

# SUNDAY DRINK BILL TO LIFT PROHIBITIONS

OLYMPIA, Feb. 8 (P)—Revision of Washington's 36-year-old blue laws to lift the prohibitions against operation of saloons on Sunday is asked in an amendment bill introduced in the legislature today by Rep. Robert F. Waldron, D-Spokane.

Waldron's measure further proposes that the legal barrier be lifted on the serving of liquor with the meals on the Sabbath.

Revival of a forestry project in the Olympic peninsula which was initiated in 1933 is asked in similar bills introduced in both chambers of the legislature.

Andrew Winberg (D-Grays Harbor) is the sponsor of a house bill which asks \$100,000 appropriation to complete a topographical survey of so-called state sustained yield forest No. 1, a virgin timber stand roughly 30 miles square in Jefferson and Clallam counties.

Sen. Ted Schroeder (D-Pierce) is author of a senate bill asking allocation of \$75,000 for the same purpose.

When the project was set up 12 years ago the act provided that when funds were available a topographical survey should be made to segregate the timberland into units for the purpose of selling the forest crop on a sustained yield basis. The project has been dormant pending allocation of funds for the survey.

## CASUALTIES UP 27 THOUSAND IN ONE WEEK

WASHINGTON, Feb. 8 (P)—American combat casualties since the beginning of the war have reached 764,584, the army and navy disclosed today.

Secretary of War Stimson placed the army's losses at 676,796 while the navy listed its total as 87,788. This represented an overall increase of 27,242 since last week's report.

Stimson said the army's casualties represented a compilation of individual names received in Washington through January 28 and reflected battle developments at the end of December and the beginning of January.

The secretary said, 865,000 Germans have been taken prisoner on the western front since the invasion last June.

A breakdown on the army's casualties and corresponding figures for last week follows: killed 130,266 and 121,678; wounded 396,176 and 379,638;

missing 91,476 and 91,573; prisoners 58,878 and 57,533.

Stimson told a news conference that 4522 of those killed previously had been listed as missing but now have been declared dead. He also disclosed that 191,439 of the wounded have returned to duty.

Similar figures on the navy breakdown: killed 33,192 and 32,889; wounded 40,248 and 39,807; missing 9873 and 9750; prisoners 4473 and 4476. A decrease in the latter category reflects transfers to other classifications.
