(Continued From Page One)

bases and only sea guardian of the route to Manchuria. American and Japanese reports did not agree on just what cities were hit, although all reports said roaring fires were stated.

The 21st bomber command listed targets as Sasebo, Moji, coal shipping port on Kyushu island and southern terminus of a submarine tunnel to Honshu island; Nobeoka, whose four basic chemical plants make it a military explosive production center; and Okayama, airplane parts manufacturing center.

Nipponese reports omitted mention of Nobeoka and added Kanoya, important port on Kyushu at the southern tip of Japan; and Shimonoseki, on Honshu island across a narrow strait from Moji.

It was the first incendiary attack on Sasebo and the first B-29 strike at the other cities, at least 18 Japanese cities have now been hit by the big bombers. Only one failed to return from today's strike, the third in four days.

## Traffic Violations Reported in City

Leslie Phillips of Klamath Falls posted \$5 bail yesterday for having an inadequate muffler when arrested by city police. Ensign James Hiep of the naval air station was cited to appear in police court this morning charged with running a stop sign.

## Defeat Of Cigarette Tax Hits Schools

PORTLAND, June 29 (AP)—Defeat of the cigarette tax in last week's special election made financing of Oregon's schools a grave problem, Frank W. Parr, executive secretary of the State Teachers association, said here.

He declared funds from income tax surplus may be only temporary. The situation will be pondered by the state tax study commission activated by the last legislature, Parr said.

# Vicksburg Back In Union

VICKSBURG, Miss., June 29 (AP)—Residents of this old Civil War siege city will hold their first citywide Independence Day celebration since ante-bellum days next Wednesday as a gesture toward national unity to bind old wounds.

With their sons and daughters engaged in the nation's greatest war effort, Vicksburg citizens have decided to lay aside those bitter memories of the past and go all out for the city's glorious Fourth. Vicksburg fell to the Unionists July 4, 1863 after a 47-day siege.

Philippines into a huge base from which our war against Japan will be directed and supplied. With Okinawa finally and completely in our hands, it is being converted into a power base for further operations.

WHILE all this base building and getting ready is going on, Japan will be pounded from the air EVERY DAY, as Germany was. One can't help noting that we're going after Japan's refineries hard, as we did in the case of the Germans.

SENATOR VANDENBERG (Republican), urging the senate to ratify the San Francisco charter, agrees today that it probably is true that what was really created at San Francisco is a military alliance among us, the British and the Russians, but adds that the world is at the mercy of these three great nations ANYWAY and that the charter is a curb on their military rivalries.

WHETHER we have peace or war in the future admittedly depends on the wisdom, the intelligence and the tolerance within which the United States, Britain and Russia approach the task of running the world of the future.

## Pelican Bay Worker Dies In Hotel Here

John E. Burton, 56, employe of the Pelican Bay Lumber company at Bly for the past three years, passed away Wednesday afternoon in his room at the Empire hotel in Klamath Falls.

Burton apparently died in his sleep from natural causes, according to Marvin Albee, deputy coroner.

City police were called upon the case when Burton could not be aroused. The door to his room was locked from the inside and police forced the door.

Burton had worked for the Weyerhaeuser Timber company and the Beatty Logging company prior to his employment at Bly. The body is at Ward's funeral home.

# JAPS TRANSFER INDUSTRIES TO ASIA MAINLAND

(Continued From Page One)

island, in the outer Aleutians near Attu, and that paratroopers were being placed throughout the northern region.

The broadcast claimed that Vice Adm. Frank Jack Fletcher's U. S. ninth fleet was awaiting an opportunity to strike from the north. A light unit of the fleet recently attacked a Japanese convoy in the Sea of Okhotsk.

## Protracted War

A Tokyo newspaper correspondent was quoted as saying the transfer of industries to Manchuria was an "attempt to establish securely a system for a protracted war, with Japan as a nucleus force."

At the same time, the enemy admitted that American aerial blows had interfered with "Japan's communications with Manchukuo (Manchuria)," saying that to cope with this rising menace "the most efficient employment of available bottoms" was required.

Tokyo, emphasizing the most important role that Manchuria must assume as raids devastate the munitions cities of Japan, said that already the "focal point" of industries on the continent has been shifted to the production of fighting weapons.

