## London Hails 'General Ike'

Gen. Dwight D. (Ike) Eisenhower, the Kansas farm boy who led the Western Allies to victory in Germany, stands on London balcony to acknowledge huge ovation given him after he was awarded honorary freedom of the city amid cheers from scores of thousands of Britons. Beside him is Prime Minister Winston Churchill.

## HOSPITAL REOPENS WITH NEW WORKERS

The Klamath isolation hospital, Summers lane, which has been closed for the past two months, reopened this week, Dr. Peter Rozendal, public health officer, announced.

The hospital was closed when Mrs. Ethel Millar resigned, and it was impossible to get efficient help immediately to replace the staff.

Mrs. Margaret Calahan, who was with the hospital a few years ago, has returned to Klamath Falls and is the nurse in charge now. Mrs. Olga Riley, who has also been with the hospital before, completes the present staff.

One case of tuberculosis is being treated at the hospital at the present time.

## Camera Stolen From Parked Automobile

Another mark was added today to the fast mounting number of petty burglaries about the city, when Belle Gillings, 422 N. 5th reported a theft.

Mrs. Gillings told police a camera had been stolen from the glove compartment of a car when it was parked at 9th and Pine.

Four drunk, one disorderly and one vagrant case were heard in police court Friday morning. One drunk bailed out.

## Defends Petain

In a book published in Montreal, French professor Louis Rougier, above, says that aged Field Marshal Henry Philippe Petain, instead of being a traitor as now charged, kept France and the French fleet from going over to the Axis while he headed the Vichy government.

ALBANY, June 15 (AP)—U. S. employment service officials estimated today that Albany needs a 300 per cent increase in workers to can all the food coming into processing plants.

With no housing available for additional workers, the U. S. employment service appealed to housewives to go to work. Processing plants have asked for 402 more hands.

## Committee Kills Bill For Adoptions

SACRAMENTO, Calif., June 15 (AP)—Servicemen who feared a proposed law in California would permit infidelity among soldiers' wives to flourish, unknown to their husbands, may rest easier.

The California judiciary committee, at the request of the bill's sponsor, killed it after the assembly had passed it.

The measure was designed to enable mothers of illegitimate children to have the children adopted without the husband knowing about it. The state's welfare department had urged passage of such a law to remove the stigma of illegitimacy from the children. Editors of the GI newspaper Stars and Stripes heard of the bill and protested vigorously.

## 91-Year-Old Named Queen Of Reunion

PORTLAND, June 15 (AP)—Mrs. Harriet McKay McKearnan, 91, was named queen of the 73rd reunion of the Oregon Pioneers association, which drew 15 of the state's original "old-timers."

Mrs. McKearnan, who remembered her first reunion 30 years ago, was a queen once before—as an 18-year-old girl at the Washington county fair.

In 1900 the meeting was attended by 2000 pioneers. Dr. Jasper L. Hewett was reelected president at yesterday's reunion.

## Walla Walla Vets Have Few Complaints

WALLA WALLA, June 15 (AP)—Only two of the 429 patients of the Veterans hospital here had any complaint, according to Rev. H. H. Black of Tacoma, state American Legion chaplain, after he toured the institution yesterday, and these two said only that food was not seasoned to their taste.

At the same time it was announced that Lt. Col. J. J. Beatty, recently praised in a Legion report for doing an "outstanding job" at the Walla Walla hospital, has been ordered to Livermore, Cal., to assume temporary charge.

The report, which the Legion intends to submit to congress, said treatment at the hospital here was far in excess of that in other northwest hospitals but that efficiency was impaired by the need for making all decisions through Washington, D. C.

**SLUDGE**—the gummy deposit you see in this mirror—forms inside car engines as a result of wartime driving conditions.

It fouls piston rings—gums up valves—chokes oil lines—ruins costly bearings. And now that more gas is being made available, permitting more normal driving, sludge will become doubly damaging.

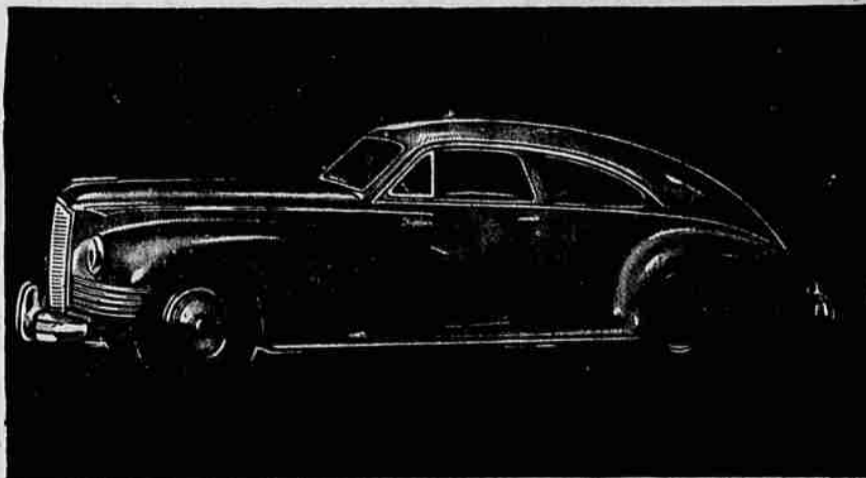

Many a motorist has found out about sludge too late. The result: a repair bill of several hundred dollars—or a car consigned to the junk pile.

No car, today, can escape engine sludge. But your Packard dealer can quickly tell

you, by means of a simple "Mirror Test" on the valve chamber of your engine, whether excessive sludge is strangling your engine and piling up trouble and expense for you in the months ahead.

If it is, he can eliminate this dangerous condition at very small cost. At the same time, he will check those two other hidden danger points—brakes and steering gear.

So drive in today. A check-up now may prevent a serious accident—and keep your car running until that distant day when you can buy a new one.

Ask the man who owns one . . . Keep this in mind, when new cars come back again: A wartime car-owner survey shows that Packard cars, among all those studied, have stood up better—required less frequent repairs—and Packard owners have spent less on service.
