

MEXICANS AVAILABLE IN TULELAKE AREA

TULELAKE—No Mexican labor will be available for the spring season. The area farmers will have to make do with the California prisoners of war who are being released by the War Relocation Authority. The area farmers are already having a shortage of labor at the time of the release of 175 has been requested for 750 additional on the order for the Mexican labor for the fall harvest period. Although no such labor has been given that they are available for the potato season. The commanding officer of the camp, believes that the present camp quarters can accommodate 750 and it is necessary to establish a camp nearer Tulelake before the release of approximately 1000 prisoners of war. The ground is progressing on the release of approximately 1000 prisoners of war.

Many people have had a carry-over of vegetable seeds from the war. The question is, "Will old seeds grow?" Some seeds retain their vitality longer than others. Vegetables may be divided into three groups as follows:

Good for one to three years: corn, onions, parsley, parsnips, peas, rhubarb and garlic.

Good for 4 to 6 years: asparagus, beets, brussels sprouts, cabbage, carrots, cauliflower, celery, kohlrabi, lettuce, peppers, radish, spinach, tomato, turnip and squash.

Good for from 7 to 10 years: cucumber, eggplant, endive, muskmelon, mustard and watermelon.

The life of any seed depends on how the seed has been stored and cared for. Seed stored under dry conditions and away from insects and rodents, will usually retain their germination as given.

The cut worm is the early worm and he usually causes severe damage to early planted vegetables. Get your bulletin on cut worm control.

Spring days are great days, and there is to do, too few to list. However, said a beautiful Spring day is almost glad he get help. He had to own plowing and he enjoying every day of it.

WEEKLY MARKET TREND

By J. R. McCAMBRIDGE Assistant County Agent

A little more should be said about fertilizers. Use manure if you can get it, and if you can't, then use the commercial fertilizers. Sometimes it is a good plan to use commercial fertilizers by side-dressing, even when manure has been incorporated into the soil. Remember that commercial fertilizers are concentrated and too much can be worse than too little. Make sure it does not come in contact with the seeds or plants.

Another point is that the most good is obtained from commercial fertilizers on soils that contain plenty of manure or organic matter. The question has been asked, "How much commercial fertilizer should one apply in side-dressing vegetables?" The answer is: for rows about two feet apart, use about one pound of "6-10-4" to each 25 feet of row, applied about two inches from the rows of seed and below the depth of the seeds. Or, it could be put another way, A garden 30 to 50 feet would take about 30 pounds of fertilizer.

Now another question arises. That is, "What do you mean by '6-10-4'?" All fertilizer formulas are expressed in this manner: The first number is the pounds of nitrogen, the second the pounds of phosphoric acid, and the third number is the pounds of potash per 100-pound sack of fertilizer. The balance is made up of carrier material.

Many people have had a carry-over of vegetable seeds from the war. The question is, "Will old seeds grow?" Some seeds retain their vitality longer than others. Vegetables may be divided into three groups as follows:

Good for one to three years: corn, onions, parsley, parsnips, peas, rhubarb and garlic.

Good for 4 to 6 years: asparagus, beets, brussels sprouts, cabbage, carrots, cauliflower, celery, kohlrabi, lettuce, peppers, radish, spinach, tomato, turnip and squash.

Four-H News

COOKING CLUB

The Merrill Cooking club meeting was brought to order by Jean West. The role was called by Mrs. West and Carol Winter read the minutes of the last meeting. The meeting was then turned over to Mrs. West who gave a demonstration on deviled eggs.

Following a serious discussion of ways to help the salvage drive, the meeting was adjourned.

Jean West, News Reporter.

SEWING GROUP

The Ambitious Sewing club held its meeting in the fifth grade room March 14, 1945 at the Henley grade school. The meeting was called to order by our president, Donna Dixon. We had a song and yella. Mrs. Kelly and the girls will look over their sewing and it will be judged next meeting. Refreshments were served.

Jean Tucker, News Reporter.

BREAKFAST COOKERS

The Sixteen Breakfast Cookers met at the cafeteria in the Merrill grade school March 28, and we had a short business meeting. Then the meeting was adjourned and turned over to our leader Mrs. T. O. Wheeler, and Mildred Petrik and Kathleen O'Keefe demonstrated how to make sandwiches. They made date and cream, carrot and nut and egg and bacon sandwiches.

Kathleen O'Keefe, News Reporter.

SECOND MEETING

The Ambitious Sewing club held its meeting Wednesday, May 28, 1945 in the fifth grade room at the Henley grade school. The meeting was called to order by Donna Dixon. We had the roll call and a song and yell. After that we judged the sewing.

