NEW METHOD OF PRODUCING ALCOHOL FOUND

SEATTLE, April 18 (AP)—Discovery of a method of producing butyl alcohol from sulphite liquor and complete utilization of this wood pulp by-product was announced today by Dr. Bror L. Grondal, professor of forest products at the University of Washington, and Maj. Henry W. Berger, research chemist.

Two years research, they said, resulted in finding of an economical, practical process which the scientists expect will answer one of the biggest problems of the forest industry.

The Times, in a report of the new process, said its results would include:

A way to eliminate wastage of 50 per cent of every log cut in forests of the northwest for pulp mills, and elimination of water pollution through dumping of sulphite liquor.

A new, cheap source of butyl alcohol from sulphite liquor, for the plastics industry, and the synthetic rubber industry.

A completely new kind of fuel, extracted from the sulphite liquor in the form of a heavy, insoluble "fuel precipitate," with heating qualities of wood and the appearance of finely cracked coal.

A new source of yeast fodder for the dairy farmer.

Poor Digestion? YES NO
Headachy? ☐☐
Sour or Upset? ☐☐
Tired-Listless? ☐☐

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.

Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable.

Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.

Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 25¢.

Army Orders Strict Check on Japanese

TULELAKE—A closer check on Japanese residents of the Newell center who pass between the compound and the WRA area has been ordered by the army, according to an announcement made to those living in the project. The instructions were given when it was learned that because of leniency of guards at the gate, passes of Japanese employed in the WRA area have been misused.

Bus Drivers Quit In Santa Monica

SANTA MONICA, April 18 (AP)—Striking Santa Monica bus drivers, whose sudden walkout yesterday deprived thousands of war workers of transportation, will be paid off today or tomorrow and new men hired, City Finance Commissioner D. C. Freeman said.

Sixty-five bus drivers quit because the city of Santa Monica would not recognize the Brotherhood of Railway Trainmen as their bargaining agents nor guarantee that two rush hour split shifts be worked in a 10-hour span.

Freeman said the city could not guarantee these demands under its charter. The strikers refused compromise offers of Federal Conciliator Edward F. Fitzgerald.

Tax Program Snarled In California Senate

SACRAMENTO, April 18 (AP) Senate refusal to separate the issue of state subsidies to cities and counties from that of tax reduction left Gov. Warren's tax program snarled in the legislature today.

In declining to reconsider the amendments it had voted into the governor's measures to extend the $100,000,000 cuts in the personal income, sales and bank and corporation franchise taxes another two years, the upper house apparently passed over to the assembly the task of harmonizing the difference of opinion between the administration and the proponents of state financing of postwar projects of local governments.

NEW C IN C ADDRESSES SERVICEMEN

WASHINGTON, April 18 (AP) President Truman recalled the death and misery he saw in the last war to assure the nation's fighting men there will be no faltering in this one.

Addressing the armed forces and the nation by radio last night, the new commander-in-chief declared:

"I have done as you do in the field, when the commander falls. My duties and responsibilities are clear. . . . These duties will be carried on in keeping with our American tradition.

"As a veteran of the first World war, I have seen death on the battlefield. . . . I know the strain, the mud, the misery, the utter weariness of the soldier in the field. And I know his courage, his stamina and his faith in his comrades, his country and himself."

Terming President Roosevelt "a far-sighted statesman and a real friend of democracy," Mr. Truman said "All of us have lost a great leader. You have lost an old friend."

Nearly ten million acres of American forest is now tree farms, dedicated to continuing forest crops.
