WASHINGTON, Feb. 22 (AP)—Confronted with figures showing almost 600,000 army and navy personnel in hospitals, the house leadership moved today to expedite legislation to draft nurses to care for them.

Tentative plans call for final house action Friday on a measure to subject to induction all unmarried nurses not under 20 or over 44 years of age.

Already approved by the military committee, the legislation won rules committee sanction after the army disclosed that battle casualties are filling hospitals at a rate of 1600 daily and are "steadily mounting."

The Reeds were returning from a five-week vacation and fishing trip when the accident occurred. Reed stayed on in Roseburg a week to attend to repairs, returning Tuesday. Mrs. Reed had come home on the bus immediately after the accident.

## CHAMBER ASKS FOR HOME REGISTRATION

Chamber of commerce personnel again urge residents with rentals available to list them.

Furnished apartments and houses are most of all in demand but sleeping rooms, extra beds and couches are desirable and urgently needed to take care of the daily influx of newcomers to this city.

According to chamber of commerce clerks, an average of 40 persons inquire at the office daily for living accommodations. An average of fewer than two a day are placed under the present setup, they say.

Transients are mostly service men's wives and families who stay usually from three to six months. Citizens of this community are urgently requested by the chamber of commerce to come forward and help in this emergency by opening their homes to these people, each of whom is a potential postwar resident.

## WHEAT

CHICAGO, Feb. 22 (AP)—Grain futures were steady to firm today after an early show of strength when wheat and rye marked up gains of a cent or more. The trade was active in all markets with some of the early demand stimulated by the strength of stocks.

Commission house short covering and professional buying disclosed a shortage of offerings at the start but profit cashing developed on the bulge and some of the gains were lost.

At the finish wheat was 1/4 to 1/2c higher than yesterday's close, May \$1.03 1/2. Corn was up 1/4 to 1/2c, May \$1.12 1/2. Oats were 1/4 to 1/2c higher, May \$1.12 1/2. Barley was 1/4 to 1/2c higher, May \$1.08 1/2.
