Surrender To Yanks, Britons Only Specified

LONDON, April 28 (AP)—Heinrich Himmler was reported today to have offered unconditional surrender to Great Britain and the United States, but Prime Minister Churchill in a special statement declared that only unconditional surrender to all three big powers would be accepted by the allies.

The prime minister neither confirmed nor denied reports that surrender had been offered to the two western allies, but not to Russia.

Churchill declared: "It has been reported by Reuters that unconditional surrender was offered by Himmler to Britain and the United States only. Further that Britain and the United States have replied saying they will not accept unconditional surrender except on behalf of all the allies including Russia.

"RUMORS RIFE"

"No doubt at a time like this all kinds of reports of proposals for German surrender from various parts of the German Reich are rife, as these are in harmony with the enemy's desperate situation.

"His majesty's government has no information to give about any of them at this moment. But it must be emphasized that only unconditional surrender to the three major powers will be entertained, and that the closest accord prevails between the three powers."

Unofficial reports of a German unconditional surrender offer to Britain and the United States were published prominently in the British press today.

The allied-controlled Luxembourg radio, as heard by the FCC, said Heinrich Himmler had offered surrender.

"Here is a special message," the broadcast said. "The following message has been conveyed to the foreign ministers of the United States, Great Britain and Russia:

"Heinrich Himmler has sent a message in which he guarantees that he will remain loyal to the German people and will not surrender to the British, Americans or Russians."

The Reuters dispatch said the information was received from officials attending the San Francisco conference. These officials, Reuters said, confirmed previous Reuters reports that the Gestapo head had made a surrender offer and that the offer had been made through Stockholm channels.

It was explained here by Reuters that what was meant when Himmler said Hitler would die was that Hitler is now very sick and an announcement of Germany's unconditional surrender would be such a shock as to cause his death.

U. S. FIRST ARMY, Germany, April 28 (AP)—Hans Goebbels, brother of the German propaganda minister and himself a high ranking Nazi, was taken into military custody today by infantrymen.

The brother of Dr. Paul Joseph Goebbels was arrested at his home in the conquered Ruhr at Millrath.

Apparently anticipating the arrest, Goebbels had two suitcases packed when troops knocked at his door. He looks like his brother.

Whether it could be achieved in time for an invitation to be represented here was doubtful.

A session of the conference steering committee, which started out roughly enough, ended in a round of handshaking and backslapping yesterday.

Three Armies Out of Jobs As Result of Allied Link

PARIS, April 28 (AP)—The historic junction of American and Russian forces in Germany left at least three armies temporarily out of jobs today but there still was much fighting to be done before the war in Europe could be considered over.

Frontline commanders believe organized warfare may wind up in a matter of weeks, but supreme headquarters, officially pessimistic, says it can last for several months.

Two Fronts

The fighting in Germany now has been separated into northern and southern fronts.

In the north, Berlin is falling, but several Baltic ports remain to be overrun, as well as Denmark and Norway. In the south, two major pockets are shaping up—one embracing the enemy's so-called Bavarian redoubt, the second in Czechoslovakia. A meeting of American and Russian troops in Austria, possibly

Small Nations Challenge Big-4 World Domination

By JOHN M. HIGHTOWER

SAN FRANCISCO April 28 (AP)—More closeknit themselves, the Big Four managing this United Nations conference today ran into a small nation challenge of a world organization dominated by major allied war victors.

Spokesmen for Australia, Belgium and Bolivia urged more responsible roles for the world's smaller states. Their action signalled the long expected effort to shift the balance between the great and the small.

Committee Expands

One immediate success of this pressure was expansion of the conference executive committee from 11 to 14 members. Now the small-state group aims at increasing the memberships on the world security council beyond the 11 proposed at Dumbarton Oaks.

As constituted by the 46-nation conference, the executive committee includes the Big Three, China and France, which are to have permanent security council seats, and these other countries: Australia, Brazil, Canada, Chile, Czechoslovakia, Iran, Mexico, Holland and Yugoslavia.

Reds Compromise

Restoration of harmony among the big powers brought the conference into its fourth day with prospects for success brightened by Russia's demonstrated willingness to compromise.

Some delegates even hoped for a reorganization of the Polish-Warsaw government along lines acceptable to Britain and the United States.

REVOLT FLARES IN MUNICH AS GI'S CLOSE IN

Attempt to Set Up New Government Reported

By AUSTIN BEALMEAR

PARIS, April 28 (AP)—The third and seventh armies closed today to within 27 and 25 miles of Munich as broadcasts and Swiss border reports indicated that Nazi resistance was tottering to a complete collapse.

