(Continued From Page One)

Nippon's manufacturing, shipping, and air power.

Simultaneously the U. S. navy department acknowledged the loss of the submarine Trigger with her crew of 89 or more men. It was the 45th submarine lost.

Japan's army shake-up included two military defense districts bearing the weight of meeting threatened invasion, including the Tokyo metropolitan area. Generals changing jobs included the head of the military propaganda section.

The enemy report on today's air strikes said 100 Mustang fighter planes from two Jims, guided by nine Superforts, hammered airdromes near Tokyo while 200 fighters and bombers raided Kyushu island. Both would repeat performances of two phases of yesterday's extensive aerial blows which set four Japanese cities afire, wrecked 22 ships, destroyed 22 Japanese planes and bomb-pocked dozens of air fields from Tokyo to Java.

Planes Produced Despite increasing American air blows concentrated on Nippon aircraft production, Tokyo radio boasted that "amazing numbers" of planes were being produced in bomb-proof underground factories, so cleverly hidden that scouting American planes couldn't find them.

Tokyo did admit that the air war has forced the nation to militarize its railways to speed delivery of munitions, food and other essentials. And the hungry Nipponese were advised they could concoct "wonderful food" from dried fishheads and withered leaves.

Approximately 800 American planes were involved in yesterday's strikes at Japan. Two Jims sent 150 Mustang fighters over six Tokyo air fields, presumably the same ones hit again today, during which one squadron tried for more than an hour to get the enemy to come up and fight. From Okinawa 130 army and marine planes raked two airdromes on Kyushu island, also attacked by other air groups.

Two B-29s failed to return from the day's heaviest strike, a 500-plane fire raid on four Japanese cities, which returning crewmen said set off "plenty of fireworks on the ground" and saved them their "most glorious fourth."

Trade Program Extension Set

WASHINGTON, July 5 (AP)—President Truman put on the statute books today a three-year extension of the reciprocal trade program, which includes vast new executive authority to cut tariffs in agreements with other nations.

The law, written after bitter party-line battles in congress, permits the trimming of some duties as much as 75 per cent below the rates of the last republican tariff act—the Hawley-Smoot law of 1930.

sions, had caused a production loss of 16,000 tires daily, along with thousands of other items used by the armed services.

Within 15 minutes after President Truman issued his seizure order in Washington, Captain Clark and a staff of about 20 men arrived at the main gate of the Goodyear plants to take over in the name of the government.

Oregon Payrolls Gain Two Per Cent

SALEM, July 5 (AP)—Payrolls in Oregon in the first quarter of 1945 totaled \$188,009,252, a gain of 2.1 per cent over the similar period of 1944, but the number of persons employed was down 5.8 per cent, the state unemployment compensation commission said today. There were 286,343 persons employed in March.

Japanese Diet Meets Broken Up By Raids

MOSCOW, July 5 (AP)—The meetings of the recent special session of the Japanese diet were broken up several times by American planes, a Red Star commentator reported today.

"This session met under serious conditions with the Japanese army suffering heavy defeats, a sharpening military-political situation inside Japan and with successful allied offensive operations in the Pacific ocean," the commentator said.

Contrary to the usual practice, he said, the meeting of the diet was not announced several days beforehand.

spectively, took first and second places in the best reined cowhorses contest, one of the popular features of the annual Klamath show.

Grand Entry Rodeo Queen Blanch Schuchin and her five lovely princesses led the grand entry, followed by members of the Klamath Saddle Club. Klamath Sheriff's Posse, marine mounted patrol, Jackson county Sheriff's Posse and ladies auxiliary followed. Homer Stillwell and Jim Bunnell bore the colors.

Highlight of the exhibition rides of the afternoon was the drill by the Marine Corps Band, marine drum and bugle corps and the marine drill team. Mounted marines thrilled the audience again with perfect coordination of men and horses as they paraded, forming the marine M at the finish.

Cheering rang through the crowd as the drill team performed the spectacular "Queen Anne Salute."

