

Sewer, Jail Issues To Be Placed On Special June Ballot

At a meeting last night the city council ordered that resolutions and ordinances be passed placing the construction of a new city-county jail and the construction of a trunk line sewer on S. 6th and through Mills addition on the ballot of the special election scheduled for June 22.

A special levy was proposed of one mill for two years amounting to \$19,200 for the sewer and another levy of 14 mills for three years amounting to \$36,000 for the proposed new city-county jail.

The motion was made by Councilman Rollin Cantrall and seconded by Councilman Paul Landry and passed unanimously.

Heated Words

After a somewhat heated discussion a motion was made by Cantrall and seconded by Landry, authorizing Police Judge Harold Franey to cooperate with

the county clerk and the persons involved in the proposed annexation to the city of the territory that lies between Shasta way, Washburn way, and the O. C. and E. railroad, in requesting the voters to prepare a list of the people involved in the annexation.

The motion was passed unanimously by members of the council over the protest of Mayor Ed Ostendorf, who claimed that the listing would be soliciting votes.

Cantrall then moved that all cost of the June 22 special election be charged to the emergency fund. Landry seconded the motion and it was passed without dissent.

Wants More Light

Gregory Foley, director of the USO here, appeared at the meeting and requested that a new street light be installed at Main and 11th and Walnut. He also asked that the candle-power of the lights between Main and Klamath on 11th and between Klamath and Walnut on 11th be increased. The council referred the matter to the traffic safety committee. In his request, Foley stated that the street leading from Main to the new USO center on S. 11th was too dark to be safe.

W. E. Brightman appeared at the meeting and asked that the sewer on Grant be dug deeper. He stated that the sewer was dug up when the city graded the street and asked that it be lowered in case the street was ever paved. The proposal was referred to the street committee with power to act by the council.

Matter Referred

A letter was read by Judge Franey from Dr. Peter Rozendal, county health officer, requesting that the old excavation in the vacant area near the Klamath Falls creamery be filled as trash accumulates there. The council referred the matter to Henry Perkins, city attorney.

A request to install a parking zone in front of the Lincoln Street grocery was read by Franey and referred to the zoning committee by the council.

Councilman Landry introduced a resolution favoring the establishment of a federal court to be held annually here, and asked that copies be sent to Oregon congressmen in Washington D. C. It was seconded by Cantrall and passed.

Storage Asked

Fred Heilbroner was present at the meeting and asked permission to store slabs on five vacant lots on Broad. He was advised by the council that he must file a petition as that zone is under local option.

May Taylor, 510 N. 7th, appeared at the meeting and asked permission to construct two double garages with apartments above on property on N. 7th. The request was referred to A. W. Downs, city building inspector.

Councilman John Keller moved to adjourn until Monday at 4 p. m. It was seconded by Landry and unanimously passed. The meeting will be held in order to pass the resolutions on the sewer and city-county jail and of ordinances on the same projects. There will be no regular meeting of the council since it will be the fifth Monday of the month.

Two Men Held On Robbery Charges

PORTLAND, April 24 (P)—Two men tracked down within nine hours were held in jail today on charges of holding up the owner of a Portland drug store and fleeing with cash and \$200 worth of narcotics.

James Mason, 33, of Alberta, Canada, who fled at the agents' approach, was arrested a few hours later by Portland police. Mason and his wife, suitcases loaded, were entering a taxicab in another part of the city. Police said he was a former inmate of Oregon state penitentiary.

About \$200 in cash was recovered by the druggist, George Goss, set his loss at \$600. The drug store was robbed early yesterday.

Brinkhoff, who had been working in Sacramento, Calif., for several months, was returned here last Wednesday on another charge, forgery.

DES MOINES, Ia., April 24 (P)—If Iowa highway patrolmen, who patrol the state in squad cars, want arch preservers, they'll have to buy 'em.

Tax Adjustments May Come After V-E Day

WASHINGTON, April 24 (P)—Chairman Doughton (D-N. C.) of the house ways and means committee expressed hope today of some "tax adjustments right after V-E day."

Doughton talked taxes with reporters after a White House call on President Truman, but said his discussion with the president did not relate to that subject or to other legislation.

"It was just a personal, courtesy call," the 81-year-old North Carolinian told newsmen.

Doughton said a joint congressional committee on postwar taxation was getting together all the information possible upon which to base tax adjustments for individuals and business "when the time comes that we can do something."

OPA Limits Farm Slaughtering

PORTLAND, April 24 (P)—In an effort to boost livestock receipts in federally-inspected plants, the OPA today had limited farm slaughtering for sale to butchers in the Portland district.

The limit for the remaining quarters of the year was set at the amount of dressed meat sold in the first quarter. Farmers who did not slaughter in 1944 may market up to 400 pounds if they register with the OPA.

Police Seek Sex SLAYER OF CHILD

SEATTLE, April 24 (P)—Seattle police conducted a wide-spread search for a man termed by Coroner C. L. Harris a "sexually depraved fiend of the lowest type"—the person who killed 5-year-old Irma Armine McGeough and hid her body beneath a rug in a salvage warehouse bin.

Detectives said three arrests had been made and the persons taken into custody held for investigation, but that the "principal suspect" still was at large.

A carpenter searching through the bins in the warehouse yesterday found the body of the child, who disappeared Sunday night. The coroner said the girl had been beaten, ravaged, smothered.

She was the daughter of Mr. and Mrs. James Arthur McGeough, who came here from Portland, Ore., recently and were quartered temporarily in an apartment at the salvage center. They saw her alive for the last time Sunday night when she left the house to look for two older sisters who had gone to a nearby grocery store.

Gov. Snell and Alaska's Gov. Ernest Gruening were introduced to the California legislature yesterday en route home from the governors' conference in Reno.
