

CITY POLICE REPORT BUSY WEEKEND HERE

City police were kept busy over the weekend with a large number of cases, ranging from drunk driving to running a stop sign, appearing or due to appear in police court.

Cpl. Loren D. Williams, Marine Barracks, was slightly injured Friday at 6:20 a. m. when he drove the motorcycle he was riding into the side of a car driven by George D. Williams, 2331 Wantland, as the car was turned into a driveway at 1820 Main. Cpl. Williams was not seriously injured and no arrest was made.

Melvin E. Doty, 1726 Menlo way, posted \$100 bail for drunk driving early this morning and is due to appear in police court Monday afternoon.

Bruce Shaddock, Willard hotel, and Floyd E. Day, 3224 Maryland, both posted \$10 bail for violation of the basic rule and William A. Beck of Klamath Falls and Evan M. McWilliams of Chiloquin both posted \$2 bail for making a left turn.

Jose Nevarra and William J. Davis of Klamath Falls posted a \$1 bail for jay-walking and Delmer E. Lee, Joseph W. Foubert, and Aagot K. Reeder, all of Klamath Falls, were due to appear in police court today for running stop signs.

Six drunks, three vags, and one drunk and disorderly case appeared in police court this morning. Five additional drunks, two disorderly conduct cases, and one drunk and disorderly case bailed out. Four parking tickets were paid.

Churchill Returns To England

LONDON, Feb. 19 (AP)—Prime Minister Churchill returned to England today from the Crimea conference after stops at Athens and Cairo.

The prime minister is expected to furnish the house of commons, possibly later this week, a first-hand report on the discussions with President Roosevelt and Premier Stalin.

The house will set aside two days for the review and a debate in which Foreign Secretary Anthony Eden will participate.

Flashes of Life

SWISH
KANSAS CITY, Feb. 19 (AP)—The temptation of the nice, long banister on the stairs leading down to the lobby of the Union National bank proved too much for one man yesterday.

As he reached the top of the stairs, he glanced wistfully downward, then turned to see if anyone was looking. He straddled the banister, whisked down to the bottom—and made a perfect landing in front of the surprised bank patrons.

ARMCHAIR FIREMEN
SPRINGFIELD, Ill., Feb. 19 (AP)—Firemen in the No. 1 engine house have discovered that if they wait long enough, the fire will come to them.

Looking up from a card game, they saw a minor blaze riding right up to their front door. The car of Navy Lt. C. Z. Steward had caught fire, but he merely stepped harder on the gas and wheeled up to the engine house to have it doused.

'Football Evangelist' Convicted on Morals Charge in Portland

PORTLAND, Ore., Feb. 19 (AP)—Jerry Owen, who calls himself "the football evangelist," was free on a \$250 appeal bond today after his conviction in municipal court on a morals charge.

Owen and Frances McCarty, 22, were sentenced to 30 days in jail and fined \$50 Saturday after being arrested together in a hotel room. Miss McCarty pleaded guilty and was in jail.

The evangelist, widely known on the Pacific coast, denied there was impropriety, insisting that Miss McCarty "has been just like a sister to me." Patrolman Ray Sims said Owen was partially dressed, and Miss McCarty was wearing pajamas.

Ration Board Sets Training Meeting

The local war price and rationing board will hold a training and educational meeting on Tuesday, February 20, at 2 p. m., at the Willard hotel.

The film, "Your Job as Price Panel Assistant," will be used to show how surveys of retail establishments are made by volunteers, and the value of such surveys in holding prices down, as well as assisting the retailer in keeping his establishment in compliance.

All those interested in this subject are invited to attend, and a special invitation is extended to those people in the outlying communities who have acted as price panel assistants.

Hospital Corpsman Claims Quick Service

FARRAGUT, Idaho, Feb. 19 (AP)—Albert O. Seagle, hospital corpsman, claims a record for speedy treatment.

