Death participant, Sgt. Arthur Harrison, Fresno, Calif., saw no one give food by the Japanese during the first six days. Filipinos tried to sneak some food to the Yanks but any soldiers accepting it risked a beating, possibly death. And many died.

"How many? God, I don't know," said Harrison.

"A. San Fernando (captured last week by the Manila-bound Yanks) they jammed us, 100 to a small boxcar, for the last lap to Camp O'Donnell.

Camp O'Donnell also was oc- cupied recently and found to contain the graves of thousands of Filipinos and several score Americans—victims of torture, disease and starvation.

"At camp, we got a canteen of water each day—but no food for a couple more days. That, plus the hardships of the trip, killed a lot more."

It is men like him who want to fully recover, see the folks at home—then come back and kill Japanese.

WASHINGTON, Feb. 2 (AP)—

An army plan for prompt return to the United States of the newly-liberated American prisoners in the Philippines today was reported by Rep. Philbin (D-Mass.). Those liberated by MacArthur's forces on Bataan will be brought home "as soon as possible," Philbin said.

Philbin also said the war de- partment told him families of the men can send a 25-word mes- sage to them via army press wireless. To do this, he said, the families should send the liberat- ed prisoner's name and serial number to the adjutant general of the army here with the mes- sage. Only one message will be allowed from a family.

Messages from immediate members of families only, should be addressed as follows: "The Adjutant General, Attention Cas- ualty Branch, Room 3050 Munitions Building, Washington, D. C."

HOUSE GROUP TO APPROVE GEORGE BILL

(Continued From Page One)

ing agencies. He said "I will also be interested in some other amendments."

Big names in and out of govern- ment were mentioned for the big job of running the govern- ment's lending agencies.

These were among those talked of:

Fred M. Vinson, economic stabilization director; Joseph P. Kennedy, former ambassador to London; Marriner S. Eccles, chairman of the federal reserve board, and Henry J. Kaiser, ship- builder who was active in the fight to give Wallace the lending as well as the commerce post.

FULL PRODUCTION ASKED OF FARMERS

(Continued From Page One)

Mexican nationals in the same number as last year if the working agreement with the Mexican government can be maintained. More prisoners of war should be available and possible piece work or unit rates of pay that may be worked out with the army would make them more ac- ceptable in some situations. The supply of migrant workers may increase slightly if transportation is available.

Adequate Return

Price supports have been es- tablished for all main crops af- fecting this county. Either loan programs or direct purchases by CCC have been provided to as- sure an adequate return for these crops to be harvested in 1945. Attention is being given requests for possible establishment of a support price on number two po- tatoes.

Discussion of the dairy produc- tion program indicated that com- mitteemen and dairymen were unanimous in their opinion that dairy production declined about 2 per cent in 1944 in the Klamath basin and that still further decline was taking place.

Brief to Be Mailed

A brief of all crop goals and price support provisions for the state will soon be mailed to all farmers in Klamath county, to- gether with a summary of 1945 conservation practices. These should be of considerable value to each producer in planning his farm work for the coming year.

It was decided that the farm plan sign-up should be handled in the same way that it was in 1944 and should get underway the latter part of February. Af- ter being sent information on practices, growers will be asked to come to the county office and complete their sign-up. Days will be set for each community and members of the respective com- munity committees will be on hand at the county office to as- sist in the registration.

Ray Loosley, acting chairman

Mistake Made in LST Loss Report

WASHINGTON, Feb. 2 (AP)—The navy announced today it was in error in reporting the loss yesterday of the tank landing ship LST 759.

It was the LST 749 that was lost in operations in the Philip- pine area, the navy said, not the 759. The latter vessel, commanded by Lieut. John A. Baybutt, U. S. coast guard, Washington, D. C., has not been lost.

MAN HELD ON GRAND LARCENY CHARGES

Doyle Cline Lilly, formerly employed at the John Liskey ranch on the east side of Lower Klamath lake, was in the county jail Friday charged with grand larceny.

Lilly, familiarly known as "Mose," was arrested by state police and sheriff's officers late Thursday afternoon while cutting wood on the Green Springs. He admitted to the theft of farm tools which officers said they lo- cated in his basement on Port- land street near the cemetery.

