## New Pine Creek

The Kelly Creek grade school will celebrate its last day on the evening of May 24 on the evening of May 24. There will be a school supper promptly at 7 o'clock at which all patrons and members of the school district are invited. Graduation exercises and a program will follow the supper.

Those who came were Eugene Peterson, Richard Lee Lawson, Mrs. Turpin, Betty Cannon, Mrs. Cannon, Barbara and Anna Fisher, Elsie Turpin, Kenneth Thompson and Robert Thompson.

After spending a few days of pleasant showers, which, if it were known it, were in the nature of a "Beware, the deluge is to come," Jupiter Pluvius let it out the main head-gates and down came the water.

Where starting in earnest, rain began to pour down on the day evening here and never stopped until the early afternoon of Sunday. Torrents of mud-laden waters boiled down the pipe creek, tossing about molecules of water in a skillful hot grease, spilling out every possible side outlet making some new ones.

The banks, which had come through the streets of the town on mad and unrelenting waves, had been left in by neglect at the well, installed last year at the old Baker property and rocks filled in the up ahead of it, backing the up until it practically ran the damming there, now owned by James V. Jay, and under the main head of water came down through town.

ly creek, likewise, was on rampage and came down the lane by Cambron's, cut the highway like a mad from a victorious fight, scattering rocks and debris on the way without regard for traffic, and sparing no mercy in his choice garden spot at the man ranch. Such is the roughshod manner of ferocious valleys with silt from main slopes but long ago had learned to take the and debris with the silt, and the calm with the calm flow of life and the bit of the sweet.
