Soroptimists

The island of Ceylon, described as a "Pearl on the Brow of India," was the subject of a delightful travelogue given to the Soroptimist club at the Wednesday meeting, by CWO Chester Davis of the Marine Barracks. To the accompaniment of colored slides, Mr. Davis brought many interesting items of beautiful Ceylon to his audience. Leading them through cities and the tropical scenery of the country-side, he told of recent excavations of ancient settlements and the present extensive tea-growing industry. Under British rule, the old environment has been retained and the interest of old Ceylon is still available to visitors. Within 10 miles of Colombo is mined all of the various precious gems mentioned in the Bible.

Concluding his lecture with the remark that a traveler may know that he is approaching Ceylon by the scent of cinnamon many miles out to sea, Mr. Davis left undisturbed, the enchantment of this island, which had been created by old tales of its spice trade and mystic customs.

The Soroptimist club meetings will be held in the green room at the Willard hotel on Wednesdays at 12:15.
