Show Relief
Expressions of great relief were on the faces of those acquitted—Stanislaw F. Mikhalowski, J. H. Stember-Dombrowski, and K. S. Kobylanski.

One defendant, Anton Paidak, had been too ill to attend the trial and he will face the court later.

The other sentences included: Adam Bien, president of the peasant party and assistant to the chief of the underground council of ministers, five years.

Stanislaw Jaskuwicz, president of the national democrats and minister in the underground government, five years.

Kazimir Puzhak, general secretary of the socialist party, one and one-half years.

Alexander Zwieczewski, journalist and chairman of the national democrats, a year and eight months.

Kazimir S. Baginski, a journalist and vice president of the peasant party, one year.

Ike Welcomed To Home State

KANSAS CITY, June 21 (AP)—General of the Army Dwight D. Eisenhower and 53 members of his official party returning from Europe came home today to his native middlewest to receive a tumultuous two-state homecoming celebration and greet his 83-year-old mother, Mrs. Ida E. Eisenhower, of Abilene, Kas., and four brothers.

General "Ike" in his gigantic five-star plane "The Sunflower" stepped forth first and was given a tremendous ovation as he saluted the military band that greeted him. General Eisenhower then rushed to his mother and gave her a big kiss, shook hands with Governor Phil M. Donnelly of Missouri and Roy A. Roberts, of the reception committee.

Aussie Land
Austrian units made another small landing on Brunel bay of northwest Borneo while Tokyo radio reported continued minesweeping preparations for an assault on southeast Borneo at Balikpapan.

Chinese regulars gained another 13 miles of the Asiatic coast, between Wenchow and Shanghai, and edged closer to strategic Luichow in southeast China.

American bombers patrolling the length of the Asiatic coast sank three Japanese ships, harried such ports as Shanghai, Canton and Hong Kong, while Tokyo radio reported 300 carrier aircraft were striking at Wake, U. S. island now in the hands of the enemy.

Tokyo broadcasts again told of American preparations for eventual invasion of Japan while at home Nipponese prepared to mine streets of bomb-riddled cities for bits of Superfortress bombs and other scrap metal that can be converted into grenades.

Demos Wary Of Succession Plan

WASHINGTON, June 21 (AP)—Republicans in congress said today President Truman's own party leaders are wary of his presidential succession plan for fear it might put a republican in the White House.

Mr. Truman has asked congress to designate the house speakers next in line of succession, after the vice president, as the official who "can be most accurately said to stem from the people themselves."

Existing law puts Secretary of State Stettinius next in line. Republicans immediately jumped to help carry out Mr. Truman's recommendations. A few hours after his message reached congress, Sen. A. T. Bridges (R-N.H.) introduced a bill closely following the White House suggestions. A similar measure was introduced in the house by Representative Anderson (R-Calif.).

commended H. J. Hendrickson and Fyfe Lucas, juvenile officers, and the district attorney's office for the able and effective manner in which the juvenile problem has been handled. The jury also commended officials of Klamath Falls and E. E. Hambrick, city recreation director, upon the city recreation program.

It concluded its report by cautioning the citizens of Klamath Falls about purchasing personal property from parties not recognized dealers, and requested that the persons offering property for sale give proof of their ownership. After making its report the grand jury was excused by Judge Vandenberg until a later date.

E Bond Sales In Nation Lagging

WASHINGTON, June 20 (AP)—It appeared today that the \$14,000,000,000 goal of the 7th War Loan drive is about to be passed with few hurrahs and no let-up in bond-selling efforts.

Treasury officials say there's still far too much work to be done for celebrations now.

The biggest task of the drive is to borrow a record-breaking \$7,000,000,000 from individuals—\$4,000,000,000 of it in the form of series E bonds bought by small investors. And that task is a long way from being finished.

The treasury announced in dividend amount to \$6,063,000,000 but E-bond sales are at only \$2,723,000,000.

sessions in which the four commissions will formally report various sections of the charter for approval.

Signing Elated
Secretary of State Stettinius announced yesterday that the charter would be signed Monday. A special room, with a huge round table, blue-covered against a background of United Nations flags, has been prepared for that ceremony.

The president will arrive Monday in time for the signing and will remain through the closing session about 24 hours later. When he leaves to fly back to Washington by way of his hometown, Independence, Mo., he will take the charter with him to submit to the senate with a plea of speedy ratification.