Jean Tucker, News Reporter.

CLUB STARTED

The Mallin 4-H Beef club started December 3, 1945. The officers are: Illyse Smalley, president; Jerry Smalley, vice president; Nancy Jenkins, secretary; Carl Rajnus, news reporter. Other members are Gerald Dickson, Orval Dickson, Catherine Wilson, George Rajnus and Stuart Renzel. We hold our meetings every other Sunday at 2:00, at different members' homes, taking turns. Our calves are getting along fine and they are making good gains in weight.

Carl Rajnus, News Reporter.

SIX SILLY SEWERS

At the seventh meeting of the Keno 4-H Sewing club, Mary Layton, president, called the meeting to order and led 4-H club pledge and flag salute. Mrs. Helen Martin, the local leader, took over the meeting and bags and dresser scarfs were discussed, but it was decided to judge them at the next meeting. After instructions were given about the next project, a wall hanging, Joy Simmers and Velma Borough led a snappy 4-H yell.

Before dismissing, June House and Dolores Heiderer led a popular 4-H song.

Patsy Ward, News Reporter.

AMBITIOUS SEWING CLUB

The Ambitious Sewing club held its meeting in the fifth grade room at the Henley grade school April 11, 1945. Some of the B girls' sewing was looked over. The girls have about one or two things to make. The sewing will be exhibited May 3, 1945. The club does not know if the judging will be held at the schools or fairgrounds. The next meeting will be April 25, 1945.

Jean Tucker, News Reporter.

Jews in Misery, Says Relief Leader

PORTLAND, April 19 (AP)—A Jewish relief leader said here today that millions of Jews throughout the world were in almost inconceivable misery.

Dr. Jonah Wise, New York rabbi and former leader of Temple Beth Israel, said that the American Jewish joint distribution committee has its greatest load in 30 years.

He quoted a telegram from a Red Cross delegate stating that there are 150,000 needy Jews in Budapest and that thousands more are reappearing daily from deportation, labor and concentration camps.

Wool Market

Domestic wools were very low in the Boston wool market the past week, according to a report from the wool market. Manufacturers' continued to keep inventories of domestic wools at a minimum.

Very little selling of territory wool was reported during the week. A whole line of fine spinning staple wools moved at 47.2 cents for fine and fine-medium; 48.2 cents for three-fourths and quarter-blood; and 49.3 cents for low-quarter, all grass basis.

Newly shorn wools arriving in Boston are better than last year's corresponding wools in 1944 and 1945, probably because of discounts enforced last year.

In primitive totemic dances of central Australia, it was not uncommon for performers to be killed if they made a mistake.

The waltz, most popular of the 19th century dances, came from Germany though several other countries claim it.

Memorial Held for President Roosevelt

TULELAKE — In an impressive memorial service, residents of the Tulelake community paid tribute Saturday afternoon to the late President Roosevelt. The service arranged by Marvin Thomas, commander of Tulelake post, No. 104, American Legion, members of the post and the auxiliary was held in the Marcha theatre. Assisting were enlisted men of the U. S. army and navy.

Dr. David J. Ferguson, pastor of the First Presbyterian church of Merrill, paid tribute to the late president and the invocation and benediction were given by Rev. Hugh L. Bronson, pastor of the Tulelake Community Presbyterian church.

Colors were advanced and received by members of the military guard of Camp Tulelake.

Olene

Mrs. O. L. Brown has been spending the past two weeks in Klamath Falls at the home of her sister, Mrs. Henry Grimes. Mrs. Ida Grimes, another sister, is in Klamath Falls also, as this enables them to be near their father, B. S. Grigsby, who has been seriously ill in a local hospital. Grigsby is now showing some improvement.

Mrs. Rose Laux, a former resident of Olene, now residing in Portland, is visiting friends and relatives in Klamath Falls.

Mr. Eggers is very busy remodeling the cabins on his property. The property is the site of the Olene store.

Mr. and Mrs. "Bud" Kinney of Eureka, Calif., were visitors last week at the Rowe Kinney home. They were accompanied by Donna Kinney to Sprague River, where they visited a day with Oliver Kinney.

Mr. and Mrs. Frances Brotherton, who are employed on the Harold Dehlinger place, are the parents of a baby boy.

Mrs. Curtis Gebhart and Mrs. Marion Barnes were hostesses at another in a series of pinocle parties sponsored by members of the Lost River grange. The party was held at the Olene community hall on Saturday evening, April 7. There were nine couples in play throughout the evening. High score for the ladies went to Virginia Masten, second to Jean Masten. High for the men went to Gene Reiling and second to Basil Brown. Refreshments were served by the hostesses, assisted by other members of the grange.