Western ballads played by the Ozark Mountain boys added to the afternoon enjoyment, as did the song "Lava Lumber," which was sung by Sam "Circus Mike" Fitzgerald, and written by the veteran circus performer in memory of his friend, a trapeze artist who was killed during a performance.

Utah Lifts 35 MPH Wartime Speed Limit

SALT LAKE CITY, July 5 (AP)—The Utah road commission abandoned today the federal wartime 35-mile-an-hour speed limit on the state's highway and ordered restored the pre-war 60-mile daytime and 50-mile nighttime maximum speeds.

The action was based on a survey of traffic and highway conditions, Roy W. McLeese, chief engineer, said in a formal statement. The announcement made no reference to the request by the office of defense transportation that the 35-mile limit be observed and commission spokesman declined to comment in the connection.

Representatives of the ODT and of the office of price administration expressed concern at the change.

NOW SHE SHOPS "CASH AND CARRY"

Without Painful Backache Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 8 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause backache, rheumatism, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent urination passages with smarting and burning sometimes shows there is something wrong with your kidneys.

Don't wait! Ask your druggist for Doan's Filix, a stimulant diuretic, used successfully by millions for over 40 years. Doan's gives happy relief and will help the 18 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Filix.

Lumberman Dies At Veterans Hospital

PORTLAND, Ore., July 5 (AP)—Captain George M. Duncan, long active in Oregon and Washington lumber circles, died at the Veterans hospital here yesterday following a long illness.

A commissioned officer in the Spanish-American war, Duncan came to Portland in 1912 and served as president of the Duncan Lumber company, the Corvallis Lumber company and the Leudinghouse Lumber company. At one time he owned saw-mills in Washington and Corvallis.

that he has in mind keeping Harold L. Ickes as interior secretary for some months at least. He said Ickes will be sent to London soon to help renegotiate an Anglo-American oil agreement.

The president read a letter from Morgenthau offering his resignation, together with his reply expressing gratitude for Morgenthau's services during more than 12 years in government since 1934, as a cabinet member.

The president told reporters he had a successor in mind but that he would not disclose his name now.

about 96,000 square miles) will be transformed into bases comparable with the British ones in the German war.

IN the Philippines campaign about 420,000 Japs were killed. We lost 11,221 killed, 310 missing and 42,000 wounded. It is estimated that about 50,000 Japs are left alive in the Philippine archipelago.

THE Australians have taken Balikpapan town and have widened their beach near to about eight miles. American landing craft, loaded with engineers and their equipment, move in through the mine-infested waters of the bay and land at Jap-built pontoon wharves to begin the work of reconstruction that in war follows directly after the work of destruction.

The Japs seem to be moving back into the oil fields that surround Balikpapan, intent on doing all the damage they can before being liquidated.

THE British election is being held today, but we won't know the results until July 26, when the soldier votes will be all in and counted. The British have been spreading ballots all over the world by air and will return them by air and will return them by air.

If the conservatives led by Churchill win, Britain will go on more or less as is. The Labor party announces that if it wins it will start with nationalization of four basic industries (railroads, mines, etc.) and aims eventually at establishment of a "socialist commonwealth of Great Britain."

CHAIRMAN KRUG of WPB announces today that during the past year the entire warring WORLD—both axis and allied—turned out an estimated 110 billion dollars worth of war goods of which the United States provided 45 PER CENT and at the same time stayed by far the best-fed, best-housed and best-clothed civilians in the world.

That's what the American system of free enterprise does for ALL of us.

PRESIDENT TRUMAN, acting under his war powers, seizes the strike-bound Goodyear plants at Akron and orders the navy to move in and take over. Permitting such a thing to happen doesn't look like good labor strategy, as the great plants were making tires for warplanes and without tires no warplane can get into the air.

YESTERDAY'S toll of Fourth of July deaths on the home front was only 138 as compared with 439 in 1944 and 298 in 1943. It sounds better than it really is, as the 1945 holiday was only one day, whereas in 1944 and 1943 there were three days.

