SUN MOUNTAIN SKI CLUB HOLDS MEET

Four members of the newly-organized Sun Mountain Ski Club met last night at the Hall hotel to review clauses for the proposed special use permit allowing a ski tow and cabin to be built on Sun mountain near The Dalles-California highway south of Sun pass.

This club was officially organized only a month ago, but interested persons have been working on the organization since 1942. Sol Wirth is president of the club and Herbert Barry is secretary. There are about 20 members in the club at the present time.

It will take approximately two weeks to clear all regulations on the proposed project, said Wirth, and then work on the run will be started. The cabin will probably be built some time this summer, he said.

SNELL SIGNS PAPER FOR EXTRADITION

Governor Earl Snell of Oregon has signed extradition papers for Samuel F. Ashwell, wanted in Klamath Falls to answer a charge of larceny by baillee. Ashwell is being held in Lordsburg, N. M., and the extradition papers have been forwarded to the governor of that state.

Ashwell, whom Sheriff Lloyd L. Low said had a lengthy criminal record, is said to have purchased a Ford from Balsiger Motor company with a \$175 check which "bounced." Ashwell brought the Ford to the garage and asked to have it repaired and the garage gave him the use of a 1937 DeSoto while the Ford was being fixed. Ashwell is said to have made off with the DeSoto on January 16. He was later picked up at Lordsburg on warrant from Klamath county.

Directors Approve Brief On Water Diversion Plan

(Continued From Page One)

which will start at 10 a. m. in the American Legion hall. The hearing will be held by the U. S. engineers who are preparing a report to congress on the proposed diversion scheme.

To Outline Expansion
 The chamber report will outline the possibility of a vast expansion of irrigated agriculture in the basin, which will require commensurate increases in the use of water. It will also point out the increasing consumptive use of water as agriculturists plant more intensive crops, and the per acre production of these crop increases. The necessity for protecting the water supply for this agricultural development, particularly during possible periods of extended drought, will be emphasized.

Owens Valley Example

The chamber brief points to the experience of Owens valley in southern California, which lost its water to Los Angeles, as an indication of what can happen to an area when another area establishes a claim upon its water resources.

It is expected the Enterprise Irrigation district, through A. M. Thomas, secretary, will make separate representations at the hearing, as will the Indian service and other groups. Landholders in the Sprague river area, which would be flooded for a reservoir site under the diversion program, will probably be heard from.

Senator Randolph Collier and other members of a California senate investigating committee, will appear at the hearing.

Bonneville representatives are expected here for the event. Charles Stricklin, Oregon state engineer, has been asked by the chamber to be present.

The city of Klamath Falls, through the common council, has prepared a resolution which will be submitted at the Tuesday hearing. The city of Chiloquin has indicated warm interest in the proposal.

It has been indicated the American Legion is considering signing the chamber's brief or making some other representation at the hearing.

Klamath's CIO and AFL labor organizations are also understood to be considering representation at the hearing.

The chamber sponsored a meeting Friday afternoon at which representatives of interested organizations were informed as to the form and content of the land use committee's report. President Malcolm Epley of the chamber presided, and Jenkins, Wales and Ganong discussed parts of the report.

CENSUS NEARLY COMPLETE

SALEM, Feb. 17 (AP)—The 1945 federal agricultural census in western Oregon is two-thirds completed, John Kallak, Oregon director of the census, said today.

then retired—as the Japs did at Pearl Harbor.

But WE ARE STAYING.

We are staying and THUMBING OUR NOSES at the Jap navy, daring it to come out and fight for its homeland.

As this is written, the dare hasn't been accepted.

ACCORDING to the enemy, our amphibious forces are invading Iwo Jima, in the Bonins. We landed in two places, Tokyo radio says. As usual, the Japs say we were thrown back into the sea, most of our warships sunk, etc.

It isn't unlikely that we are invading Iwo Jima, which lies halfway between the Marianas and Japan and serves as an extremely useful air warning post, tipping Tokyo off when our B-29s are coming.

THE Jap radio even mutters nervously into its beard that we may at any moment attempt a landing on Japan itself and mentions Boso point (east of Tokyo bay) as one of two likely places, the other not being mentioned.

ON the western European front, the Canadians wallow forward through the mud against increasing German resistance. The other SIX allied armies in the west are all relatively quiet today.

ON the eastern front, Konev and Zhukov have apparently affected a firm junction. The Germans facing them have rushed in new infantry and armored reinforcements and are counter-attacking with increasing energy.

Moscow dispatches report that the nazis are throwing all kinds of troops—Berlin schoolteachers, policemen, etc.—into the fighting southeast of Berlin and are trying desperately to form a solid line.

There have been four days of good air weather, and US and British planes, coming out of the west to hit the German rear, are backing up the Russian attacks, disrupting nazi communications, strafing supply columns, shooting up enemy troops on the roads, and so on.

