

# FIVE INJURED IN CAR CRASH; FISHER DROWNS

(Continued from Page One)

reportedly riding on the trunk at the rear of Cole's car, but officers did not learn the names of two of the youngsters.

The Klamath Ambulance service was called and moved three of the injured to hospitals. Cole is reported suffering from chest injuries. His condition is fair, hospital attendants said late today. Cole has been with Weyerhaeuser since the mill opened here.

**Head Injuries**  
George Russell, route 3 box 405, city, also a Weyerhaeuser employe, has head injuries and facial lacerations, but his condition was not considered critical.

The condition of the Sharples child, son of Mr. and Mrs. Wesley M. Sharples of route 3 box 458, was said to be fair. The boy has neck injuries, a possible broken shoulder, cuts and bruises. It is understood that the boy asked Cole for the ride as the elderly watchman resides near the Sharples home.

**Turned Car**  
McFarland told state police that he saw Cole leave the Miles service station and drive toward Klamath Falls. McFarland was en route to Weyerhaeuser. Cole approached, McFarland told officers, he turned directly in front of the truck, apparently on a dirt road home.

Officers arrested Cole on April 16, charged the elderly man with no operator's license and no vehicle license. Officers said they told Cole he was not

to drive his car in the future. Following last evening's accident, state police said further charges would be placed against Cole, including failure to give right-of-way and no driver's license.

**Lip Torn Away**  
Donald Bayless, 16, son of Mr. and Mrs. Ralph Bayless of Modoc Point, lost his entire lower lip Tuesday when a mother dog, apparently frightened when the child looked in on her pups, struck at the boy.

Donald entered the little shack where the mother dog and her pups were kept. The mother dog leaped on the boy and inflicted the severe injury which, the child's physician said today, would require plastic surgery. The boy is a patient at Hillside hospital.

**Not Indicted**  
William L. Crawford, 18-year-old who was to report last night for induction into the armed forces, was unable to join the group leaving from Klamath Falls, because of a 22-caliber rifle wound in his left foot.

Crawford suffered the injury when a companion accidentally discharged the rifle, sending the bullet through Crawford's arch, the slug emerging from the sole of the shoe. The youth was admitted to Hillside hospital at 2:30 a. m. Tuesday. His condition is reported as good. Crawford's parents are Mr. and Mrs. Irvin Crawford, 1417 Worden.

This was the second gunshot wound due to carelessness reported here within one week. Rev. James Gellar, Dorris, is recovering from a 22 bullet wound in the back suffered last Saturday afternoon at Dorris.

**Painter Falls**  
Painful injuries were sustained at 3 o'clock Wednesday afternoon by George Bretthauer, 61-year-old painter, who fell 18 feet from a scaffold while at work in the corridor of the United States National bank.

Bretthauer, employed by the Alvin Davis Paint shop, was moved by the Klamath Ambulance service to Klamath Valley hospital. The attending physician said Bretthauer's injuries included a badly fractured right arm, several broken ribs and other hurts. Bretthauer lives at 4922 Summers lane.

Earl Ritchie, 49, employed at the Klamath Dehydration com-

# TRAILERS ADD TO SANITATION PROBLEM HERE

House trailers are causing a sanitation problem here, according to city police, when parked and used for living quarters without proper sewage connections.

Owners of trailers are advised that this procedure is a direct violation of a city ordinance and that plumbing facilities must be connected and in working order. Numerous complaints have been lodged and owners of trailers are warned that if the situation is not remedied, arrests will be made.

**Dr. L. D. Gass, Medical Dental** building, and Byron Mull, route 3, Klamath Falls, were involved in a traffic collision at 11th and Worden yesterday. Slight damage was incurred and no arrest was made by police.

Francis D. Duncan, 231 Broad, was arrested for running a red light at 11th and Main. He was cited to appear in police court this morning.

Two drunks and one drunk and disorderly conduct case appeared in court this morning and five additional drunks bailed out.

A party, 522 S. 6th, was reported recovering satisfactorily today from a heat stroke suffered at the plant late Monday night. Ritchie was pulled from the tunnel by fellow employes and rushed to Hillside hospital. He was able to return to his home, 421 Market, late Wednesday, the attending physician reported.

# HIGH SCHOOL News Notes and Comment

By JUANITA SHINN

At long last, after much hard work on the part of many of the students and adults who have been willing to help the students attain their goal of a high school teen-age club, it is finally ready. Its grand opening is to be this Saturday night. Two large rooms have been built in the east end of the armory in which room for dancing, coke bar, table games, and just sitting down to talk have been made available.

Tickets have again gone on sale—this noon in the hall, and tomorrow in the students' room.

Tomorrow night is that long-awaited date for the annual Girls' League Spring Formal dance. Dancing to music furnished by Baldy's band will take place from 8:30 until 11:30 in the boys' gym. High school girls may invite escorts from out of school so long as they are signed

in on the guest list in Mrs. Alice Howard's office. Mrs. Howard is the dean of girls.

A great deal of campaigning has gone on within the portals of Klamath high during the past week. Much debating has taken place as to who is the best man for the job of president of the student body. Several of the candidates for the general offices have had cards printed, posters and signs have been posted in every conceivable location in the building, and campaign managers have spent every waking hour talking up his candidate. A student body meeting will be held next Monday prior to the election on Tuesday, at which time each candidate will have an opportunity to speak for himself before the entire student body.

The three University of Oregon students who spoke in the assembly yesterday stated afterwards that this had been their largest audience, and they were appreciative of the excellent response given by the students.

Various members of the U. of O. speech department travel over the state each year discussing current issues. They stated that the manpower shortage has finally given college women an opportunity to appear before audiences. Formerly only men

students participated in the forum programs. Before the tours are over, each member of the forum knows the others' speeches so well that they often trade speeches from time to time.

They were well received by the students, perhaps because of the fact that they are students themselves, or perhaps because of the fact that they knew their subject—the Dumbarton Oaks Peace Plan, so thoroughly. At any rate, they brought a clear and more thorough understanding of Dumbarton Oaks to students and faculty alike.

# Ernie Pyle to Be Buried Alongside GI Companions

(Continued from Page One)

Louis J. Vespolo of Corona, Long Island, N. Y., and "Patsy" J. Rubino of White Plains, N. Y.

One of the last things Ernie said about the front was: "Life up there is very simple, very un-complicated, devoid of all the jealousy and meanness that float around a headquarters city."

Pyle recently told friends on Guam, Marianas islands, that he

had a premonition something might happen to him in the operation, but despite their suggestion he remain there, the little columnist continued with the invading force.

**Report True**  
I got the first report of his death from a G. I. on the Ie Shima beach who said, "Is it true Ernie Pyle was killed?" I hurried to an approaching general and before I could ask the question he said, "Yes, it's true." It was impossible, however, to relay the news immediately, since naval headquarters forbade any mention of it until it had been cleared officially.
