NATIONAL CEMETERY ASKED IN PORTLAND

WASHINGTON, Feb. 19 (AP) An effort will be made by the Oregon delegation to obtain, in the senate, funds for establishment of a national cemetery in Portland, Oregon.

Rep. Angell (R-Ore.) told a reporter that the request will be made on the basis of a recent act of the Oregon legislature authorizing purchase of a site by the state. The army, he said, has described the site as "exceptionally fine."

Refusal of the house appropriations committee to include an appropriation in the war department functions bill, Angell said, was based on the president's statement in 1941. While he approved the bill to establish the Portland cemetery, he would not approve the appropriations of funds for purchase of a site.

Now that the site has been made available by the state, Angell said, the Oregon delegation will ask about $650,000, the estimated cost of laying out and landscaping the property, building roads and custodians' quarters. The government, he said, already has authority to accept the land for this purpose.

A Letter of Appreciation
to the many friends of Wrigley's Spearmint, Doublemint and "Juicy Fruit" Chewing Gum

WRIGLEY'S
CHEWING GUM MANUFACTURERS

We want to thank

all the people here at home for the fine spirit of understanding shown us since we told you that, for as long as possible, all the very best gum we could make would go only to our Armed Forces and Merchant Sailors overseas and at sea.

With this in mind, and so that there can be no misunderstanding, we want you to know that we have now used up all our pre-war ingredients and that we have stopped making the well known trade-marked brands of Wrigley's Spearmint, Doublemint and "Juicy Fruit" even for the Armed Forces overseas.

There will be no more chewing gum of these three famous brands and flavors for anyone - until we can again make gum worthy of these three trade-marked labels, which have always been your guarantee of uniform, finest quality and flavor.

Until we can bring back Wrigley standard brands we are making a plain but honest Wartime chewing gum to help take care of both military and civilian needs. We are offering this gum to the public only on its own merit and for that reason it is not associated with any Wrigley standard brand but has its own brand name and flavors.

These wrappers will be empty until further notice.
