

SOLDIERS SET TO WORK ON U.S. RAILROADS

WASHINGTON, June 29 (AP)—The war department announced today that 4000 soldiers will be furloughed for work on U. S. railroads "to prevent a breakdown of rail transportation" during redeployment of troops to the Pacific.

The soldiers, all experienced railroaders in civilian life, will be furloughed for a 30-day period. They will work as brakemen, locomotive firemen, boiler-makers, electricians, car repairmen, mechanics, machinists and helpers.

Undersecretary of War Patterson said the action was authorized in response to an "urgent appeal" from the railroads for aid in easing a "critical" labor situation.

The war department took the stop, Patterson added in a formal statement, with "extreme reluctance and only because we are convinced that there is no other way to maintain the speedy flow of traffic essential to the redeployment of our forces for the war against Japan."

Patterson said the furloughing of troops to fill civilian jobs is "not an efficient way to fight a war" and that the army had hoped the need of releasing soldiers to industry had been eliminated by cutbacks in war plants and by releases from the army after V-E Day.

He pointed out that similar furloughs previously granted for work in war plants had been terminated and expressed the hope that the railroad furloughs "will be the last for any industrial group."

COMBAT CASUALTIES UPPED 7 THOUSAND

WASHINGTON, June 29 (AP)—Combat casualties of the armed forces since the beginning of the war reached 1,030,879 today, a rise of 7226 within the past week.

Army losses on the basis of names received here through June 21 amounted to 908,025 and navy casualties totaled 122,854.

A breakdown of army losses as reported today by Undersecretary of War Patterson and corresponding figures for the preceding week follow:

Killed 100,277 and 189,294; wounded 564,303 and 560,836; missing 39,255 and 39,956; prisoners (before liberation) 141,191 and 113,615. Patterson said that 338,646 of the wounded are back on duty.

Similar figures for the navy: Killed 46,458 and 53,417; wounded 60,985 and 59,195; missing 10,985 and 10,908; prisoners 4225 and 4231.

Kelly Returns To U. S. From Italy

Sgt. James F. Kelly, 38, is one of four veterans to return to their Oregon homes under the army's redeployment plan. He was flown back to the United States by the air transport command, and cleared from the ATC's Miami army air field.

Kelly, a farmer in civil life, whose brother, C. H. Kelly, resides at Rt. 1, Box 550, Klamath Falls, spent 29½ months in Italy and Africa with an air corps photo reconnaissance group. In addition to his theater ribbon, he wears the Soldier's Medal, Good Conduct medal and a Unit Citation.

After a furlough, Kelly will either be reassigned or released from service.

ONPA Holds Wartime Meeting in Eugene

EUGENE, June 29 (AP)—The Oregon Newspaper Publishers association opened its 58th annual meeting here today, with Palmer Hoyt, Oregonian publisher and association president, with an eye to penciling as well as wartime newspaper problems, the publishers heard Wallace Hayden, University of Oregon assistant professor of architecture, speak on "Planning the Newspaper Building."

Both Hoyt and Fred E. Hampson, Associated Press war correspondent just back from 22 months in the Pacific, were scheduled to speak on war reporting.

Nearly a dozen speakers and special forums on newspaper problems are on the agenda for the two-day session.

Lumber Workers Go Fishing For Company

REDSFORD, June 29 (AP)—Workmen at the Bridge Lumber company mill knocked off today and went fishing—raking thousands of pilchard fish out of the boom pond so the mill could resume operations.

The fish choked the pond yesterday when the largest run of the species reported in the Umpqua river since 1932 got underway. The fish are being burned in the mill sawdust burner.

ACCIDENT NEARLY COSTS BABY LIFE

A freak accident nearly took the life of Dennis Hatfield, seven-month-old son of Mr. and Mrs. Clarence W. Hatfield, 4762 S. 8th, when he was caught between the springs of an old-fashioned bed Wednesday afternoon. When he was found, his head, caught between the two springs, was pulled back and he was unconscious and choking.

After being rushed to the hospital where he was placed in an oxygen tent, he regained consciousness at 6 o'clock that evening.

At the time of the accident, the child had been left in the care of a 14-year-old girl for the afternoon.

The baby was released from the hospital Thursday.

WILLIAM DE CEW HOME ON FURLOUGH

Arriving in Klamath Falls June 29, S/Sgt. William E. De Cew is here for a 60-day furlough after having been released from Mooseburg prison camp in Germany.

Sgt. De Cew served with the army as a flight engineer in a B-26, flying with the Pathfinder unit.

The sergeant became a prisoner of war when the plane in which he was flying was shot down over Germany March 2, 1945, but he was freed on April 29 by an allied drive. He was flown from Germany to France and then traveled to the United States by ship.

He is the holder of five Oak Leaf clusters, the Air Medal, and a Purple Heart received for a knee injury sustained when he parachuted from the B-26.

After his stay in Klamath Falls, he will go to a Santa Monica rest camp. Before the war, De Cew worked at the division of audits in Salem. Mrs. DeCew lives at 115 N. 10th.

PATROL BUYS AMBULANCE TO SERVE COUNTY

The Klamath Merchants Patrol has purchased an ambulance to serve this area. Service will commence Saturday night, June 30, it was announced by V. E. Bloomberg, member of the patrol.

The ambulance will give 24-hour service, and one of the three members of the KMP, Bloomberg, R. G. Lilly or D. E. Enrick will be on duty at all times.

It is hoped that the ambulance may be kept in the city hall garage, but action on this provision has not come before the city council for approval yet. It will probably come up before the council at the Monday night meeting July 2, councilmen report.

The ambulance, fully equipped, including an inter-commission radio for complete service, was purchased from Dr. G. H. Merryman who provided service prior to his son's enlistment in the armed forces. Since that time the ambulance has been in storage.

