## 27 CARS FOUND WITH INADEQUATE BRAKES

Announcing results of the local police department's participation in the nationwide brake check program, which ran from April 15 to June 1, Acting Chief of Police Orville Hamilton today said his department had checked 81 cars and found 27 with brakes inadequate. This represents 33 per cent of the cars checked, the chief said.

The nationwide brake emphasis program was sponsored by the International Association of Chiefs of Police for the purpose of calling the driving public's attention to the importance of periodic checks of brakes in the interests of accident prevention and vehicle conservation.

The program in Oregon was headed by Chief Harry M. Niles of Portland, as state coordinator, with the safety division of the office of Robert S. Farrell, secretary of state, acting as field representative. Police departments in Oregon cities checked a total of nearly 8000 private passenger cars during the campaign and of this number, 14 per cent were found with inadequate brakes. In most cases, police checked brakes only on private passenger cars stopped during routine traffic enforcement activities, though in some instances, special brake check stops were made.

**New Analgesic Tablet**  
 (Pain Reliever)  
 now released to public

Thousands find it gives quicker, safe relief from headache—from pains of sinus, neuritis, neuralgia and arthritis

FOR MANY YEARS aspirin has been accepted by both the medical profession and the public as a safe, sure way to relieve pain. But many people who had complete confidence in aspirin did not find it gave as quick relief from blinding, maddening pain as they hoped for. Hence in desperation they sometimes turned to other remedies less well proved.

To meet this situation a group of medical research men set out to see what could be done to speed up the analgesic or "pain-killing" action of aspirin—to make it bring their patients quicker relief, without heart or stomach upset.

Out of these researches came a really new kind of analgesic tablet, a combination of aspirin and calcium glutamate. In this new tablet, aspirin does its old, safe job of relieving pain. But through its combination with calcium glutamate, extensive tests by physicians showed it gave most people both quicker relief and greater relief from pain.

After this extensive testing and use by members of the medical profession as a prescription remedy, this new analgesic tablet has now been released for non-prescription sale by every druggist. It is called Superin (from super-aspirin). You can get its big, quick relief from pain by asking your druggist for a bottle today—30 tablets for 39¢. Ask for Superin-Superin. Prepared by Carter Products, Inc., New York.

## Raymond Paxton Wounded in Action

LAKEVIEW—Word received this week from the war department by Mr. and Mrs. Frank Paxton that their youngest son, PFC Raymond K. Paxton, was wounded on Mindanao, May 11. Paxton is with the 31st Infantry and recently his division defeated a force of 600 Japs on the Sayre National highway, in the first meeting engagement in the Pacific war.

## Conservation Group Holds Meeting

LANGELL VALLEY — The Langell Valley Soil Conservation group held its monthly meeting at the district office on June 9. A new land plane has been added to the equipment. Since January, 1945, 210 acres have been leveled, 430 acres planned, and 24,716 feet of drain has been dug. The rain and wet weather prevented operations much of the time, especially during May.

**Birth Announced**—Word has been received here of the birth of a son, Teddy Arthur, to Mr. and Mrs. Fred Nichol of Seattle, Wash., and formerly of Klamath Falls, on Monday, June 18. Mrs. Nichol is the former Agnes Green of this city. This is their third child.

## POSTAL INSURANCE RULINGS CHANGED

A new ruling on postal insurance fees has been announced by Burt E. Hawkins, Klamath Falls postmaster. Effective July 1, Hawkins announced, no post office record will be kept for parcels on which the minimum insurance fee is paid. Fees range from 3 cents on \$5 value up to 25 cents on \$200 value.

No record will be kept on packages valued at \$5 after July 1. The mailer is advised to fill in receipts with complete name and address of addressee, for making claims in case of loss. If packages are damaged or spoiled or partial loss sustained, a wrapper bearing post office stamp "Insured Minimum Fee" may be submitted in making claims, if receipt is not available.

No indemnity will be paid on damage to fragile merchandise, or spoilage of perishable goods, resulting from absence of required endorsement, unless sender's receipts are endorsed by the accepting postal employees showing packages containing fragile or perishable articles.

## Jackson County Sheriff Dies

MEDFORD, June 18 (AP)—Syd I. Brown, Jackson county sheriff for the last 11 years, died at his home here last night after a long illness.

The county court said a successor would be appointed in two or three days.

Brown leaves the widow, three daughters, and a son, now serving on Iwo Jima. Funeral arrangements are awaiting word from the son.

## War Contracts Fall Off, Reduce Payroll

SALEM, June 18 (AP)—Falling off of war contracts has reduced Oregon's industrial payroll, the state industrial accident commission said today.

The payroll in May was \$40,903,999, compared with \$52,051,683 in April, and \$46,845,439 in May, 1944.

The total payroll for Multnomah county industries in May was \$27,204,390, about \$9,700,000 less than in April, and \$6,000,000 less than in May, 1944.

## LACK OF CHAINS, ANTIFREEZE SEEN

All owners and operators of automobiles, motor trucks and busses who will be using tire chains and anti-freeze of permanent type during the winter months of 1945 and 1946 are warned that there is and will be a continuing shortage of these important items.

Steel will continue tight during the balance of the year, anti-freeze will be scarce and hard to get.

It is, therefore, suggested that all operators of automotive equipment place their orders immediately with their suppliers so that they may be assured in-
