

# OPA SPECIFIES NEW TIRE PLAN FOR MOTORISTS

A new plan for classifying into four preference groups, persons who are eligible for passenger car tires, has been announced by the OPA in cooperation with the war manpower commission, in order to aid local boards in issuing tire certificates, according to Frederic F. Janney, district OPA rationing executive from Portland. This plan is expected to get the most out of the reduced supply.

The number of eligibles is not reduced under the plan, but channels the tires to persons whose transportation needs are most essential to the war effort.

Group one priority is limited almost entirely to physicians, public health nurses, police, and employees in critical war industries, whose occupations are of an emergency nature.

Group two includes farmers, farm workers and representatives of management labor and government who recruit for essential establishments.

Group three includes such occupations as buyers for essential establishments and persons who perform necessary technical service at these establishments, such as advising on machinery maintenance problems.

Group four takes in all other persons eligible for grade one passenger tires.

# ALL BABIES SHOES TO BE RATIONED

Beginning May 1, shoe rationing will be extended to include the entire size range of infants' leather shoes, M. R. Collins, district OPA shoe rationing representative, announced today. This is being done in order to build up critically needed supplies of infants' leather shoes in the larger sizes already under ration control.

At present, rationing covers these shoes in sizes 4 1/2 to 8, the size-range most babies need when they begin to walk. There is an acute shortage of these sizes in many sections of the country, Collins explained.

The new provision will put the smaller sizes (0 to 4, which are in relatively plentiful supply and worn chiefly by "babes in arms," on the rationed list.

Knit booties and shoes made of substitute materials such as felt and fabrics, can be worn by very young babies, and it is believed that these types of shoes should be adequate to take care of footwear needs of infants not yet at the walking stage.

However, parents who prefer to buy leather shoes for infants wearing the 0 to 4 sizes can still use the airplane stamp number 3 in ration book 3, for which all babies are eligible.

# RED CROSS ASKS FOR VOLUNTEERS

The American Red Cross at 430 Main is asking for volunteers trained in office work to assist at the local headquarters. Business experience is helpful but not necessary.

A short course to acquaint persons with this type of work will be given as soon as enough individuals have volunteered.

Anyone interested in this work, and able to give time and help, is asked to call at the local Red Cross offices.

# Group Announces "Peace Charter"

WASHINGTON, March 28 (AP)—A "peace charter" for labor and management, intended to prevent industrial strife when the nation's economy contracts to a peacetime basis, was announced today.

AFL President William Green, CIO Chairman Philip Murray and Eric Johnston, president of the U. S. chamber of commerce, joined in making the announcement.

The charter declares the support of "private property and free choice of action, under a system of private competitive capitalism."

# The War At a Glance

**By The Associated Press**

The Western front: British and Americans raced east on north German plain against collapsing resistance; U. S. first army column surged to within 225 miles of Berlin, another raced south toward Frankfurt; third army battled in Frankfurt and Hanau and by German account, neared Wuertzburg; seventh army expanded Mannheim bridgehead.

The Russian front: Russians spearhead within 23 miles of Austrian border; German resistance collapsing from the Danube to Lake Balaton in Hungary; Komarom menaced; Danzig being cleared, grim battle raged in Gdynia, on the Baltic.

The Italian front: Gen. Mark Clark said German retreat would come eventually, warned patriots to be ready; front quiet.

The Pacific front: Carrier planes reported to have sunk or damaged scores of Japanese vessels in Ryukyus attacks as enemy said invasion was on; Americans on Cebu in Philippines advanced on island's capital; advanced east of Manila on Luzon; enemy reported new raid on Tokyo.

# MEN AND WOMEN IN SERVICE

**FOUR KENO BOYS HOME**

KENO—Four of Keno's boys have been home on furloughs in the past two or three weeks, and one left for induction into the service.

PFC Carl Morgan recently visited at the home of his parents, Mr. and Mrs. Muri Morgan, and other relatives. Morgan was on furlough leave and at the end of his leave he was to report at Fort Meade, Maryland. He expects to be sent overseas soon. Mrs. Morgan accompanied her husband and on the return trip stopped in Wyoming where she will remain with her parents.

Cpl. Stanley (Lewis) Hull, son of Mr. and Mrs. Stanley Hull, now living at Fairhaven on the Klamath Falls highway, was visiting at home last week on "seabarkation" furlough. Cpl. Hull has been stationed at Washington D. C. He was visiting friends in Keno during the week. Lewis graduated from Keno high school.

Benjamin E. Kerns Jr., son of Mr. and Mrs. Benjamin E. Kerns, who now live at Harbor, Ore., visited at the homes of his sisters, Mrs. Ralph Johnston and Mrs. John Lilly on the Klamath Falls-Keno highway a couple of weeks ago. Kerns has just received his commission as an officer in the army air corps. Ben is a graduate of Keno high school.

Lt. Lester V. Wilson visited briefly in Klamath Falls last week, with his two sisters. His father, Perry Wilson of Keno also visited with him there. Lester graduated from the Altus army air field at Altus, Okla., on March 11, 1945, and received his commission as second lieutenant in the army air corps at that time. Lt. Wilson's wife accompanied her husband on his trip. Wilson completed his high school education at Keno.

