

VOTERS URGED TO VOTE FOR SCHOOL BILLS

Klamath county and city voters were urged to go to the polls on June 22 and 23, by Fred Peterson, county school superintendent, Arnold Grallup, city school superintendent, and W. A. Padgett, principal and legislative chairman of the Klamath county council of PTA. The executive board meeting of the council was held June 15 at the home of Mrs. Frank Peyton.

Grallup urged a yes vote on June 22 on section 300 pertaining to college buildings, and 302 urging the need for revenue for public schools. This measure is backed by the Oregon State Teachers association, the Oregon Congress of PTA and the Klamath County Council of PTA.

Peterson urged a yes vote for the state property tax and public school support measures. Harold Hendrickson, county juvenile officer, favored a yes vote on all school measures, explaining that the school stimulates voluntary attendance and lessens juvenile problems. Hendrickson revealed that the juvenile department needs extra help and office space, as well as a car to make possible prompt investigation and preventive measures.

E. E. Hamrick, city recreation director, asked a yes vote on all school measures as a cooperative plan for city development. Hamrick stated that parents should awaken to the present needs and stated that blueprints of future swimming pools and parks do not keep today's children out of mischief or benefit them in any way. He stressed the importance of a recreation program in the campaign against juvenile delinquency.

It was announced that children may register for swimming instruction which is now in progress at the natatorium, or at Mills summer play school. Boys between 8 and 13 should register at the city hall for camping at Lake of the Woods on August 12 to 19, and girls from 10 to 18 years of age for the following week. There is a 50-cent registration charge and the fee is \$9.50 for a week of supervised camping instruction. Hamrick made a plea to the parents to help find a truck that will be available to haul equipment to the camp.

Mrs. T. C. Parker, representing the Klamath County Public Health Association, Inc., expressed the need not only to control tuberculosis but to eradicate it. A mobile unit, expertly equipped, will be available this fall. State-wide coverage is planned and it is felt that education is needed to arouse public concern to win national health.

The Klamath county council of PTA will again hold a school of instruction this fall, it was announced at the meeting.

FIRE CHIEF URGES CUTTING OF WEEDS

Fire Chief Keith Ambrose urged today that property holders clean up the grass and weeds adjoining their fences and buildings.

He pointed out that the growth is green at this time and cuts easily.

The chief said the department plans to burn more grass than usual this year, starting in mid-July. He said it is important that weeds and grass be cleared away from property when the burning starts.

He added that the growth on vacant lots is taller and thicker than usual this year.

LURE
KANSAS CITY, June 19 (AP)—Michael Bennett Lyons, 21, and Kitty-Kat, his stuffed panda, were having a wonderful time following the trash man until two women decided he was lost and called the police.

At headquarters he tried in vain to explain that he and the panda weren't lost. He just wanted to take Kitty-Kat for a ride and the truck kept leaving without them. Police, unconvinced, held him until his mother arrived.

LUCK
SALT LAKE CITY, June 19 (AP)—Mrs. Wanda Carlei, Provo, Utah, sat terror stricken as a train approached her stalled car. Crossing Watchman R. W. McComb ran to the car, jerked open the door and pulled Mrs. Carlei from the car.

A moment later the engine struck the automobile, shoved it 63 feet and dented one door and a fender. Mrs. Carlei climbed in and drove away.

DOUBLE EMERGENCY
PORTLAND, Ore., June 19 (AP)—Patrolman Frank Pratt answered an emergency call and then made one.

He phoned his wife for instructions while helping deliver a baby boy.

INTERRUPTION
HAMILTON, Mont., June 19 (AP)—Five motorists had their enjoyment of Bitter Root valley scenic beauty rudely interrupted. A belligerent deer charged, smashed a door, bent a fender and fell dead.

MOORE PARK BUS SCHEDULES ASKED

A petition was being circulated in Klamath Falls today asking the mayor and city council to assist in seeking Sunday bus schedules to Moore park in the summer months.

Purpose of the proposal, sponsors said, is particularly to provide transportation to the park and Upper Klamath lake for service men, who lack other means of transportation.

A. Rogers, 607 High, is one of the sponsors. He said the council will be asked to negotiate with the Klamath Bus company to put in the Sunday service.

Baby Girl Dies From Eating Pills

PORTLAND, June 19 (AP)—A 3-year-old girl who found two bottles of prettily-colored pills in the medicine chest and ate half a bottle of each died here Monday.

Mr. and Mrs. Arthur John Markewitz, Portland, said their small daughter, Helen, ate the pills last Thursday, thinking them candy. The pills were common home remedies, but to be taken one at a time.

