Baldock Uncertain As To Date For Road Building Plan

SALEM, May 10 (P)—State Highway Engineer R. H. Baldock said today he has no idea when construction may begin on the state's \$36,000,000 three-year post-war highway program.

He also said there isn't a man in the United States who knows. Construction probably will begin, he said, when unemployment reaches such an extent that jobs are needed, but it is impossible to make even a reasonable guess as to when that might occur.

There had been some hope that the program could begin soon after the war in Europe.

Raver Asks Rapid Peace Changeover

PORTLAND, May 10 (P)—Plans for rapid changeover to peace-time production must be made now by small manufacturers if the west is to hold its own in the reconversion race, Bonneville Administrator Paul J. Raver said today.

Declaring the Pacific northwest will need \$7,700,000 of line hardware within three years, Raver announced a display of hardware materials needed by Bonneville which could easily be manufactured by small plants in this area. The exhibits will be arranged in Seattle, Spokane, Wenatchee, Walla Walla, Eugene and Portland.

KAISER ENTERS HOMES INDUSTRY

SAN FRANCISCO, May 10 (P)—Henry J. Kaiser announced today that he had gone into the home building industry to turn out houses that would sell for \$4000 to \$5000 at a monthly payment rate of less than \$30.

The name of the new organization will be the Kaiser Community Homes. Kaiser will be chairman of the board of directors. The president will be Fritz B. Burns, west coast homebuilder. The firm will have a capitalization of \$5,000,000.

Kaiser, telling a news conference that today was his 63rd birthday, said he expected to be turning out the homes before year's end.

His organization's intention, he said, is to build not only homes—which will not be prefabricated—but entire communities of homes.

Fisher Sentenced On Weapons Charge
Richard C. Fisher, route 3, Klamath Falls, who was arrested by city police in the Pastime cafe charged with carrying concealed weapons on Saturday, May 5, was fined \$150 or 75 days in the county jail today by Justice of the Peace J. A. Mahoney.

Construction Set For Office Building

SALEM, May 10 (P)—Construction of the \$1,500,000 state office building to be built across the street from the capitol will begin as soon as materials and manpower are available, the state board of control said today after approving architects' plans for the building.

The structure will be faced with marble, will be five stories high, and to be 220 feet long and 140 feet wide.

Funds for construction will be borrowed from the common school fund, and will be repaid by rentals of offices using the building.

The starter gear failing to mesh with the flywheel is the cause of a great majority of automobile starting trouble.

CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster—Now her Backache is better
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eye, headache and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
