

MOOSE LODGE TO CELEBRATE 4-YEAR RECORD

Klamath Falls Moose, with a four-year record of outstanding lodge achievement behind them, will celebrate the burning of their mortgage on their Pine street building on Sunday, March 25.

The Moose acquired the old Hirvi building, remodeled it, dug out the basement, with members themselves doing the work, increased their membership to 537, and paid off the mortgage—all in four years.

A semi-formal dance will be held in the lodge hall Saturday night for members only. On Sunday at 1:30 p. m. candidates will be initiated. The mortgage burning ceremony will be held at 3 p. m. and there will be a buffet supper with special entertainment at 4 p. m. in the Klamath armory. A program will be broadcast over KFJL 5:15 to 5:45.

Those in office at the time the Hirvi bakery building was purchased in May 1941 for the new hall were: P. L. White, governor; Floyd E. Pike, junior governor; Alrick Nyback, prelate; W. C. Hooper, secretary; D. W. Sergeant, treasurer. The three trustees were Amasa A. Wilkinson, J. L. Nendel and Charles R. Johnson.

As soon as the purchase papers were signed members armed with picks and shovels started digging out the basement, wheeling the dirt out onto the parking lot in the rear. Valuation of the building now stands at \$22,200.67 plus \$1894.26 for furnishings.

P. L. White served as lodge governor the first two years and Alrick Nyback has served the past two years.

Present officers are: Alrick Nyback, governor; Victor Vassak, junior governor; Lawrence Weinberg, prelate; W. C. Hooper, secretary; Louie Hagemann, treasurer. The three trustees at the present time are R. C. Verbeck, Shelley M. Kilgore and Amasa A. Wilkinson. On the house committee are W. K. Thomas, D. W. Sergeant and William Cogdill. Club steward is Harry A. Freeman.

Since the 1880's the United States has imported millions of gallons of palm oil every year.

Our Home Town

When He Comes Home

By EARL WHITLOCK

The psychologists and the rehabilitation experts, between them, are going to town with their theory that the returned service man is going to be a great problem to his wife and family. Having been away at war for a couple of years they claim that he is coming back a highly nervous case, who will jump half out of his skin if the baby cries or the family pooch barks. They say, too, that he won't want to hunt up a job and that he will be difficult in his relationships with his wife.

And all of this seems to me very apt to scare a lot of women needlessly and possibly to make them rather a postwar problem themselves. My guess is that your man is coming back pretty much as he went away and that he is going to arrive tickled pink to get home, anxious to cuddle the kids and ready to be quite enthusiastic where his wife is concerned.

You start to treat him as though he were some sort of a "case" which requires very special handling and you're going to make him and yourself pretty miserable. Because any man would much rather face the glare of an enemy searchlight than that awful gleam that comes into the eye of an "understanding" woman.

Just you treat your man normally, show him how glad you are to have him back, fill him up on the kind of good food he's been dreaming about and forget that psychology viewers-with-alarm.

Next Monday, Mr. Whitlock of the Earl Whitlock Funeral Home, will comment on "The Funeral Ceremony Is a Tribute."

Moose Lodge Celebrates Mortgage Burning

Officers and members of the Moose lodge here will celebrate four years of outstanding lodge building achievement at their mortgage burning ceremony Sunday, March 25. Dignitaries of the local lodge shown above are: Left to right, back row—W. K. Thomas, B. Cogdill, D. Sargent, house committee; H. Freeman, steward; R. C. Verbeck, S. Kilgore, trustees; J. Nendel, chairman of ritual. Second row—T. Duke, sergeant at arms; L. Wienberg, prelate; A. Nyback, governor; V. Vassak, junior governor; H. Hagemann, treasurer; R. GeRue, outer guard. Front row—A. A. Wilkinson, past governor; C. Hooper, secretary. J. Abner, inner guard, was not present when the picture was taken.

SALARY RAISE FOR TEACHERS ADOPTED HERE

A new salary schedule to embrace all teachers in the Klamath Falls school system, was adopted at a special meeting of the boards held Saturday afternoon.

This schedule was unanimously approved by the boards and gives Klamath Falls a "very favorable schedule and greatly improved over the previous one," according to Superintendent Arnold L. Gralapp.

The boards will start writing contracts for next year and these figures will be included, all salaries determined on the following schedule.

Years of experience in the teaching field, compared to years of training and whether or not a teacher holds a masters' or bachelors' degree, determines the salary schedule, Gralapp explained.

