GI Bill Of Rights Termed 'Fraud' By DAV Official

CHICAGO, May 16 (AP)— An official of the disabled American veterans said today that the GI bill of rights "is the biggest fraud ever thrust upon the American public and the American veteran."

Capt. Cicero Hogan of Cincinnati, assistant national adjutant of the DAV, said in an interview, "there is more misinformation handed out regarding veterans' laws and benefits than on any other subject known, except the income tax."

Capt. Hogan made his remarks preceding his talk to the national association of personnel directors, which sponsored a conference on assisting veterans and war workers on problems of current and post-V-J Day job selection.

"The GI bill guarantees a $4000 loan to the veteran, $2000 of it guaranteed by the federal government," he said. "The veterans' administration wrote into the bill a list of qualifications which so emasculated it that I have yet to see an American veteran who has been successful in obtaining a loan on his home.

"If a veteran can meet the requirements of the veterans' administration, he can get a loan whether he ever wore a uniform or not. The 20 pages of regulations effectively bar easily 90 per cent of the loan applicants, and I defy any banker or loan agent to meet the requirements and still make a living."

Hogan estimated that approximately 800,000 disabled men have returned to civilian life in this war.

Sue Hayworth, Montgomery Ward, $1406.25.
Kasper Moty, Moty and Van Dyke, $4312.50.
I. J. Olson, J. J. Newberry, $468.75.
C. E. Banning, Pacific Supply Co-Op, $3000.
Robert A. Mitchell, Pelican Bay Lumber, $64,500.
Rodger Gilbert, J. C. Penney, $1312.50.
J. B. Cronin, Pacif. Tel. & Tel., $3300.
Ted H. Reeves, Safeway Stores, $4687.50.
Ronald Fisher, Sears Roebuck, $2662.50.
Michael Theisen, Link River Lbr., $6750.
Lloyd Rowland, R. L. Smith Lumber, $5025.
W. C. Hughes, Southern Pacific, $120,000.
Bert Farris, Superior Troy Laundry, $1500.
A. D. Collier, Swan Lake Moulding, $1443.75.
Charles H. Mack, Weyerhaeuser, $101,-906.
L. A. Campbell, F. W. Woolworth, $468.75.

Glaze Mill Blast Demolishes Building

TACOMA, May 16 (AP) — An explosion in a glaze mill making black powder at DuPont, 15 miles southwest of here, demolished the building at 7:35 a. m. today, F. T. Beers, manager of E. I. DuPont DeNemours and company's plant, announced.

Possibility that one man lost his life in the building was being checked, he said. The man normally would have been the only employe in the building at the time, Beers said. He estimated the damage at about $10,000.

Banker Raps State Record In Mental Care

PORTLAND, May 16 (AP)—Oregon's record in care of its mentally ill was rapped by E. B. MacNaughton, Portland banker and civic leader, before the Oregon Mental Hygiene society here.

He declared only three states spend less per mentally ill persons. He put Oregon's figure at $163, slightly higher during the war, against a $300 national average. Wisconsin's high is $572.

MacNaughton said 1811 patients were admitted to the state's hospital last biennium but that only 97 were discharged and only 289 improved, "a lower rate than for better hospitals." He blamed lack of facilities, appropriations and personnel.

LAKE ASSURED OF DRAINAGE PROJECT

LAKEVIEW — Lake county has been virtually assured of the Goose lake drainage project, when the U. S. bureau of reclamation sent word to County Judge J. R. Heckman that it would match county and state monies with an equal amount of federal money. This makes $18,000 to be used in the surveying of streams, drilling of dam sites and other necessary work to control the streams in the valley.

According to the bureau, field surveys will be conducted this summer and fall, but the actual drilling of dam sites cannot be undertaken until 1946.

After the surveys are completed, estimates of the actual amount of construction and work to be done to control the valley streams and flood waters will be made, and the biggest portion of this work will be carried out as a postwar project.

This controlling of the waters will be a big boon for ranchers and farmers, as the early spring run-off can be held back and stored for irrigation purposes to be used when the moisture is needed. This would also mean that more marginal land around Goose lake could be reclaimed and put to pasture.