Kenneth (Bub) Ramsey, son of Mr. and Mrs. Leonard L. Ramsey, left for Fort Lewis, Wash., on March 18, to be inducted into the army. This is the fourth of the Ramsey boys, to enter the service. "Bub" has lived the most of his life in Keno.

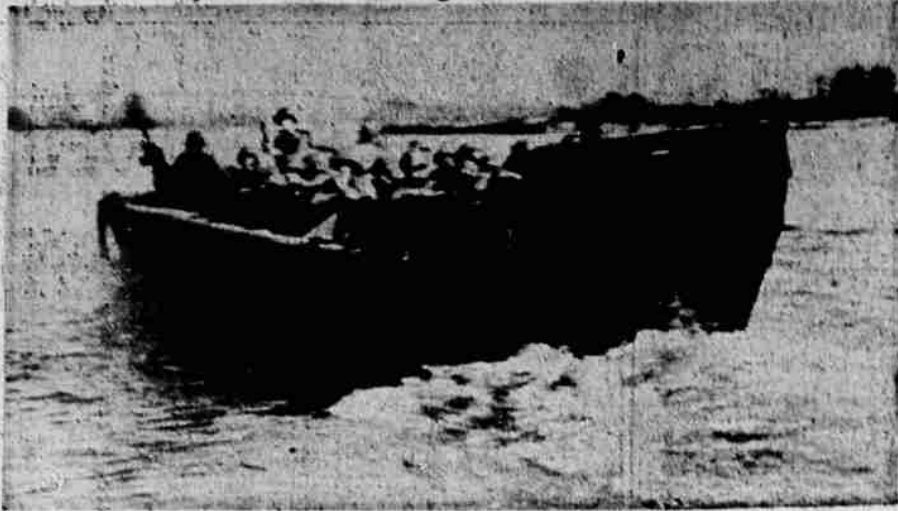

Mrs. Shirley Sanders received word from Lt. Gen. George C. Kenney, U. S. army, that her husband, S/Sgt. John L. Sanders of the army air corps has been awarded the Air Medal for his participation in aerial flights in the southwest Pacific area from October 7, 1944, to January 3, 1945.

The letter to Mrs. Sanders stated that the honor was given for "the courageous service to his combat organization, his fellow American airmen, his home, his country and you."

Mrs. Sanders lives at Algoma with her two young sons, Harvey Gebe, 2 1/2 years, and David Lee, 1 1/2 months.

# Navy-Manned Landing Boat Crosses Rhine

A navy LCVP (landing craft vehicle, personnel) manned by men of a navy task force, carries the first 3rd U. S. army troops across the Rhine river. Mainly veterans of D-day in Normandy who volunteered for this particular job, the officers and men of the navy operated LCMs and LCVPs which were dragged on trailers over damaged roads and through narrow village streets for the operation, which is virtually a second D-day intended to knock Germany out of the war. (U. S. Signal Corps photo by radio-telephone).

# NAVY INCREASES QUOTA FOR WAVES

The navy's Wave quotas have been increased recently, according to A. C. Freisen, recruiter in charge of the Klamath Falls navy recruiting station, permitting the acceptance of applicants here.

Radar men are still urgently needed in the navy and this valuable training is available for 17-year-olds who enlist now.

With the war on both fronts progressing with a rapid pace, men are still needed in the armed forces, and there are no immediate changes in the recruiting program, according to Freisen.

During the next three months, according to a statement issued by the navy, quotas will be

filled from the 21 to 38-year-old bracket of the selective service, the army taking the 18 to 20-year-olds with the exception of those applying for radar and combat aircrewman training.

Young men interested may apply in the navy recruiting office of the federal building to take the Eddy test for radar training.

**AT LONG LAST**

SPRINGFIELD, Ill., March 28 (AP)—Every day for the last two weeks Marine Lt. Philip N. Jones, stationed at Pearl Harbor, telephoned St. John's hospital here—asked the same question, hung up disappointed.

But he finally got the news he was after. His wife gave birth to a boy, Philip Jr., nine pounds, eight ounces.

Montezuma, the last Aztec emperor of Mexico, never saw "Montezuma's Castle," the vast cliff dwelling in central Arizona which was inhabited about 800 years ago.

**We'll help you keep YOUR Tires in Service**

Helpful Associated Dealers will (1) inspect tires and check air weekly, (2) advise you when recapping is necessary and (3) if you have a grade one certificate, equip your car with new FISK TIRES—built for dependability and long wear.

# Lumber Prices To Be Rolled Back

WASHINGTON, March 28 (AP)—The OPA today directed its regional and district administrators to restore used lumber prices to specific "reasonable levels."

Acknowledging that the "freeze" at each dealer's March, 1942, maximums had failed to control prices, Price Administrator Chester Bowles said in some areas prices of used lumber have skyrocketed to levels exceeding ceilings of equivalent grades of new material.
