NEED FOR LABOR TOLD BY ALMETER

In a wire to Jack Almeter, local office manager of the United States employment service, L. C. Stoll, state manpower director, said that there will be no slackening in the critical need for workers in Oregon until late autumn or next winter.

"The WMC and USES agencies, together with management, labor and the entire community, has the toughest production schedules still to meet," he said, basing his statement on information just received from the military high command in the nation's capital.

Stoll expressed considerable alarm over the thousands of workers leaving Oregon as the result of V-E Day, adding that the war with the Japs can be won sooner if everyone stays on the job. "The exodus of workers can mean only one thing—delayed deliveries on production schedules of the utmost urgency."

He concluded his wire to Almeter with the statement that "the delay of one day in furnishing war material to fighting Americans in the Pacific is pure sabotage. The WMC and USES reiterates again that the program will be long drawn out to victory. We all must continue to produce to capacity, and not be misled by any premature statements because the war is not over."

Robbers May Have Trouble With Loot

PORTLAND, May 11 (AP)—Robbers who took loot from the home of William McPherson probably regret their rash action by now, the owner reflected today.

He hopes the thieves had trouble carrying off his piano and couldn't spend the stolen money—$40 in Russian and $150 in Mexican currency.

"... We Here Highly Resolve
That these dead shall not have died in vain!"
The fight to bring Germany to her knees cost U. S. Arms
732,270 Casualties
Killed 139,498
Wounded 467,408
And to the more than 950,000 American losses in all theaters since Pearl Harbor . . . we must solemnly resolve to stay on our war jobs until they are done!
We will not quit when only one war is won
IN THE WORDS OF THE IMMORTAL ABRAHAM LINCOLN---WE MUST ALL RESOLVE THAT
"It is for us, the living, rather to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us, that from these honored dead (and the men wounded in action, missing and prisoners of war) we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain; that this nation, under God, shall have a new birth of freedom, and that government of the people, by the people, for the people shall not perish from the earth."
Remember Pearl Harbor! - - - -
we still have another war to win!
