

# ARMY TO TAKE ALL INDUCTEES FOR 3 MONTHS

WASHINGTON, March 15 (AP)—The army's growing need for infantrymen to replace losses will take practically all inductees under 21 for the next three months.

Beginning today, the army announced jointly, the navy and army assignments for men drafted in that bracket will be the comparative few who qualify for specialized naval programs, radio technicians and communications.

The manpower needs of the navy will be met from the 18-20 age brackets during the next month period of the agreement. This move is another step in the army's efforts to increase the supply of infantrymen. In recent months the service has combined all its other units.

Last night's announcement made no mention of, and presumably does not affect, the navy's policy of enlisting 17-year-olds.

About 80,000 youths reach their 18th birthdays monthly. The recent division has been approximately 55,000 to the army, and 25,000 to the navy.

**AT LONG LAST**

ATLANTA, Ga., March 15 (AP)—There are going to be peach trees on Peachtree street — if

they'll grow amidst downtown traffic. Then visitors, viewing Atlanta's eight-mile-long thoroughfare, won't ask: "Where are the peach trees?"

A department store which takes up a block of Peachtree street is planting the peach trees in front of its entrance.

**WHO WINS?**

COLUMBIA, S. C., March 15 (AP)—The house of representatives was debating a bill to build a \$200,000 hospital for alcoholics.

"I don't think we should build a mansion for a bunch of drunks," said Rep. Carl Gibson of Chester.

"We just sober up our ordinary drunks in three or four

days in jail down in Marion county," Rep. Ralph Gasque commented.

Retorted Rep. Carl Huggins of Williamsburg county: "The people who contribute millions in liquor taxes ought to get a little something back."

The house adjourned before concluding debate.

While receiving coupons for furlough gasoline from the board, Holmes left his wallet there.

Although it couldn't be found when he returned to inquire, the

sympathetic board employees took up a collection and presented him with \$37.

### How to do with eggs

In times like these it's a wonderful thing to know a lot about eggs—for, properly prepared, eggs are the basis for a wide variety of delicious dishes.

**DO YOU KNOW?**

**Egg Equivalents**

In most recipes calling for eggs, medium-size eggs are used as the basis for measurement.

4 to 6 whole eggs equal 1 cup  
8 to 10 egg whites equal 1 cup  
10 to 14 egg yolks equal 1 cup

To prevent yolk of hard cooked eggs from darkening: Remove from heat and plunge immediately into cold water.

Eggs should not be washed before storage because water removes the protective coating on the shell essential to keeping quality of eggs.

Egg yolks store well when covered with cold water, milk or salad oil; covered tightly and stored in refrigerator.

Egg whites store well when covered tightly and stored in refrigerator.

For best volume eggs should be at room temperature before beating.

Eggs should always be cooked at low temperatures as high temperatures toughen the protein.

**BOILED OR SOFT CUSTARD.**  
(A way with egg yolks)  
A delicate, smooth sauce

4 egg yolks 2 cups milk  
1/4 cup sugar 1 tsp. vanilla  
1/2 tsp. salt extract

Beat egg yolks slightly with spoon in top of double boiler; add sugar and salt; mix well; add milk; and cook over rapidly boiling water about 10 to 15 minutes, or until mixture is slightly thickened and coats spoon, stirring occasionally. Remove from stove at once; add flavoring; and pour into cool bowl. Chill before serving. Makes 2 1/4 cups custard.
