

GOOD WEATHER DOES FARMERS IN PLANTING

For a fortnight of favorable weather has produced in the Klamath basin the early grains have been including wheat, rye and barley and oats. Peas are getting potato planting is getting underway.

Normal conditions this year according to reports from the Agricultural Agent C. A. Henderson, dryness has been reported however, due to the less normal rainfall during the past year. Total rainfall for April was 4.6 inches which was less than the average for the past year.

James of the farm labor office made a tour out into farming districts Tuesday Wednesday and reported to need cutting in progress of the cellars in the hill area. No calls for cut have come into his office this season, due to farmers being the same help they need last year. As the cutting season, however, and more is required, James expects to see cutters who have registered at his office.

For James reports, the labor situation seems to be about even with the availability of help meeting growers' demands. Growers are encouraged to housing for workers' families and board and room to laborers as far as possible. It eliminates time-wasting in help, and insures consistent help for the laborer.

Flourish in suburban communities of Klamath Falls, and in many vegetable gardens are well above already.

Flashes of Life

HEAP QUEER
CHOCOTAW Okla., May 3 (AP)—PFC. Jesse Thomas says the Filipinos were nonplused when he wouldn't talk Tagalog with them. He finally convinced them that he wasn't a Philippine native but a full-blooded Chocktaw Indian from Oklahoma.

PANIC IN PANTS
GREAT FALLS, Mont., May 3 (AP)—A shoplifter grabbed a pair of trousers from a store counter, eluded police and sprinted down the alley and through another store—where he left the stolen pants and an old pair, his own. The only answer Officer Fred Peres can think up is that the thief brought the old ones along for size, to make sure the loot fitted.

ALLERGIC
SEATTLE, May 3 (AP)—Clem A. Perrin, a welder, won a divorce in superior court when he testified his wife's hair aggravated his asthma.

LEGS IS LEGS
GARDEN CITY, Kan., May 3 (AP)—Daniel L. Osborn is suing the oil company employing him for compensation of injuries allegedly resulting from the fracture of his wooden leg in an oil field accident. Osborn, a truck driver, says his fellow employees repaired the leg with a clamp and that he continued to work, causing soreness and blisters on the stump of his natural leg.

Land Swap May Be Suggested In Alaska

VANCOUVER, B. C., May 3 (AP)—A land swap which would put an infinitesimal crimp in the 99-year-old boundary between the far western United States and Canada and add a strip of land to the map of Alaska may be suggested, the Vancouver Sun said yesterday by the government of British Columbia.

In a dispatch from the capital city of Victoria the newspaper said the residents of Haines Alaska—north of Juneau in the narrow "Panhandle" of the territory "want a road connection with the rest of Alaska." In southeast British Columbia, civic groups seek a strip of land for a "Victory highway" connecting Rossland and Cascade.

RUBINOFF TO APPEAR HERE IN CONCERT

"Rubinoff and his magic violin."

This is the next feature attraction for Klamath Falls music lovers who remember with pleasure the performance here of Rubinoff four years ago.

The violinist will play at the Pelican theatre Thursday, May 10, at 8 p. m., sponsored by the Klamath Falls Lions club. Universally recognized as America's outstanding popular violinist,

Rubnoff will present a program ranging from light classics to boogie-woogie. Originally brought to this country by Victor Herbert, and later a protegee of John Phillip Sousa, Rubinoff sky-rocketed to fame on the Eddie Cantor radio program. Since then he has played to millions of enthusiastic fans over the air and on the stage.

As usual, Rubinoff will play his famous Stradivarius violin. His program will include "Intermezzo" from the picture of the same name, Victor Herbert's "Sweet Mystery of Life," and a Carnegie hall concerto, and other classics as well as popular melodies.

COLORADO SPRINGS, Colo., May 3 (AP)—Merton B. Robbins meant it several months ago, when he announced he would close his store for Hitler's funeral. The store didn't open yesterday. "We might as well get him buried," he said.

Marysville Doctor Purchases Hospital In Dorris

DORRIS — Butte valley residents now have a physician, Dr. C. R. Drader, formerly of Marysville, who has purchased the Lumbermen's hospital building and equipment and will practice medicine here.

With three lumber mills operating at top speed and numerous ranches as a constant source of industrial accidents, the community will welcome the services of a physician. Dr. Drader is the first physician to practice here since October 1, 1944, when Dr. E. S. Peeke, who operated Lumbermen's hospital, accepted a hospital position in San Francisco.

In the period since October 1 persons in need of medical attention have had to seek the services of Klamath Falls or Yreka physicians.