Today's Crop Of Rumors

HAMBURG, June 21 (AP)—Rumors that Hitler is in the Hamburg area and talk of his possible capture within the city itself are increasing among German civilians once Joachim von Ribbentrop was picked up here.

Residents to whom one correspondent talked in Germany's second largest city, where many other Nazi bigwigs have been arrested, do not believe the story of Hitler's death in Berlin.

They are more disinclined than ever to lend credence to it since conflicting reports have been given as to how Hitler allegedly met death by men who contend they were on the scene.

Truman Praises Eisenhower

OLYMPIA, June 21 (AP)—President Truman said today that General Dwight D. Eisenhower, commander of allied forces in Europe, was entitled to anything he wants and that he would see that the general gets it.

The president did not elaborate at his news conference here on this remark, made after a reporter inquired of his plans for Eisenhower, a guest at a White House stag dinner Monday.

Eisenhower's first job is to get back to Germany and finish his work there, the president said.

thus increasing the areas which could be farmed in and adjacent to the lake.

This portion of the investigation should not require any extended period and the construction involved would not be expensive or difficult," Gendron wrote.

Survey Requested
The letter was written in response to the chamber land use committee's proposal that the reclamation bureau make a complete survey of the land and water resources of the Klamath basin, looking toward their full utilization. The Klamath county court has made a similar request.

Gendron said that the bureau intends to make such a comprehensive survey as soon as funds and men are available, but said that the partial survey of the channel enlargement feature could be made at a relatively early date.

Dick Henzel, director, and F. A. Jenkins, chairman, of the land use committee, expressed pleasure at the indication of early action on the investigation, and pointed out that it is generally recognized that the Langell valley, Foe valley and diversion canal channel enlargement is an integral part of irrigation development in the valley.

Suicide Plane, Baka Sink Ship

WASHINGTON, June 21 (AP)—The double blow of a Japanese suicide plane and a jet propelled baka bomb broke in two and sank the destroyer Mannert L. Abele while she was on picket duty off Okinawa April 12.

The ship's loss was announced April 20, but the navy today told additional details of her final action. Casualties were 81 dead and 32 wounded.

Many of the casualties were trapped in compartments and went down with the ship. Others were killed when their life raft was bombed by a Japanese plane, after the ship had been abandoned.

EX-KLAMATH MAN ON TRIAL IN VALE

Dr. Robert Beeman of Portland, Oregon police laboratory chief, returned to the stand in the trial of 28-year-old Kenneth Bailey at Vale today and testified that he found 29 bullet holes in the schoolhouse near Weiser, Idaho, where Bailey is accused of having killed an Oregon police officer in a gun battle.

Bailey is from Klamath Falls and had a juvenile record here, being committed to the Oregon state training school at Woodburn in 1936.

The crime technician appeared for the state along with Oregon Police Officers Homer Snider and Richard N. O'Brien. Snider testified that he obtained a statement from Bailey following the shooting in which Bailey admitted that he and his companion stole an automobile and committed several robberies in the southwestern Idaho cities of Nampa, Meridian and Boise.

Bailey is accused of shooting to death Oregon Police Sgt. Ted Chambers, 45, when Chambers and other officers attempted to arrest the pair who was hiding in the schoolhouse.

CANADA MAY ORDER GOODS RATIONING

OTTAWA, June 21 (AP)—The Canadian cabinet, studying this country's decreasing meat supply against the background of a world-wide food crisis, probably will order rationing of civilian consumption in the near future, it was learned today.

Canadian meat production, which has made the dominion a principal provider for allied armies and the United Nations and has stocked civilian tables to the envy of other peoples, is now running tighter. Rationing would be aimed at distributing civilian supplies more equitably and making more available for export to a famine-threatened world.

Although the official Canadian position has been that meat rationing has been unnecessary since it was abandoned 15 months ago, there has been a growing agitation for the step within Canada in recent weeks.

Nashville Hit Hard By Nips

WASHINGTON, June 21 (AP)—The light cruiser Nashville suffered heavy loss of life and extensive damage when struck by a Japanese suicide plane in the Philippines last December.

Explosions and fires cost the lives of 133 officers and men and wounded 190 others. The Nashville was screening a convoy en route to the Mindoro invasion when hit.

Only about seven weeks earlier, the Nashville had proudly disembarked Gen. Douglas MacArthur at Leyte for his triumphant return to the Philippines.

