WASHINGTON, March 2 (AP)—Veterans of the present war should have the same privileges under the "GI bill of 1944," says Rep. Elsworth (Ore.).

Elsworth has introduced a bill giving veterans 10 years to exercise their rights to a government loan or the right under the bill within two years after discharge or after the war expires in any event not more than five years after the war.

He told the house the present bill would exclude from the benefits of this provision men who remained in service after the war or who served in the war of occupation.

"I hold," he told the house, "the right of a veteran, as provided by the congress, to be provided with the same benefits as those provided to men who served in the war of occupation."

He said the bill would entitle a veteran to be provided with the same benefits as those provided to men who served in the war of occupation.

# Northwest May Be Handicapped, Says Bonneville Official

LOS ANGELES, March 2 (AP)—Specialization in certain industries, particularly aluminum, may handicap the Pacific northwest in the postwar period, says W. M. Wood, administrative assistant at the Bonneville project at Portland, Ore.

He said the war will find the northwest with a greatly increased industrial plant capacity, which must be utilized if the region is to escape depression.

Wood told the institute of business and finance at Occidental college in Los Angeles that while some production may be curtailed, particularly in ferro alloys and metal cokes, as well as aluminum, many plants might be converted to the use of timber industry, he suggested.

# OREGON HOPS CALLS DECLINE, REPORTS WFA

PORTLAND, March 2 (AP)—Calls for Oregon hops declined last month, the war food administration (WFA) said today.

Reporting a scant demand for long-term contracts, the WFA said brewers were doubtful of needs because of favorable war developments and the 12 per cent cut in malt allotments which began yesterday.

The few small deals completed during the month set minimum prices to growers of 64 cents in 1945; 59 cents for 1946; 54 cents for 1947. The rates are based on seeded hops with 8 per cent leaves and stems, and apply provided ceiling prices are not in effect.

Trade reports indicated Oregon hop yards in good average condition, although some growers predicted increased insect infestation because of the mild winter. Ample supplies of dusting materials, however, are expected to be available this season.

# HIGH SCHOOL News Notes and Comment

By JUANITA SHINN

Joe Peak, director of athletics in KUHS, introduced each of the three basketball coaches at an assembly for the presentation of athletic awards this morning. Each coach in turn made the presentations for his respective team.

Paul Deller, frosh coach, presented the "48" numerals to the 13 members of his squad, while Paul Angstead, Wildcat coach, awarded his 13 boys the small letter "K." On Marble Cook's Pelican squad are one freshman, three sophomores, three juniors, and two seniors. Each of these boys and the two managers received their letters.

Jim Palmer, a member of last year's Pelican squad presented the first place conference trophy won by that squad last year to the student body president, Bob McLean, to be placed in the trophy case.

Last year's team tied with Ashland for the award.

Bud Biehn, Pelican captain succeeding Bob Perkins, presented the third place district trophy which the team recently won in the district meet in Ashland to Bob McLean, also.

An all-school dance is being planned by the social committee for some time in March. Student body tickets or 10 cents will

# Mineral Entry Eyed In Land Grants

WASHINGTON, March 2 (AP)—Two million acres of land in Oregon included in the Oregon-California grant and the Coos Bay road grant should be opened to mineral entry, says Rep. Angell (R-Ore.).

Angell inserted a memorial by the Oregon legislature in the Congressional Record and urged the house to give "careful and favorable consideration" to a bill by Senator Cordon (R-Ore.) to accomplish this purpose.

Angell said Interior Secretary Ickes holds that the law passed in 1937 placing the forests on a perpetual yield basis has, by implication, closed the former grant lands to mineral entry.