Klamath city and county has never owned an ambulance, but was served for a time by Ward's vehicle, recently purchased by a Portland concern. The Oregon Women's Ambulance corps has taken care of calls whenever possible, and is still in operation.

The KMP was started a decade ago, at first with only two members, Bloomberg and Lilly, who were commissioned by the city as special policemen. Recently Enrick was added to the group. The duty of the patrol is to give a nightly check on stores and office buildings, for locked doors, lights out, and protect them against unlawful breaking and entering.

Glen Foster Home On Furlough

PFC Glen Foster is home on a 60-day convalescent furlough from overseas service in France. He has been hospitalized for the past four months.

Foster, son of Mr. and Mrs. Frank Foster, 1845 Ivory, has been awarded the Presidential Unit Citation, the Purple Heart, Good Conduct medal, Combat Infantryman badge and two battle stars.

He will report to Fort Lewis, Wash., for further assignment after his leave is up.

Homes In Coulee Dam Addition Planned

COULEE DAM, June 29 (AP)—Frank A. Banks, federal bureau of reclamation engineer here, said yesterday the building of 400 or 500 permanent homes in the Mason addition to Coulee dam is contemplated as a post-war project.

The project, he said, would include new schools and churches. Private hotels, stores and theatres will be established through leases which will require builders to follow approved plans.

Alum to good \$14.50-15.50, common lightweight down to \$12.00; one double dead, mostly medium grade old crop 85-lb. short lambs No. 1 pelts \$13.50; shorn aged ewes mostly \$8.00 down to \$5.50 according to grade.

SOUTH SAN FRANCISCO, June 29 (AP-WFA)—Cattle salable 10, nominal; for week: receipts 1650; active, steady; good grass steers \$15.75, medium \$14.25-15.00; feeder steers \$12.00-14.00; medium to good heifers \$12.00-13.50; good cows \$13.00-13.50, bulk canners and cullers \$7.00-9.00; sausage hogs \$12.00, down. Calves for week 305; steady; medium to choice \$12.00-15.00.

Hogs salable 50, firm; few packages good and choice 200-225 lb. barrows and sows \$7.50 down to \$6.50; receipts for week 145.

Sheep salable 100; three decks good and choice \$9.50-10.00; north coast woolled lambs held \$14.50; two decks good shorn ewes \$7.50 down to \$6.50; receipts for week: receipts 17,000; upper grades fully steady, medium and common 25-50c lower.

PORTLAND, Ore., June 29 (AP-WFA)—Salable cattle 10, total 65; salable calves 10, total 25; market steady on limited supply with fairly early clearance; odd stocker steers \$13.00; week's top fed steers \$17.50; common-low medium heifers \$10.00-12.00; good beef \$12.00; medium \$12.50; good beef \$12.00-14.00; choice grades salable \$15.50-18.00.

Hogs salable 10, total 200; market steady; receipts 150; active, steady; good choice feeder pigs salable \$10.00-12.50.

Salable sheep 50; total 150; market steady; good-choice spring lambs \$15.75; medium \$14.25; week's extreme top \$14.50; medium grades largely \$12.00; common grades \$10.00; yearlings \$10.50 down; good ewes salable around \$6.00; week's extreme top \$6.50 late; culls down to \$2.00.

WHEAT

CHICAGO, June 29 (AP)—Grain markets slipped after mid-session today but the break unweaved resting demand and prices rallied during the final hour of futures trading.

Some prices were up nearly a cent after noon with barley the only grain falling to benefit from the late recovery.

Millers, lifting hedges following flour sales, bought large amount of wheat at the start. Hedging increased on the early bulge and when the demand paused, quickly eased back.

On the dip, however, millers again bought wheat and the market rallied quickly.

At the finish wheat was 1/2 to 1/4c higher than previous close, July \$1.56 1/2-5/8. Corn was unchanged to 1/4c higher, December \$1.17 1/2. Oats were up 1/4 to 1/2c, July \$1.33 1/2-3/4. Barley was unchanged to down 1/4c, July \$1.12 1/2.

Many a soldier devotes his furlough to day-and-night mechanized operation on the home farm. This is Cpl. Delmer Van Horn, Jr. with his dad at Jefferson, Iowa.

Night Shift ON THE FOOD FRONT

THEY DID IT BEFORE— THEY CAN DO IT AGAIN

With Farmall Tractor Power

Throughout the Spring, from the Rockies to the Atlantic seaboard, worried farmers searched the skies for signs of clear weather, but the cold rains fell relentlessly.

For more than a month the seed should have been germinating in the warm soil. Millions of acres lay unplanted because the ground was too wet for preparation of the seed bed and too cold for germination of the seed.

Only a generation ago there could have been but one outcome—crop shortage and food scarcity. Nature allows scant time for planting when the warm sun waits till late May or June before drying the soggy soil. Horses are too slow and tire too quickly to get the job done then.

But the farmers remember May of 1943—only two years ago—when their fast, uniting tractors averted crop failure. Then, too, rains flooded the fields and the month was all but spent before they could get in on the land and plant.

In 1943, most farmers drove their tractors

from dark to dark, and longer. Many planted around the clock, working in two or three shifts. They made one of the greatest crops in history, rains fell relentlessly.

In today's war-torn world—with hunger and disease already stalking many peoples—even one major crop failure could bring famine. This is why the sound of tractors and planting machinery was heard, day and night, from the Plains states to the Eastern seaboard—why headlights stabbed the darkness over the fields.

America's farmers are doing it again, in spite of an unprecedented combination of adverse circumstances—bad weather, shortages of machines and shortages of manpower. For the second time in three years, they are relying upon their tractor-powered machines to help rescue large areas of the world from catastrophe. More of these tractors are products of International Harvester than of any other company.
