BELATED VOTING FOR M. P.'S TODAY

LONDON, July 12 (AP)—Twenty-three members of the house of commons will be chosen today in belated voting which may decide the balance of power in the next parliament, if the balloting elsewhere in England July 5 was as close as some observers believe.

Today's contests—all in the north of England and Scotland—were postponed to avoid conflict with local holidays. Two additional seats will be filled July 19.

Counting of the soldier vote will delay announcement of results until July 26.

Two members of Prime Minister Churchill's "caretaker" cabinet are involved in today's voting. Sir Donald Somervell, conservative home secretary, and Ernest Brown, liberal national minister of aircraft production, are running for re-election.

June Lumber Record Better Than In May

SEATTLE, July 12 (AP)—The West Coast Lumber association reported yesterday that the industry's June record was "slightly better than May's," but at the same time the association predicted July production would be "seriously down" because of vacationing workers.

"West coast loggers have been encouraged by the improvement of truck and tractor supply and by the prospect that more truck tires will be made available to them," the report said.

Weekly average production in June was 135,585,000 board feet, or 83.6 per cent of the 1941-44 average, the report added. Orders averaged 137,841,000 board feet weekly and shipments 133,449,000. May production was down to 130,632,000 board feet per week.

Protect Oregon's forests from fire for national defense. The defense industries need our forest products to maintain capacity production. In war times, it is essential that production progress at full speed. War orders must not be delayed. Keep Oregon Green.

Inflation Trend Seen In Clothes

WASHINGTON, July 12 (AP) James F. Brownlee, OPA deputy price administrator, said today that unless the rise in clothing prices is halted and reversed "we shall not be able to hold the line."

Clothing items are the only important sections of the cost of living index "which has had a continued, steady rise," Brownlee said in a letter to Senator Young (R-N.D.), adding:

"That rise has amounted to more than 12 per cent in 22 months."

Brownlee wrote that if the trend is not halted "the vicious spiral of increasing prices will lead us swiftly and surely to inflation."

Lighthouse Keeper Cited For Devotion

FLORENCE, July 12 (AP)—Clifford B. Hermann, BM 1/c, keeper of Heceta head light station 13 miles north of here, has been cited for outstanding devotion to duty by Secretary of Navy James Forrestal.

Hermann, who entered service 44 years ago, came here from Salem. He previously served at Destruction island and Tatoosh stations on the Washington coast.