REALLY HAD TROUBLE

OPAL, Wyo., May 16 (AP)—While Alex Beragnolli was making an adjustment on it, his car caught fire. A gunny sack used to beat the flames ignited. Alex threw the sack away—and it landed on a five-gallon can of gasoline. The can exploded and Beragnolli's clothing ignited from the flaming gasoline.

A passerby then extinguished the flames with a fire extinguisher.

But There Were Two Water Buffaloes

EUGENE, May 16 (AP)—The desk sergeant pictured another drunk when a voice said over the telephone:

"Come and help that man in my front yard move his two water buffaloes."

But it wasn't so. An animal trainer had lost his way back to a circus train.

Building Of 60 Homes Authorized

ASTORIA, May 16 (AP)—The national housing agency has authorized building of 60 private homes here, partially for use of fishermen and cannery workers, the chamber of commerce said today.

Forty homes will be for sale and 20 for rent or owner occupancy. Maximum sale price will be $7500 and rent ceiling $55 monthly.

Poor Digestion? YES ☐ NO ☐
Headachy? ☐ ☐
Sour or Upset? ☐ ☐
Tired-Listless? ☐ ☐

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.

Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable.

Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.

Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 25¢.

No Defense Adequate Against V-2 Bombs

SEATTLE, May 16 (AP)—Although allied forces had the original V-1 flying bomb "whipped," Rene MacColl, director of the press and radio division of the British information services in New York, said last night "we had no adequate defense against the V-2s."

If the European invasion had not come when it did, he added, "I don't see how a single city in the British Isles could have survived."

"Death was really stalking the streets. Five or six times a night you'd hear a tremendous explosion as one of the bombs hit, followed a few seconds later by a second report when the charge detonated. Then, possibly 30 seconds afterward, you'd hear a 'whoosh,' caused by the fact that the bomb had outstripped the sound of its own passage."

Hospital Trains To Transfer Patients

TACOMA, May 16 (AP)—Two 17-coach hospital train units are en route to Madigan medical center here to transfer patients to other general hospitals nearer their homes, Col. W. C. Jenkins, commanding officer, disclosed yesterday.

Sufficient personnel to provide one nurse for every car, a doctor for every two cars and four attendants per car will man the units.

TO AMERICA'S FIGHTING SONS AND DAUGHTERS... ETERNAL GRATITUDE

With Victory in Europe comes a Challenge

GM GENERAL MOTORS

From those who have served their country on far-off fields of combat, we have now received the first priceless gift of Victory . . . and with this Victory a challenge!

For from these men who have sacrificed so much—and from the other millions who have backed their efforts by carrying on so effectively their appointed tasks at home—comes the demand that *total* victory and *final* peace, through triumph over Japan, shall bring them the opportunities for which they fought and worked—the opportunities to live, progress and prosper.

Here is a challenge to us all—a challenge to see to it that the road to realization of these natural human ambitions runs smooth and straight.

We of General Motors believe that what is good for our country and our countrymen is good for General Motors; and that there are time-tried and unfailing guides upon which Americans can depend.

They can be described in terms of certain simple "articles of faith":

Faith in America and in America's future—a future of expanding, useful productivity and ever higher standards of living.

Faith in the rightness and benefits of individual freedom and individual enterprise.

Faith in the principle that there can be no rights without responsibilities—no privileges to enjoy without duties to perform.

Faith in work, as the forerunner of reward—in incentive, as the kindling spark of productive energy—in opportunity to serve a need, as the first requirement to provide a job.

Faith in the American way of doing things, by which each person, each organization, each industry, each business must take its place—and be granted that place—according to ability and capacity—in one great, coordinated, inter-geared system of living, working and contributing to the national welfare.

Faith in America's progressive instinct and in the things which serve it—science, research, engineering, technical knowledge and skill.

Faith in the rights of great and small alike—and of the importance of each in a free, peaceful and productive nation.

Before us lies one immediate, definite task—more important than all others—to defeat Japan.

With the first big obstacle to final victory removed—it is not too soon, we think, to face the challenge of that peace which our fighting men will have won so dearly.

We believe the principles which we have stated are those with which the challenge must be met.

We believe that if we follow these principles—with stout hearts and willing hands—America's future will inevitably bring *better things for more people.*