PURCHASE OF LAND OKAYED BY COUNCIL

A recommendation for purchasing eight acres adjoining the city dog pound was granted by the city council at the meeting Monday night. The city desired to purchase two additional acres to enlarge the dog pound, but the owner refused to sell just the two and the city must purchase six additional acres to get the two they want. The extra acreage will be put up for sale by the city, it was stated.

The city council moved to close all city hall offices on Friday, June 22, election day.

Cooperation of the city was granted in putting a banner from Waldorf billiard parlor, 610 Main, across to Craig's dress shop, 617 Main, Tuesday, advertising the Klamath Buckaroo Days rodeo, July 1 to 4.

Bids Considered
Gasoline and oil company bids submitted for the coming fiscal year were read and turned over to the finance committee, the mayor and the city engineer for study and comparison.

Twenty building permits were approved. Four meat dealers' licenses were granted for the new year and four new bids for purchasing city property were read.

The council approved the request for permission of Dr. Ralph Stearns and J. R. Shaw to pave the section of street between their residences at their own expense, subject to the city inspector's approval.

Request for a lease to erect billboard on two lots of city property in the railroad addition was granted, after it was determined that the signs would not obstruct the view and cause traffic hazards.

The vacation of Adams street at the recreational park, which came before the council a few weeks ago, was recommended by the recreation committee last night.

The ordinance that wells may not be drilled without state permission will be enforced, it was stated, and water pumped from wells cannot be dumped into sanitary sewers. It was recommended that the city engineer, city attorney, and plumbing inspector study the ordinance and amend it, if necessary, to keep well water from being pumped into any city sewers.

Repairs Approved
Repairing city streets with the penetration type of pavement was approved, with the work not to exceed \$9000. Paving of streets at Moore park was not included in the approval.

The meeting adjourned after first and second readings were heard on three bids for city property, and third and final readings on four bids.

MEDICOS GRADUATE
PORTLAND, June 19 (AP)—The first three-year graduates of the University of Oregon Medical school will receive diplomas Friday.

Students receiving degrees under the streamlined war-time program include 51 army and 14 navy students and 10 civilians.

OUR MEN AND WOMEN IN SERVICE

MECHAM ON LEAVE
Eighteen-year-old veteran of three major battles, Melvin

Dave Mecham, Y 2/c, was home recently on a five-day leave.

Mecham, son of Mrs. E. W. Crasper, 445 Market, entered the service just after his 17th birthday, enlisting from Klamath Falls. He has served in the battles of Saipan, Luzon and Okinawa for which he wears three battle stars on his campaign ribbons.

KLAMATH MEN AID
V-E Day found S/Sgt. Andrew W. McCullough, PFC Corwin F. Galbreath and PFC William F. O'Connor, all of Klamath Falls, on the job, helping to ready more combat planes and equipment for immediate action wherever they might be needed. All three are part of a crack air service command team that pitched in to back up the air assaults that helped knock Germany out of the war.

McCullough is a resident of 1822 Academy street, and prior to entering the service in April, 1942, was employed by the Weyerhaeuser Timber company. Overseas since September of 1943, he attended White Swan high school at White Swan, Wash.

Galbreath, son of Frank Galbreath of 1934 Applegate in Klamath Falls, has been in Europe since August, 1943. He joined the army in March, 1942, before which he was employed at the Ewauna Lumber company. He is a graduate of Central high school in Klamath Falls.

PFC O'Connor was employed by the Swan Island shipyard at Portland after graduating from Klamath Union high school. He joined the army in December, 1942, and has been overseas since August of 1943.

KIDD PROMOTED
Ellsworth L. Kidd of Bly has been promoted to the rank of master sergeant. Sgt. Kidd is a special instrument mechanic with a unit of the 11th bomber command, based somewhere in the Marianas.

MIKKELSEN GRADUATED
DOUGLAS ARMY AIR FIELD, Ariz.—A graduate of advanced pilot training class 15-B, Merlyn O. Mikkelson of Klamath Falls, April 14 received his wings and commission as a second lieutenant in the army air forces at Douglas field, Ariz.

LT. Mikkelson, son of Mr. and Mrs. Otto B. Mikkelson, graduated from Klamath Union high school.

GETS JAP
Capt. F. C. "Fiz" Kirkpatrick, son of Mr. and Mrs. L. F. Kirkpatrick, 1900 Esplanade, spent his birthday in the Pacific war zone, and in a recent letter wrote, "Well, here's a coincidence—on my birthday, guess what I got?—Another Jap! Can't figure who sent him to me, unless it was old Tojo himself!"