He was, he explains, stand-

ing beside an operating table in a field hospital on the Palau islands when struck in the leg by a Japanese sniper's bullet.

The limb buckled and Seagle sat down on the operating table. Three seconds later other hospital corpsmen were giving him first aid.

COUNTY ROAD LEVY INCREASE STUDIED

OLYMPIA, Feb. 19 (AP)—Counties would be empowered to raise their road levy from three to ten mills, if desired, by a bill passed today by the senate.

Sen. E. C. Huntley (R-Whitman) speaking in support of the measure, said that many counties east of the mountains particularly needed such provision to build school roads.

"Farmers have in some cases put up as much as \$1000 to have a road built, and I think they would much rather pay an extra mill rate than put up the money like this in a lump sum," Huntley said.

Sen. K. W. Reardon (D-Island) objected that the appropriation of the gas tax on the proportions submitted in the \$50,000 interim committee report is a fairer way of helping out poor counties with their roads.

"The big counties are trying to dupe the smaller ones by sending them back to the property and personal tax to pay for their roads," he declared.

Billfold Reported Lost Sunday Night

A billfold containing navy discharge papers, a U. S. treasury check for \$100, \$7 in currency, and other important papers was reported lost to city police last night by C. E. Dawes, 423 N. 10th.

The billfold was thought by Dawes to have been lost either on Oregon at Upham or at the Southern Barbecue next to Emil's market. The government check was navy mustering-out pay.

Laborers Needed at Installations Here

Automobile mechanics, electricians, plumbers, carpenters, laborers and painters (sign, show card and spray) are needed at all of the local government installations.

Those interested may apply at the civil service office, located in the US employment office.

Deadline Past for Possession of Fowl

Klamath residents who have migratory fowl in lockers or freezing compartments, were warned Monday by state police that the deadline for possession of such meat had passed and a check of lockers will be made in the immediate future by both state police and federal men.

Deadline is February 15. There is a penalty for possession of migratory fowl, a minimum of \$25, maximum of \$500, state police said Monday.

City Engineers to Inspect Sewage System in Klamath

Fifteen city engineers who reside in as many towns in the Willamette valley, will be in Klamath Falls Wednesday, February 28, to inspect the city's sewage and disposal plant. Mayor Ed Ostendorf was advised today.

This group has just completed a special course given them at Oregon State college. While here

they will also look over plants at the Marine Barracks and the Klamath naval air station. Mayor Ostendorf said dinner was planned in honor of the visitors at the Pelican night of their arrival.

\$2.00 to drill an oil well?

- 1 Yes**—the average oil well, drilled by Union Oil in California, costs \$65,888. If you divide that expense between two men, it would cost them \$32,944 apiece. But if you divide it among 31,375 people, as we do, the average cost to each person is only \$2.10.
- 2 For Union Oil Company** is owned not by one man, or two, but by 31,375 men and women. In this principle of *multiple ownership* you have the secret of America's amazing ability to produce more goods (at lower prices) than any other nation on earth.
- 3 Before the machine age**, when everything from shoes to rifles was made by hand, almost any business could be financed and operated by one man. But with the advent of mass production techniques, many businesses began to require more equipment than any one man could finance.
- 4 In the early 1890's**, for example, you could drill an oil well in the California fields for about \$2,500. Today, because we go so much deeper and need such expensive equipment, it costs almost 26 times as much. Furthermore, the chances of getting oil in an exploratory well are only 1 in 12.
- 5 Obviously**, you can't finance that kind of operation for very long unless you pool the money of a lot of people. Now some countries form these pools by government ownership. But in America we do it under legal agreements known as *corporations*. For that way we can preserve the *freedom of the individual*...
- 6 ...the efficiency of a free economy** and that all-important human incentive—*competition*. Apparently those factors are worth preserving. For while our system isn't perfect yet, it has given us the highest standard of living and the greatest capacity for production the human race has ever known.