For the first five years, the annual increase is \$60 per year; for the second five, \$48; third five, \$36; fourth five, \$24; fifth five, \$12; sixth five, \$12.

A teacher with no actual experience but with two years' training will receive \$1700; three years' training, \$1797.50; BA, \$1895; five years' training, \$1992.50; MA, \$2022.50. The increase continues from this base.

The board adopted the following salary schedule for elementary and junior high school principals: Elementary principals will receive \$300 more than their schedule as teachers, plus \$30 for each teacher supervised up to a total of 10 teachers; and \$20 for each teacher supervised above 10 in number.

The junior high school principal will be given an additional \$200 over that allowed elementary principals. Contract year for principals has been increased to nine and one-half months, this additional one-half month used for the preparation of school prior to its opening and the completion of the work after the school term is concluded.

Salaries as adopted Saturday will go into effect with the teaching year next September.

HIGH SCHOOL

News Notes and Comment

By JUANITA SHINN

Friday, April 13, following a "jinks" theme, the freshmen will sponsor a Jinx-Day jamboree. Admission will be 20 cents, and a 5-cent fee will be charged to those students who sit in the bleachers. This fee is made to encourage those students to dance who usually sit in the bleachers all during the dance.

A large delegation of members of Pelican post No. 1383, Klamath Falls, will be on hand to assist the new comrades in organizing their new post. The meeting will start promptly at 4 p. m., according to H. J. McIlvray, commander, district No. 13.

MEDFORD, March 19 (AP)—Forest rangers and irrigation division engineers have seen demonstrations of a plane which will make snow surveys in southern Oregon, said Arch Work, head of the federal-state snow survey bureau.

The Camera club recently reorganized for this school year and elected officers. Wright Carleton was elected president, while Charles Martin was chosen to fill the position of vice president, and Yvette Sweet, secretary-treasurer. All officers come from the sophomore class.

Complete organization is yet to take place, at which time a constitution will be drawn up. The Camera club is a comparatively new club in KUHS and deals with taking pictures, developing film, and printing pictures.

Net profit from the junior pay movie for raising funds to sponsor the Junior-Senior prom were \$67. The movie, consisting of three short features, was presented to the student body of the high school last week.

NEW PIED PIPERS AURORA, March 19 (AP)—Some one in each family in this little Clackamas county village will play the role of Pied Piper today and bait every building in town with rat poison. The campaign is supervised by wildlife service agents.

The Road to Berlin

By The Associated Press U. S. First: Pushes out edges of Remagen bridgehead, approaches plain leading northward to Ruhr.

U. S. Third: Menaces Mainz, pushes two wedges down toward junction with seventh army for Saar traps.

U. S. Seventh: Advances up to six miles along 50-mile front.

PUBLIC LANDS PROBLEM WILL BE PRESENTED

LAKEVIEW (Special)—A group of eastern Oregon and northern California counties including Lake county have decided to pool their efforts for the purpose of presenting their public lands problems to the western congressmen and to congressional committees that are now shaping legislation dealing with sustained revenues from federal lands for support of local government and other allied public lands problems. A mutually satisfactory solution of the current controversy over the land acquisition program of the forest service is also expected.

Forrest E. Cooper, local attorney, is now en route to Washington, D. C. as counsel for the federation of counties where he will remain the next few weeks as their spokesman. Cooper was selected for this work because of his wide acquaintanceship throughout the interested communities and because of his knowledge of public land affairs.

SACRIFICE

BUTTE, Mont., March 19 (AP)—Whether Junior had found the old man's cigarette cache or Pop just has a heart of gold was argued in Butte after this classified ad appeared in a local paper: "Will trade cigarettes for tricycle."

DRIVER HELD AFTER BUS AND AUTO MISHAP

William Samuels, 41, was lodged in the Klamath county jail Saturday night following his arrest by state police on a charge of driving while under the influence of liquor after he allegedly had sidwiped a city bus at 2405 S. 6th.

State officers said there were no personal injuries as a result of the crash. Carl Tomlin was driver of the bus.

Samuels was picked up just past the Lakeview junction on highway 39, and officers said his car fenders were badly damaged and there was evidence of yellow paint on the fenders. Samuels told police at first that he had hit a fence post and this statement was corroborated by his wife. Later, Samuels is said to have told officers that the bus ran into him.

The man is employed as a deck sawyer for Pelican Bay Lumber company and lives in Steward addition.