The broadcast spoke of certain political difficulties on the continent, where the Japanese have set up a puppet government and said "the lack of political co-ordination has in many respects impeded smooth economic co-ordination."

"Mobilization of their composite power for backing up Japan's fight against the enemy invaders is absolutely required of these continental areas," Tokyo added.

## Watch Presented To Past Elks Ruler

Presentation of a handsome watch to immediate Past Exalted Ruler Jack Linman was a feature of the Elks lodge meeting Thursday night. The gift was in appreciation of Linman's service as head of the lodge in 1944-45.

Exalted Ruler Ray Ruger announced that the annual lodge picnic will be held August 5. Ernest Koschnick and John Raffetto are heads of the committee in charge.

A quick bond sale on the floor of the lodge resulted in war bond purchases of more than \$2500 by individuals.

# More Disputes On Labor Front

By The Associated Press A new crop of disputes broke out on the nation's labor front and others were in the budding stage today, spoiling an otherwise improved picture on the troubled labor scene.

More than 60,000 of the 93,000 workers idle yesterday by strikes and work stoppages, prepared to return to their jobs today, their controversies settled, at least temporarily.

Overshadowing the brighter side, however, were additional walkouts, boosting the idle up to the 40,000 mark, and threats of strikes by three railroads and at 18 Western Electric company plants.

## GOP GROUP SEEKS FOOD CZAR BILL

(Con 'nued From Page One)

with amendments designed to deal with food shortages. Andressen contended in a statement that the compromise "emasculated" his amendment.

He blamed "high administration leaders who are afraid the new secretary of agriculture will make a success of the food production and distribution job."

As passed by the house, the Andressen amendment provided that before any government order on food became effective it must have approval of the secretary of agriculture. Moreover, it would have nullified any previous government food order not approved by the secretary in 90 days.

## Marines, Waves Sell Over \$40,000 In Bonds At Camps

(Continued From Page One)

ditional payroll deduction bonds. At both Weyerhaeuser camps all bonds were for cash.

Lauds Work "Without the assistance of the marines and Waves this additional \$40,675 would never have been raised and I am thankful for their appearance at these residents are unable to see or take part in bond shows here in Klamath Falls," Mack stated.

Places visited by the payroll bond selling group and amounts purchased are as follows: June 25—Weyerhaeuser Timber company Camp 4, \$10,350.

June 27—Ewings Box company camp and American Box company plant at Sprague River, \$6,850.

June 28—Pelican Bay Lumber company plant, \$12,825.

June 28—Weyerhaeuser Timber company Camp 6, \$5,250.

June 28—Pelican Bay Lumber company camp (Horse Glades), \$5,400.

Total amount collected \$40,675.00. Total amount bought at both of the company logging camps on strength of appearance at Horse Glades.

# MERCURY NEARS FREEZING POINT

The mercury has been dropping dangerously close to 32 degrees the past few nights and growers are worrying about grain which is just coming into bloom.

The unseasonably cold nights are delaying growth of all crops to some extent, McCambridge said, but warm weather from now on would bring them to normal harvesting. Too hot weather, however, would be most devastating, he declared.

Some haying has been done in the basin already, but most growers are waiting until after the Fourth of July to start cutting, Clyde James of the farm labor office reports.

Migrant help is usually used for haying, and applications are coming in daily, James said. Growers are applying for general farm laborers, and some chore help, at present.

Since June 21, the mercury has been dropping steadily with 69 recorded as the maximum temperature for last Tuesday. It had climbed up to 71 Wednesday, and reached 75 Thursday, but by 12:45 today had only reached 68, and cooler weather is predicted for this area.

## FEPC Filibuster Brings Attempt To Ration Debate

(Continued from Page One)

limit senatorial debate. Senators Mitchell (D-Wash.) and Cordon and Morse, Oregon republicans, were among the signers.

Most of the free and unlimited conversation which began at noon yesterday centered on a controversial proposal to vote operating funds to the fair employment practice committee, a division of government which has a minimum of support from southern senators.

Other Matters There were other matters—Senator Tom Connally's report on the United Nations conference, final senate approval of the long-disputed price control extension bill and a \$38,500,000 war department appropriation.

