NEW OFFICERS NAMED BY USO HOSTESS GROUP

Wednesday night at a special meeting of the USO junior hostesses new officers were elected to serve for the next six months. New president is Edna Linder, winner of the only 150 hour pin for service in the USO, replacing Kay Borcher who has served as president for the past six months. The new vice president is Dannie Hall, replacing Helen Largent. Newly-elected secretary-treasurer, is Pauline Clemens, who succeeds Christina Demetrakos.

Edna Linder then selected four squad leaders to assist her in the duties of her new office: Joy Gwyn, Pat Hudson, Ann Otey and Betty Champagne. The squad leaders contact all members of the junior hostess group prior to each function and inform them of its date and time and check on attendance. Edna Linder and Dannie Hall were elected unanimously by the hostesses.

On their busy schedule for March is a St. Patrick's Day party which will be held in the USO center Saturday, March 17 at 8 p. m. The hostesses are planning special decorations and refreshments as well as entertainment. All service people are urged to attend.

High School Boys Confess Beating

Human Bomb Recovers From Operation to Remove Shell

SAN FRANCISCO, March 1 (AP)—After 47 days as a human bomb, Dewey Dupre, 20, is able to take a hardknock now without blowing himself up.

Twelfth naval district headquarters disclosed today that a successful operation had been performed at the naval receiving hospital here to remove a fused 20 mm. projectile from the body of the seaman, second class, from Opelousas, La.

He was at his station as gun loader aboard a battleship at Lingayen gulf on January 9 when an air attack came. "The first thing I know," said the bluejacket, "I was lying on the deck with a compound fracture of my left leg and other injuries about my chest."

Dupre was moved to an advanced base for treatment, then to a hospital here. Convalescing nicely, he told doctors last Saturday that he felt there was "something" inside of him low in his body. Surgeons, thinking they'd missed a piece of shrapnel, ordered X-rays. The pictures disclosed the fused shell.

"Because the projectile was of such a sensitive type and might explode on contact even with an operating instrument," the navy said, "the situation still remained full of danger." Bomb disposal experts as well as medical men were consulted. In a tense atmosphere, Commander J. I. Hall, (MC) USNR, operated successfully.

Explosives experts took the projectile away for disposal.

Flashes of Life

FOOD FOR THOUGHT

FORT LEWIS, Wash., March 1 (AP)—Two books long missing from the Fort Lewis library were found and returned from the guardhouse. They were "Heaven Isn't Here" and "The Devil to Pay."

DOUBLE TALK

FT. BENNING, Ga., March 1 (AP)—The mystery of the mumbo-jumbo-slumbo noises in the barracks of the third student training regiment at the infantry officer candidate school was finally solved.

Candidate George Chew of Los Angeles, a Chinese American officer candidate, speaks perfect English in the daytime and perfect Chinese in his sleep.

BIG BUNNY

PITTSBURGH, March 1 (AP) What must be at least a cousin to the invisible giant rabbit of the Broadway comedy hit "Harvey," was shot near here by a hunter. Besides being visible, the rabbit was the largest and heaviest rabbit ever to thump his way into Allegheny county. It measured 38 inches in length, seven inches across and weighed 20 pounds.

PHOENIX, Ariz., March 1 (AP) Five policemen were needed as guards when customers waited hours to purchase commonplace pre-war items offered for sale by a Phoenix store.

Each customer could purchase two boxes of paper tissues, one alarm clock, four towels, four wash cloths, two sheets, six yards of yardage material, oil cloth, two pairs of rayon hose, two pairs of panties, one brassiere and one slip.
