**saved FOR YOU...**  
**your electric rates reduced**  
 \$325,000 ANNUAL  
 ● THE CUSTOMERS of The California Oregon Power Company will save more than \$325,000 each year because of the new electric rate reduction which went into effect on February 1st. ● Even though your electric service was already your biggest household bargain and the bright spot in your cost of living—your electricity is now cheaper than ever! California Oregon residential customers now get twice as much for their electrical dollar as does the average American. ● While every other living cost has surged steadily upward, your electric rates have been cut to save you \$325,000. It is the constant aim of this business-managed electric service institution and its employees to bring you, the citizens of this territory, the highest standard of electric service at the lowest possible cost.