Fort Klamath

L. M. Streeter was a business visitor in Klamath Falls on Thursday.

Mr. and Mrs. Don Campagna and family are in Salem this week, where Campagna received dental care. During his absence the local P.M. trucking freight line has been in charge of Herbert Edwards, who makes the daily trips between here and Klamath Falls.

Mr. and Mrs. Thomas O. Dyche and son Jimmie are spending their 4th of July week's holiday here at their home. Dyche is employed in logging operations for the Big Lakes Box company at Chinahalo, and his wife is cook at the company boarding house there.

PORTLAND, July 5 (AP)—A boy, just 15, has confessed to raping two young married women whom he accosted at a streetcar stop, police said today.

The first attack occurred May 30 and the other June 22—both at the same isolated car station. The boy was turned over to juvenile authorities.

15TH ARMY SLATED TO BE DISSOLVED

(Continued From Page One)

ROME, July 5 (AP)—The 15th army group, an overall command of the American fifth and the British eighth armies, will be dissolved at midnight tonight, Gen. Mark Clark announced.

The American personnel will be transferred to Clark's new headquarters of United States forces in Austria.

No definite date has been announced when American and British occupational forces will move into Vienna. It was unofficially reported the movement would take place in mid-July.

Gen. Geoffrey Keyes, commander of the second corps of the fifth army already has established headquarters at Salzburg.

Nothing has been announced on the future of the American fifth army although the general supposition is that it also will be dissolved shortly. The British eighth also is slated for early dissolution.

Patterson Refutes Charge Against Negro Soldiers in Action

WASHINGTON, July 5 (AP)—Undersecretary of War Robert P. Patterson took issue today with the statement of Senator Eastland (D-Miss.) that negro troops in Europe "would neither work nor fight."

Eastland made this statement during a senate filibuster against the fair employment practices committee, declaring that he got his information from high generals.

Said Patterson at a news conference today:

"If any high ranking general has made such a statement I have no knowledge of it. The war department is proud of its troops and that includes negroes as well as all other groups."

Mormon Crickets Reported In Area

OKANOGAN, July 5 (AP)—A heavy infestation of Mormon crickets in the Duley lake area 15 miles southeast of here was reported today by Acting County Agent Ned Shorey who said the affected area is about five square miles. In some places, 12 to 15 crickets per square yard were counted, he added.

Harvey summers of the bureau of entomology and plant quarantine at Pendleton, Ore., was quoted as saying the outbreak would be serious if it goes unchecked.

Farmers and government agencies are cooperating in a poison bait distribution program to destroy the infestation before the crickets begin moving widely.

PROSECUTION OF CASE UNDECIDED

(Continued From Page One)

Chief Justice Harry H. Belt of the state supreme court is undecided upon the request of District Attorney Clarence Humble to have Attorney-General George Neuner take charge in the cases of the state of Oregon vs. Earl Heuvel, according to unconfirmed reports received here.

Heuvel, former Klamath Falls police chief, is held in the county jail pending trial for morals charges.

Humble had requested that Neuner be assigned to the case due to his (Humble's) former association with Heuvel when Humble acted in the capacity of deputy district attorney and Heuvel was police chief.

Belt said that he felt that the matter was Humble's responsibility and that Neuner is reluctant to take charge of the prosecution, although he offered to assist, according to the report received here.

Two Deaths Over 4th Reported In Ashland

ASHLAND, July 5 (AP)—Two deaths resulted from this city's Fourth of July celebration.

Leo Walter Hoffman, 9, a Talent, drowned in Emigran lake near here yesterday after noon when he slipped from a log. His parents were unable to assist him. The family has stopped for a picnic lunch.

Mrs. L. D. Maplesden, 20, employed at a local ranch, died this morning after being thrown from her horse yesterday afternoon near the city limits. She suffered a fractured skull when she fell to the pavement.

Mrs. Maplesden was born in Klamath Falls and is the wife of a serviceman overseas.

SIX DIE IN TORNADO RISING CITY, Neb., July 1 (AP)—Six persons were killed and at least 12 critically injured by a tornado which swept a path five miles long and two wide north and west of here last night.

Three of the victims died in Columbus, Neb., hospital early today and three were killed outright.