But the great bulk of the wordage was spilled on the FEPC proposition. Senator Bilbo (D-Miss.) and a potent, talkative bloc of southerners opposed it on their contention that it spelled trouble between the races, friction in industry and governmental meddling in business.

Chavez Support Senator Chavez (D-N.M.) fought for it just as vigorously, contending the southerners were attempting to thwart the will of a majority of the senate.

The committee, established by executive order of the late President Roosevelt, is designed to prevent discrimination because of race, color, creed or national origin.

Chavez seeks to write a \$446,200 appropriation for FEPC in-

# RETURN TO STATES

The greatest air transport operation in history, under which 50,000 men will be moved by air from combat areas each month, is bringing two Oregon veterans from their overseas assignments to their homes in record time.

Debarbing from ocean-spanning planes at the air transport command's Miami army air field, where the bulk of the 50,000 men will arrive, were S/Sgt. Vern L. English of Silver Lake, who has served for 32 months in the European theater, and Sgt. Sheridan L. Scott, 27, son of Marie Byrne of Richmond, Calif. A resident of 2509 Kane street in Klamath Falls, Scott spent 33 months overseas in the African-Middle Eastern theater.

## REPORT FOR DUTY

Two Klamath Falls men have reported for duty at the naval air station at Tillamook, Oregon following a 12 months tour of duty at the Marine Barracks in Klamath Falls. They are PFC Russell W. Blunk, 25, United States marine corps, and Charles E. Daley, 20, A/Ck (B), United States marine corps reserve.

Blunk, whose wife, Hope Ann, resides at 403 Victory Drive in Klamath Falls, was in the service company of the local installation and prior to joining the marines, almost five years ago, he was employed by Bennie's Bakery and company.

In the marine corps reserve for two-and-one-half years has been Charles Daley, whose wife resides at 920 Walnut in this city. Before entering the service, he was employed by the New Modern bakery.

## FILIPINO WRITES

Mrs. George H. Campbell, 934 Addison, recently received an unusual letter from the Pacific war zone. It was written by a Filipino whose college career was interrupted by the war.

He joined the guerrillas, and when MacArthur returned to Batavia and Corregidor, Mrs. Campbell's husband was with the liberating forces and they became acquainted.

PFC Camillino Curaming, the Filipino, mentioned the natives' appreciation of the work of the Yanks, and expressed desire to some day meet Campbell's friends, when in postwar days "science may make Americans neighbors tomorrow, as time has made them friends today."

to a \$770,000,000 omnibus bill carrying funds to support a score of war agencies such as selective service, the war production board and the office of defense transportation.

Theoretically, if the bill isn't passed by midnight tomorrow the end of the current fiscal year, none of the agencies will have any operating funds. Practically, the situation won't be quite that acute.

The filibuster against FEPC was based on the nearness of that deadline.

# Vandenberg Disqualifies In Heuvel Case

(Continued From Page One)

fable in declining to make a statement. He was dressed in a tan shirt and tan trousers and was without his glasses when he was interviewed.

Indictments An indictment charging Heuvel with contributing to the delinquency of a minor was returned against him on January 26, 1945. The alleged act was reportedly against Willie Mae Collins, who was said to be 15 years of age at the time the act was committed.

The other three indictments were secret, but were filed on the docket last night.

One charges Heuvel with oral sodomy against Bernice Evelyn Huff of The Dalles on November 9, 1944, and another charges him with oral sodomy against Virginia Rose Gibson on November 10, 1944, also of The Dalles.

The last indictment charges Heuvel with forcibly raping Virginia Rose Gibson on November

# Germans Hanged For Killing U. S. Airman

(Continued From Page One)

RHEINBACH, Germany, June 29 (AP)—Three German civilians were hanged at dawn today by American army executioners for killing an American airman after he parachuted to earth August 15.

The hanging was the outcome of the first civilian war crime case brought to trial on German soil since the end of the war.

The three men hanged were Peter Beck, Peter Kohn and Matthias Glerens, convicted respectively of shooting, clubbing and hammering an unknown flier to death. A fourth defendant, Matthias Krein, also was sentenced to death by the same military commission, but his sentence was commuted to life imprisonment by Lt. Gen. Leonard T. Gerow, commander of the 15th army.

10, 1944. All three indictments were returned on February 19, 1945.