BRESLAU, a city of some 600,000, has been entirely surrounded by the advancing Russians. Its defenders fight on, as the surrounded Japs in Manila's ancient walled city fight on, without hope, buying delay with their lives.

It was thus the surrounded Germans fought in Budapest.

In Poznan, back in Poland, long since engulfed by the on-rushing Russians, the German garrison still fights on, without hope of rescue, to the final bitter end. Berlin dispatches today indicate that the final bitter end in Poznan is near.

Such is war against INDOCTRINATED peoples.

Ted Shoop Receives Promotion to Captain

Lt. Ted E. Shoop, United States army transportation corps, has been promoted to the rank of captain, it was learned here this week. Shoop is stationed at Wilmington, Calif., port of embarkation.

In civilian life, Shoop is a member of Shoop and Schulze, Black and White service station. Mrs. Shoop is making her home here while her husband is in the service.

Committee Appointed To Study Memorials

SALEM, Feb. 17 (AP)—Governor Earl Snell today appointed a committee of 17 persons to study the question of erecting "living" war memorials in the state.

The governor said preliminary suggestions for memorials include swimming pools, athletic playgrounds, summer camps for boys and girls, and tennis and basketball courts.

compensation, workmen's compensation and appropriations.

614 Introduced
 There have been 614 bills introduced, compared with 611 at the same time in 1943. Only 43 bills have been signed by the governor, against 105 two years ago.

The house has 379 bills, 20 more than two years ago, and it has passed 190 of them, compared with 203 two years ago. But the house has passed only 30 senate bills, and only 24 house bills have been defeated or withdrawn.

The senate has 235 bills, compared with 252 two years ago. It has passed 92, against 124 two years ago.

YOUTH TO ANSWER TO CHARGES HERE

Kenneth Huck, 19-year-old Klamath county boy who was given two years probation on November 27, 1944, on a charge of tendering a forged check, will be returned to Klamath Falls tonight by Sheriff Lloyd L. Low.

Huck has been held by Multnomah county officials after he was sentenced to 180 days on a check-vag charge. He is being returned here to answer the violation of his probation.

Low is also bringing Alonzo Parker back here to answer a grand larceny charge in connection with the robbery of the Seth Dixon ranch home at Fort Klamath. Parker has been held in the Fort Lewis, Wash., brig, first as a draft evader and on a second count of AWOL.

Little Hope Offered Nation's Fag Smokers

(Continued From Page One)

As far as is known, the Barracks is the first military installation around here to use the ration system. The cards were issued more than three months ago.

Figuring on the basis of 3089 men at the Barracks, the pack consumption runs just about 92,870 per month. Civilian workers at the Barracks are not permitted to buy their cigarettes at the post exchange.

And now to the "I got there first" customer. The civilian who has always ordered his cigarettes by the carton from his grocer. He or she, as the case may be, now prowls Main street and the outlying districts, proudly displaying the day's loot, if any.

Civilian smokers will be surprised to learn that approximately 86,400 packages of cigarettes are distributed weekly to various stores in this city.

Where do they all go?

Distributors say that more people are smoking and more of the old smokers are smoking more. And some buy cigarettes whether they want them or not.

Present distribution is one-third less than that of December 25, local dealers reported this week, and the situation will be more worse before it gets any better.

The early part of the week an OPA announcement was broadcast, advising dealers that all cigarettes for sale had to be displayed on counters. "That threatened to end the 'stoopy' policy which exists here. No official word has reached local OPA offices, and retailers will continue to put cigarettes under the counter, using the dole system which will keep the shopper on the prowl."

PIONEER OF LAKE COUNTY DIES HERE

Katie Lillian Basey, pioneer of Lake county, died at 3:30 p. m. Friday at the home of her daughter, Mrs. Eva Lea Long, 625 Alameda. Mrs. Basey had been in failing health for the past three months and was 86 years of age at the time of her passing.

Mrs. Basey was born in Humboldt, Calif., daughter of Mr. and Mrs. J. W. Denison, who crossed the plains to California. Later the family moved to Lake county where Mr. Denison was one of the early day stockmen. Katie Denison was married to John Clinton Basey, Lake county rancher, and they lived in the Paisley and Silver Lake districts until his death in February 1909. For the past six years Mrs. Basey has lived with her daughter, Mrs. Long, of this city, and another daughter, Mrs. Iva Dot Ede of Modesto, Calif.

Mrs. Basey was a charter member of Oriental chapter, Order of the Eastern Star of Lakeview. She was also a member of the Presbyterian church and the Rebekah lodge.

Final rites will be held Monday at 2 p. m. from Ward's with Rev. C. A. Waterhouse of the Baptist church officiating. Mr. Waterhouse is an old friend of the Basey family during his residence in Paisley. Interment will take place in Linkville cemetery.
