

County Wide Drive for Papers, Fats, Tin Cans Slated

There will be a county-wide drive on tin cans, paper, waste fats during the month of March. It was decided last night at a meeting of the Klamath county salvage committee at the chamber of commerce.

The dates set for these special drives are March 12-17 on paper, March 18-24 on paper, March 25-31 on waste fats. There will be a continuing drive on all three commodities, with all being established in all communities where tin cans and paper may be deposited.

Derick Phinney, executive secretary of the state salvage committee, was present at the meeting and reported a critical need for these materials at this time. Phinney said that there are 700,000 essential military supplies made of, or packaged in, tin.

Although military needs have decreased, collections have decreased about 50 per cent, he declared.

The need for tin has reached an extremely critical stage, Phinney said, as there are only a few detinning plants in the United States and the tin cans still hold 90 per cent of their former resources.

The exact manner in which the drive will be conducted has not yet been decided, but will be announced at an early date. Lee is chairman of the Klamath county central salvage committee and Warren Whitlock is city chairman of the salvage drive.

Other chairmen of the pending drive in outlying communities are: Merrill, Bob Walker and Mrs. Dale West; Main, Ted DeMerritt and Mrs. Ray Van Meter; Chiloquin, Walter Zimmerman and Mrs. Dwight Kirscher; Fort Klamath, Mrs. Opal Paige; and Frank Schmitz, Beatty.

No appointments have been made or accepted at Klamath Agency, Bly, Keno, Sprague River, Henley, Bonanza and Langell valley. Chairmen for these communities will be announced as soon as appointment and acceptance is forthcoming.

Salmon Plant Slated For 'E' Award

PORTLAND, Feb. 8 (AP)—Col. A. W. Stanley, director of procurement at the California Quartermaster depot, Oakland, Calif., will formally present the army-navy "E" award to the Bingen-White salmon plant of the Twin Harbors Lumber company on February 15, Vice President Donald G. Anderson announced today.

The plant, set up early in 1941 to manufacture tent poles for the armed forces, has become one of the nation's leading producers of poles, now listed as critical war material.

VITAL STATISTICS

ZEIMAN—Born at Klamath Valley hospital, Klamath Falls, Ore., February 4, 1945, to Mr. and Mrs. M. V. Zeiman, 1537 Wilford, a boy. Weight: 6 pounds 2 ounces.

PILOTS have it MEN have it too!

There's no disgrace in having simple piles—(medical reports indicate that one-third of the people you know are probably in the same boat). The only disgrace is in not doing something to relieve your distress.

Ask your druggist for **Uroline Rectal Cones**—a nationally recognized product by the makers of famous **Uroline**. Special medication gives relief from the pain of piles... helps guard against infection... and promotes healing. Millions have been sold.

Uroline Rectal Cones may be used... in private... at drug stores.