This is the second overseas stretch for the captain who served 18 months the first time. He has been over for four months now, and is looking forward to a furlough home soon. He is a graduate of KUHS and attended University of Oregon before entering the service.

"Here's a laugh for you," he wrote his father. "I was strafing a Jap position in a cliff and hit an ammunition dump the other day. Well, the thing blew up right in my face, and the poor old plane was really torn up. Then to make matters worse it started smoking and I was going to land it in the water, but my second section leader called me over the radio and said, 'What's wrong Kirk, are you chicken?' Well, I got so mad at that guy, that I brought the thing back to the field and made it OK."

Fiz writes about returning to overseas combat for a third time after his expected furlough, and says he'll jump at the chance, if there is one. He has been made division executive officer of his outfit.

He said the weather had been "foul" with rain, and the field disappeared as soon as they took off. Foxholes are full of water and the men are getting irritable, but "it's still fun."

ASHBY AWARDED
Pvt. Cecil D. Ashby, 132 Laguna, rifleman with the 5th army in Italy, has been awarded the Combat Infantryman badge for actual participation in combat against the enemy in Italy.

PFC Stanley M. D. Larson of the United States army infantry has been awarded the Bronze Star for valorous conduct in action against the enemy while fighting with the 3rd infantry division in France. His father, Karl E. Larson, resides at 1734 Crescent in this city.

Greenland, containing 826,000 square miles, is almost seven times as large as the British Isles.

1944 Scholastic Honor Winners On Job At Herald

Both the valedictorian and the salutatorian of the Klamath Union high school class of 1944 are doing summer work at The Herald and News.

Nancy Bennet, the valedictorian, is working in the advertising department as saleswoman while on summer vacation from Mills college. Miss Bennet did similar work here last summer. She is the daughter of Mr. and Mrs. Warren Bennet.

Mary Ellen Wright, daughter of Mr. and Mrs. Leslie B. Wright, is home from the University of Oregon school of Journalism, and is working on the news staff of the paper. Miss Wright was salutatorian of the 1944 KUHS class.

SCOUT CARS SLATED FOR SURPLUS SALES

Surplus automotive equipment—104 scout cars—will be offered for sale by the office of surplus property, department of commerce—a disposal agency designated by the surplus property board Friday, June 20, at the Mt. Rainier ordnance depot in Seattle, starting at 1 p. m.

Automotive dealers only are eligible to bid, but all interested persons are invited to attend the sale. Inspection may be made any weekday from 9 a. m. to 4 p. m., and since all sales through commerce's office of surplus property are made on a "where is" and "as is" basis, dealers are urged to avail themselves of pre-sale inspection privileges, to assure ultimate satisfaction.

For further information, contact either the sub-office manager, Mt. Rainier ordnance depot, or the automotive division of the office of surplus property, department of commerce, 2005 Fifth avenue, Seattle, Washington.

'Fog' Spray To Aid In Fighting Fires

EUGENE, June 19 (AP)—A tank which sprays "fog" instead of water—used in spraying California orange groves—has been put into service here to combat forest fires.

The Eastern Lane Fire Patrol association has a truck with a 600-pound pressure tank, producing a 60-foot spray of "fog." Fire Warden Jim Walker says the "fog" goes 10 times farther than straight water, and is more effective.

CALIFORNIANS END LONG 56TH LEGISLATURE

SACRAMENTO, June 19 (AP)—Ending the long 56th regular session at 11:30 last night, the state's tired legislators were headed homeward today for what may be only a six months respite, but with assurances of at least that much time to rest.

In the closing hours a mass of legislation was pushed through the two houses. Included was the important urban re-development and the governor's unemployment relief "preparedness" measures.

Also passed were the governor's bills providing \$100,000 for institution of schools of industrial relations at the University of California at Berkeley and Los Angeles and a measure for state licensing of private hospitals and sanitariums.

Governor Warren declared false the rumors current he intended to call the legislature back immediately to work. Changed economic conditions, however, he said, might make it desirable to reconvene in about six months.

Warren thanked the members for their achievements and praised such enactments as those for handling juvenile delinquency, prison rehabilitation, beach and park acquisition, extension of unemployment insurance, the curbing of postwar reserves, tax reduction and liberation of old age pensions.

The governor has 30 days in which to act on a bill. He can sign or veto a measure or to let it die by "pocket veto" merely by not signing it in the 30-day period, Sunday and holidays excluded.