Mitscher Sees No Capitulation

PORTLAND, Ore., June 21 (AP)—Vice-Admiral Marc A. Mitscher, commander of task force 58 of Pacific fleet, left Portland today for Coronado, Calif., after declaring "victory will come only when we have burned up all the Japanese."

Interviewed at the home of friends where he and his wife had a five-day rest, the admiral said he saw no reason to believe Japan will capitulate.

"We can plaster them with bombs and shells and level everything on earth, but they will still be underground and have to be burned out," he declared last night.

Isolation Of Officers Slated

21ST ARMY GROUP HDQSQ., Germany, June 21 (AP)—Field Marshal Montgomery said today the German general staff officers would be sent to camps outside the country and isolated in small groups until the allies were convinced they would not plot to rearm the surrendered reich.

He said in an interview that Germany would have to be watched closely during the next two or three months for any outbreak of a Nazi faction preparing for another war.

New Forest Service Camp Established

A new forest service camp is being established at Scott creek on Big Lakes sale area for slash disposal work, cutting and piling brush, John Sarginson, district ranger stated.

Five men left Thursday to do preliminary work in fixing up the camp, prior to moving up a crew of 15 men.

The work of clearing trails and roads in the lower country is about completed, Sarginson declared, and camp is about to be broken at Rocky Point.

THE San Francisco conference seems to be headed for the wind-up about next Tuesday. Up until the beginning of this week, Saturday had been regarded as the probable end. The delay is giving President Truman an unexpected holiday. He is reported to be going around Olympia in Governor Waigren's old clothes, having a wonderful time.

The President this morning offers an intelligent reason for a lot of the delay at San Francisco. Just TRANSLATING the conference documents into all the languages represented at the world gathering, he says, has been a staggering task.

When you stop to realize how much may turn upon the meaning of a single word in documents of this sort, you get at least a glimmering of some of the routine problems that have been involved. These problems are multiplied when words must be translated into many languages.

THE conference agreements are about buttoned up. They provide a general assembly of nations, large and small, that will be a sort of "town meeting of the world" (using a phrase coined at San Francisco). This "town meeting" has plenty of power to talk, no power to act. The power to ACT is reserved for the big nations—in the last analysis Russia, Britain and the United States.

Don't be too cynical about this power to talk without power to act. A lot of problems have been solved by talk of the right kind. Public opinion is shaped by talking and listening and thinking.

Even in this sadly imperfect world, public opinion DOES have weight.

Angler Fined For Closed Stream Fishing

Glenn Eugene Huck appeared in justice court Wednesday charged with angling in closed stream. He was fined \$7.20 costs by Justice J. A. Mahoney.

Mahoney stated this morning that Lost river is closed to anglers until July 1 and that anyone fishing the river is guilty of a violation of the state game laws. The open fishing season on Lost river is from July 1 to October 31, both dates inclusive, he stated.

Wheel, Tire Reported Stolen During Night

H. N. McMahan, 1201 Division, reported to city police yesterday that the spare wheel and tire of his automobile had been stolen some time Tuesday night. Police are investigating the case.

Mrs. H. Allstott of Klamath Falls posted \$5 bail for violation of the dog ordinance.

One drunk and disorderly conduct case and one vag appeared in police court this morning. One drunk bailed out.

Leader In Jeep Contest Announced

Ray Dedman, 423 Upham, is leading in the 7th War Loan jeep contest, bond headquarters announced today.

Bud McKay, 336 Klamath avenue, is second, and Leroy Willis, 2241 Applegate is running a close third. The contest ends June 27.

Anything may happen in such a contest and rear man may jump to first place in one bound. Positions of contestants will be announced from time to time, before the deadline.

for the peaceful settlement of labor disputes."

He added the strike's interruption of production "constitutes a direct interference with the war effort in the Pacific."

Holds Up Tires
The strike was in its sixth day and a naval official said it has halted shipments of tires for almost all types of navy vehicles and aircraft. Agreement has been reached on most of the 30 issues involved in the dispute, but C. P. Wheeler, local head of the union in Akron, said the strikers would not be sent back to work "under present working conditions."

A new strike in the Detroit industrial area was more than offset by returns to work in other disputes there.

YOUTH RELEASED

SEATTLE, June 21 (AP)—A 16-year-old Yakima boy recently arrived here, was released to his parents today as an innocent passenger in an automobile which police captured about midnight after a race of 80 and 90 miles an hour through Seattle's north side. Two youths, 17 and 18, were held for questioning after warning shots from police pistols stopped the race.
