FBI Asked To Aid In Prisoner Wire Fraud

ALBANY, June 5 (AP) — Parents of an American soldier homeward bound after two years in a German prison camp today had asked the FBI to apprehend the sender of a telegram seeking to bilk them of $75.

The family of Gail Sorensen reported receiving a telegram from Los Angeles last week stating their son was there en route home and needed $75. They sent $90.

They became suspicious when they received a war department telegram the next day notifying them that their son soon would land in the United States from Europe. Gail telegraphed them yesterday that he was in New York. Telegraph company officials said the money will be refunded.

It has been reported that for the first time in the history of the corps, the United States Marines will have two aircraft carriers of their own—to be presented to them soon.