Broadcasts from Munich where Adolf Hitler staged his attempted beer hall coup in 1923 said a revolt had broken out in that Nazi citadel and had been suppressed only partially. Swiss border reports said Walther Funk, president of the Reichsbank, and Field Marshal von Brauchitsch had led an ill-fated attempt to set up a new government at nearby Salzburg where they declared the "German army is capitulating" and urged Germans to avoid further bloodshed. This latter attempt was squelched, the reports said.

Third Advances

The third army drove forward up to 13 miles on an 85-mile front and one column stabbed to within 27 miles of the city on the west.

Other troops of Gen. Patton's third army plunged across the Czechoslovak border at a new place, entering Karlbach, 34 miles southwest of Pilsen, and advanced to within 22 miles of Bachau.

Augsburg, third city of Bavaria, fell to Lt. Gen. Alexander H. Patch's troops. The seventh (Continued on Page Two)

Yanks Reach Swiss Border, Cut Nazi Escape From Italy

By MAURICE MORAN

ROME, April 28 (AP)—American troops, striking across the Po valley and into the Alps, reached the Swiss border today and cut off all northwestern Italy from exits to Germany, the Milan national liberation radio reported.

The Americans earlier had spearheaded close to Bergamo, 125 miles southwest of the Brenner pass and 30 miles from the border in a swift dash to outflank Milan, 26 miles to the southwest. This placed the fifth army almost at the southern tip of Lake Como.

East Gains Made

A first armored division spearhead that seized the Ghedi airport near Bergamo in a 31-mile advance moved on the field so fast a German sergeant assigned to blow the installations was captured before he could touch off a fuse.

On the Ligurian coast a special task force entered Pontremoli, 20 miles north of La Spezia, en route to Parma, allied headquarters disclosed.

Enter Genoa

Other fifth army troops smashed into the great port of Genoa. The "free" Milan radio declared German commanders were endeavoring to negotiate a general surrender of their hopelessly trapped forces in northern Italy.

(A broadcast by the partisan radio at Busto Arsizio in northern Italy, recorded by the FCC, said patriot forces had "linked up" with allied troops north of the Po and that all roads leading to the Brenner pass had been "barred".)

French Obstruct Allied Drive

PARIS, April 28 (AP)—A supreme headquarters statement today declared the French first army was obstructing the allied drive southeast against the Nazi redoubt by its persistence in continuing to occupy Stuttgart.

The statement said sixth army group headquarters had asked the French 1st army to move out of the city, capital of Wuertemberg, which the French captured.

At latest reports, the French still were there—backed by the French council of ministers which voiced disapproval of the request on grounds that the Big Three had not taken any action on France's postwar occupation zone claims in southwest Germany.

Graziana Taken By Italians

By The Associated Press

Capture of Marshal Rodolfo Graziana, war minister in the puppet north Italian government of Benito Mussolini and former commander of the Italian forces in north Africa, has been announced by Italian patriot headquarters in Milan, a broadcast recorded by the FCC said today.

The station identified itself as "the voice of the Italian national liberation committee."

British Armor Speeds Nearer Rangoon In Burma

By LEONARD MILLIMAN

Associated Press War Editor

Japanese propagandists today forecast another American invasion stemming from Okinawa where three U. S. infantry divisions fought through tortuous terrain to the northern edges of two battle-scarred airstrips on the island's southern front.

In the day's most sensational action, a British armored column sped 56 miles through southern Burma to within 62 miles of Rangoon. Against equally light opposition the U. S. 24th division drove another 10 miles through the Apo mountains of Mindanao in the southern Philippines, coming within sight of the Davao gulf. Japanese stubbornly defended mountain positions on three northern Philippine sectors.

Nazi Torture Re-Enacted

German civilians will be allowed a diet one-third as bountiful as that of the American soldier and only slightly more than half as generous as the standard set for liberated Europe. Average German rations will total 1150 calories.

Day's News

By FRANK JENKINS

THIS is rumor day in the news. Himmler is said to have offered to surrender to the Americans and the British if we'll get the Russians out of the country. The correspondents who reported this news are not completely questioned. Churchill said it, and the guarded nature of his answer indicates that it is probably true.

There is no equivocation, however, in Churchill's statement as to what will be done. Unconditional surrender to the allies, he says, will be accepted.

He says, of course, would we split us off from the Russians start a fight among us at moment of victory. It costs nothing to try.

they fail—well, they have failed anyway, and nothing can be done about it.

Curfew Won't Ring Tonight

The curfew doesn't ring here any more.

The old bell at the city hall that used to toll out a warning to Klamath juveniles to hie for home still hangs in the belfry, but it's as noiseless as an equal amount of scrapiron in the junk yard.

When the curfew was set at 10 p. m. a number of years ago, policemen rang the bell at 9 o'clock to warn youngsters of the approaching deadline. When the curfew was changed to 11 o'clock, bell-ringing was discontinued.

Police feel that the sound of the bell now would cause more disturbance than it is worth. So, in Klamath Falls, curfew doesn't ring tonight.