The equipment included an elec- tric drill, drill bits, taps and dies, and other tools valued at \$225. Lilly stated he would sign a grand jury waiver and appear before the court. He worked at the Liskey place as harvester and later helped haul grain.

Relief Ship to Sail From Japan Soon

By The Associated Press

Tokyo radio broadcast today said the Japanese Awa Maru would sail from Moji, Japan, about February 17 to deliver re- lief supplies to American pris- oners of war and internees in For- mosa, Hong Kong, French Indo China, Malaya, Burma, Thailand, Java, Sumatra and Borneo.

The broadcast was recorded by the federal communications commission.

of the Klamath county AAA committee, presided at the meet- ing and Harry Lindgren of the Oregon State college extension service was present. Merle Cum- mings, representative of the state AAA office, outlined details and background of the food pro- duction program, outlook for la- bor, machinery, equipment and other farm supplies.

Selective service needs for ag- ricultural workers were briefly outlined by members of the ag- ricultural war board. All county agricultural organizations and division of the department of ag- riculture were represented at the meeting.

ITALIAN AREA REPORTS NEW ACTIVITY LOW

ROME, Feb. 2 (AP)—Activity dwindled nearly to an all-time low along the entire Italian front today with only minor patrol actions reported by both the fifth and eighth armies.

Along the eighth army's Senio river line in northeastern Italy there were a few grenade-tossing duels, and casualties were in- dicated on one German group a mile northwest of Tossignano.

Improved weather enabled the allied air force to step up its aerial operations yesterday, for the second straight day heavy bombers of the U. S. 15th air force hammered the Moos- bierbaum oil refinery 22 miles northwest of Vienna through clouds, finding their targets with instruments.

Liberators also bombed Aus- trian railyards at Graz and Klagenfurt. About 50 German planes were seen, but none at- tacked.

Thunderbolts of the U. S. 12th air force made their deepest penetration yet into axis territory by bombing and strafing important rail targets in Austria. A formation led by Lt. Alfred C. Hearne, Booker, Okla., destroyed or damaged a number of locomotives and rail- road cars between Villach and Klagenfurt.

New Orleans is one of the few cities in America to possess an official city flag.

Sgt. Orvis Hill Killed in Action

T/Sgt. Orvis F. Hill, for two years a resident of Klamath Falls, was killed in action in Belgium on January 14, according to word received this week by the infantryman's wife, Bernice, now living in Alturas, Calif.

Hill, familiarly known as "Buck," leaves his widow and four young daughters, Rosema- rie, 5; Frieda, 4; Jerry Lee, 3, and Frances, 2. His mother, Lola M. Hill, also survives, as do two sisters in Surprise Valley and a brother in Nevada.

Hill was with the first army at the time of his death. He was sent to England in October and from private was advanced to the rank of staff sergeant and one month later to technical ser- geant. Hill was second in com- mand of his platoon when he was killed, Mrs. Hill was advised.

The Hill family lived here in 1941 and 1942, leaving Klamath Falls for Alturas, December 11, 1942, when he was called before the Modoc county induction board.

Bill to Tax Power Systems Introduced

SALEM, Feb. 2 (AP)—A bill to tax municipal power systems nine per cent of their gross revenues was introduced today by Rep. W. W. Balderec, Grants Pass republican.

The systems now pay three per cent of their revenues to their city governments. The nine per cent would be paid to the county treasurer, with three per cent each going to school dis- tricts, the county and the city.

The Lane county delegation introduced a bill last session to boost the tax, but the measure died after opposition from the Eugene system and peoples' utility districts.

Yank Subs Down 10 Enemy Ships

WASHINGTON, Feb. 2 (AP)—United States submarines have sunk 10 more enemy vessels in far eastern waters.

The navy announcing this to- day, said the toll included two medium cargo transports, two medium tankers, three small car- go vessels, a large transport, a medium transport and a small tanker.

The announcement raised to 989 the total of Japanese ships sunk by submarines, including 104 combatant and 885 noncom- batant ships.