Mrs. Bill Garriott entertained on Tuesday at her home on Laguna street with a birthday dinner for her father, Marion J. Barnes. Those present were W. B. Barnes, Mrs. Carmel Hartin, Mr. and Mrs. Marion Barnes, Bill Garriott, Avenil and Billie Garriott, Mrs. James Barnes was ill and unable to attend.

Cpl. James M. Barnes, son of the Marion Barnes, is now in southern Italy with the 131st air force. Barnes is an armor gunner on a B-24 Liberator.

There is a very interesting letter in the Western Livestock Journal for March, written by Sgt. Bill Marshall, youngest son of Mr. and Mrs. A. L. Marshall, who is now stationed in New Caledonia with headquarters company, South Pacific base command.

Mr. and Mrs. James Cornett of Klamath Falls are the parents of a baby boy, born on April 16. Mrs. Cornett will be remembered as the former Harriett Bruner, daughter of Mr. and Mrs. Boyd Bruner. This is their second child, the eldest being a daughter, Linda.

Malin

The Malin home extension unit held the last meeting of the year at the Malin high school early in April with Mrs. Winnifred Gillen giving a demonstration on "Short Cuts in Sewing." Officers for the coming year were elected with Mrs. Austin Terry to serve as president.

Poe Valley

Mrs. Hallie Haines papered her rooms and also laid new linoleum on the floor this spring. The constant cold weather and snow flurries kept the farmers here from putting in their spring crops as yet.

Warren Roberts called on Johnny Nork on Tuesday night. Mr. and Mrs. Glen Kester are having some new windows put in and also some other improvements in the house.

Mr. and Mrs. Joe Nork and son, John, and Mr. and Mrs. Ben Nork and son, Benny, were visitors at the home of Mr. and Mrs. Jim Glover in Langell Valley on Sunday.

Web Van Meter and children, Louise and Dale, were visitors here from Klamath Falls on Monday evening.

Hallie Haines is not very well at the present writing. Clarence Webber is doing some plowing on the Archie Roberts ranch.

Mr. and Mrs. Ben Nork were here on Monday from Langell

During these days of food shortages— GET 5 GREAT BENEFITS FROM KELLOGG'S ALL-BRAN

KELLOGG'S ALL-BRAN is extra rich in protective food elements you need

IN these days when many foods are short, make sure your family gets protective food elements it needs for good nutrition. Serve the delicious breakfast cereal, KELLOGG'S ALL-BRAN, which helps provide these 5 great benefits:

- 1. IRON**—to help make good red blood. Nut-sweet KELLOGG'S ALL-BRAN actually gives you 3 times as much iron as whole wheat. One ounce provides over 1/2 of your minimum daily iron needs.
- 2. OTHER MINERALS**—to help build bone and teeth. Ounce for ounce, ALL-BRAN gives 4 times as much phosphorus as whole wheat, and nearly three times as much calcium.
- 3. VITAMINS**—to help guard against deficiencies. ALL-BRAN provides 3 times as much B₂, 4 times as much niacin, and just as much B₁, as whole wheat!
- 4. PROTEIN**—to help build body tissue. Quality is of great importance in protein. And KELLOGG'S ALL-BRAN provides protein of high quality.
- 5. GENTLE REGULATION.** ALL-BRAN is a famous regulating cereal. Millions of people eat it regularly. Satisfactory laxation usually results from eating one ounce of ALL-BRAN daily and drinking plenty of water. ALL-BRAN provides these important benefits because it is made from the vital outer layers of wheat.

KELLOGG'S ALL-BRAN is made from the Vital Outer Layers of finest wheat. Nature concentrates protective food elements in the skin of many fruits and vegetables. This is true of wheat, too. Wheat's vital outer layers (from which KELLOGG'S ALL-BRAN is made) are more abundant, ounce for ounce, in many essential food elements than whole wheat itself.

ALL-BRAN is triple-milled for golden softness. See that your family does not lack its 5 great benefits. Serve them KELLOGG'S ALL-BRAN regularly.

Give your family the 5 great benefits of this nutritious cereal!

"We enjoy ALL-BRAN many delicious ways!"

So say thousands of women, who find that crisp and crunchy ALL-BRAN is a delight as a cereal in itself—that it adds zest to other cereals when it is sprinkled over them—and that it is wonderful in cookie, ALL-BRAN muffins are the really something to cheer about. Simple recipe is on the package. Try 'em. Get ALL-BRAN at your grocer's. Made by Kellogg's in Battle Creek

Kellogg's ALL-BRAN

Made from the VITAL OUTER LAYERS of finest wheat
