SUPREME COURT HEARS TAX SUIT

SALEM, June 6 (AP) — The state supreme court heard arguments today on a suit brought by Oregon Business and Tax Research, Inc., to invalidate the 1945 local budget law.

The firm, which seeks to restrain Secretary of State Robert S. Farrell Jr. from including the law in the published 1945 session laws, is appealing from a ruling by Circuit Judge George R. Duncan of Marion county, who declared the law valid.

The firm contends the law is invalid because amendments passed by the legislature were not included in the final draft of the law. Judge Duncan, however, ruled that the law is valid because the senate and house journals show it was passed properly.

The suit has delayed publication of the session laws.

PASTOR TRIED TO JOIN NAVY, HELD BY NAZIS

By GEORGE PALMER

NAPLES, June 6 (AP)— The Rev. Martin Niemoeller, protestant clergyman who was imprisoned by Hitler because of his anti-nazi attacks, says that despite his prosecution by the nazis he vainly attempted to enlist in the German navy at the outbreak of the war.

Niemoeller, who served as a U-boat commander in the first World War, said in an interview yesterday concerning his reason for attempting to reenter the submarine service:

"You must take me for what I am. My sons were out fighting and dying for me and I think a father should die for his sons."

One of the Lutheran pastor's sons was killed on the eastern front, another was wounded and a third is reported missing.

Niemoeller said he could not believe that Hitler—who personally ordered him arrested and placed in a concentration camp, was dead and expressed the opinion the fuehrer might have attempted to escape to Japan by U-boat.

(A dispatch from Berlin today by Joseph W. Grigg Jr., representing the combined American press, quoted a high Russian military source as saying that a body found in the German capital had been identified with fair certinty as that of Hitler.)

Liberated by American soldiers and now classed as a "displaced person" after spending eight years in prison camps for attacking nazism from his Berlin pulpit, Niemoeller said yesterday:

"I read recently that a U-boat had been reported taken with German officers aboard, who were believed trying to escape to Japan. It may be that Hitler (also) was trying to escape and for that reason the nazis announced he was dead."

Niemoeller, who called himself "Hitler's own prisoner and personal enemy," said he would not believe Hitler is dead until and unless "a reliable witness has seen the body."

Of the German people, Niemoeller said they "like to be governed and live under some authority" and as a whole "don't like to mingle in politics." However, he said the Germans had suffered badly and found themselves victims of nazism like others, which might make them "a little more cautious." It remained possible, he added, that they were "incapable of living under a democracy."

Niemoeller said his opposition to Hitlerism was based on religious grounds and that he was not primarily interested in politics.

Asked for his views on communism, Niemoeller said he had "great personal esteem" for communists.

"Maybe there is a sort of life for Christians under communism," he added. "We shall have to wait to see."

Auto License Plates Slated For 1946

SALEM, June 6 (AP) — Oregon's 1946 motor vehicle license plates will have black numerals on grey background, the same combination that was used in 1938, the state department said today.

Motor vehicles now are using their 1942 plates plus a sticker issued each year, since the steel shortage has prevented the state from issuing new plates each year since the war started.

Many of the 1942 plates now are so battered that the state department felt it must issue new ones next year.

Each motor vehicle next year will be issued one plate, to be attached to the rear, and a windshield sticker to validate the plate.

GREAT FALLS, Mont., June 6 (AP) — Officer Fred Peres gets his man one way or another.
