The Hellicats are the division fighting in the area, presently under the first army command.

Tokyo Fears Red War Against Japs

LONDON, Feb. 5 (AP)—The Berlin radio reported today that there was fear in Tokyo that Russia may enter the war against Japan as a result of the Big Three conference now generally believed to be in session.

"Undoubtedly the problem of the common prosecution of the war against Japan is on the agenda of the Big Three," wrote the Japanese commentator of the newspaper Asahi as quoted by the German Transocean agency. "Both Japan and the western powers are asking themselves what is Russia's position regarding the war against Japan since the war against Germany has entered its decisive phase."

"Just as in the war against Germany, a decision also must be reached in the war against Japan. For this reason we must keep our attention especially focused on this point today more than ever before."

should be placed under War Mobilizer James F. Byrnes. Senator Johnson (D-Colo.), a member of the military committee considering work-or-jail manpower legislation said Undersecretary of War Patterson had telephoned him the department was standing on that position.

The department officially took such a stand earlier, but Johnson said Saturday war department officials later "double-crossed" the military committee by "secretly" urging that manpower controls be put under local draft boards.

Heavy Opposition Met on Iwo Jima

U. S. PACIFIC FLEET HEADQUARTERS, Forward Area, Feb. 5 (AP)—The heaviest fighter and antiaircraft opposition of a fortnight was encountered Friday and Saturday nights by army and navy planes raiding Iwo Jima on the aerial Marianas-Tokyo route, Adm. Chester W. Nimitz announced today in a communique.

Summarizing the two days' aerial activity, he said that navy search Venturas made machine-guns and rocket attacks on buildings and radio installations at Kurabu Saki on Paramushiru and at Shimushu in the Kuriles and army Liberators bombed air installations and storage areas on Iwo Jima, Friday. On the following day army Liberators accompanied by Lightning fighters attacked the island through intense antiaircraft fire which destroyed one of our fighters over the target.

Giffard told police that the three fell on him as he left the tavern and that it was necessary for him to spend the night at Klamath Valley hospital for treatment.

Giffard signed complaints against the three charging them with assault and battery.

court following the grand jury indictment. The Medford officer, according to Low, contacted the Jackson county sheriff, who was aware that Klamath officials were looking for Heuvel. The sheriff tried in vain to find him.

Allowed Time Circuit Judge Vandenberg allowed statutory time to Joseph Raymond Segobiano, charged with entering an automobile with intent to commit larceny, at the request of Attorney A. C. Yaden. The complaint was signed by Irene Hamel and E. G. Hogue. Segobiano is at liberty on \$1000 bond, and was given until February 7 at 10 a. m. to plead.

A plea of not guilty was entered by Francis Joseph Glynn, Klamath, naval air station, through his attorney Joseph C. O'Neill, when the indictment failure to stop at the scene of an accident, was read in court. Date of trial was set for Monday, February 26, at 10 a. m.

Not Guilty

A second plea of not guilty was entered before the court when Robert James Baker, charged with larceny by embezzlement, appeared with Attorney O'Neill. The court appointed O'Neill to represent Baker during the arraignment. Time for trial will be set March 5 on petition of the defendant.

Statutory time was granted Glenn Edward DeHart, charged with larceny of an automobile, on request of Attorney O'Neill. DeHart is in jail in lieu of bail. Time was set for February 7, 10 a. m.

Clarence Thompson, charged with accessory to a felony, was also given statutory time to plead and on request of Attorney O'Neill his bail was reduced to \$2500 by Judge Vandenberg.

Herbert Daniel Stevens, Marine Barracks, charged with assault with intent to rob in connection with the death of Karl Bold, Henley farmer, sought statutory time which was granted his attorney, J. C. O'Neill. He will enter his plea February 7, at 10 a. m.

ROME, Feb. 5 (AP)—Fifth army troops have reoccupied Gallicano in the Serchio valley area on the Italian west coast against only slight enemy opposition, allied headquarters announced today.

EDITORIALS ON NEWS

as well as the bombs of our planes. But the recapture of Manila means more yet. The Americans have made good MacArthur's promise to RETURN. They have proved that it isn't safe to monkey with the United States of America.

If all we have read is true, that means that we have GAINED FACE RUGGELY in the Orient and the Japs have correspondingly LOST FACE. Nearly everyone who knows the Orient agrees that FACE is immensely important there.

WELL, for whatever it is worth, FACE IS OURS. We have taken back our own Bataan and Corregidor are avenged.

THERE is other good news from the Pacific war. The British, in their greatest display of force against the Japs, have pounded Sumatra and its oil installations with a mighty fleet and its air force. The first convoy over the NEW Burma road has completed its journey of nearly a thousand miles and has ARRIVED IN CHINA, bringing supplies that are the forerunner of more to come. The whole face of the Pacific war is changing.

BY this time we on the home front are sadder and wiser. We know better now than to jump to the conclusion that the Jap is licked and peace is just around the corner. We can be thankful for what has been accomplished while still retaining the good sense to pull our belts tighter in preparation for what is yet to come.

IN Europe, anything can happen any time. The Russians are STILL GOING. Their striking power is apparently unimpaired. Failure of their extended supply line hasn't YET stopped them. They are at the Oder along a front of nearly 150 miles—and at its nearest point the Oder is only about 40 miles from the eyes of Berlin. We and the British are battering at the German gates to the west, and there are signs that the gates are weakening a little.

Relatives of Klamath Woman Await Word of Liberation

As millions thrilled to the news of the liberation of 3700 American and British prisoners from Santo Tomas internment camp just outside Manila, no family listened more eagerly today than did the parents, brothers and sisters of Mrs. Esther Bellant Sevcik.

Mrs. Sevcik, whose husband and child died in prison camp since the fall of Bataan, has been at Santo Tomas for nearly three years. Her parents, Mr. and Mrs. Guy E. Bellant, 4608 Thompson, last heard from her when passengers on the Gripsholm wrote that she was well and bearing bravely the loss of her family.

Paul Sevcik, son of Mr. and Mrs. J. E. Sevcik, 424 Adams, left the United States in January, 1940, to accept a position as mining engineer in the Philippines. He was accompanied by his wife, and their child was born a year later at Para Cate, near Manila, the mining town where Sevcik was stationed.

At the outbreak of the war, Sevcik offered his services and was commissioned a lieutenant in the United States army. Meagre word reached his family, as mail facilities became increasingly difficult. Through the International Red Cross, the Sevcik and Bellant families were notified of the death in prison camp of both Paul Sevcik and his young son, Allan Laird. The child died just before his second birthday but details and dates were not available. Information given the family by those on the Gripsholm, told of Esther's work in the camp especially among the children or-
