

# OREGON BOARD STATES PLANS FOR COLLEGES

PORTLAND, July 25 (AP)—A Portland research at Oregon State college to find additional uses for hydroelectric power in agriculture and industry, with Bonneville power administration paying most of the cost, was approved by the state board of higher education yesterday.

R. C. Groesbeck, Klamath Falls member, questioning possible political implications, said: "I hope this is not a step on the road to serfdom."

Assured by OSC President A. L. Strand that there are no political implications whatever, and that the college will make findings available to all, Groesbeck joined the other members in favoring the plan.

Projects approved but not to be started immediately include study of sprinkler irrigation materials, farm refrigerator units, dairy water heating, electric radiant and reversed cycle heat, electric heat storage, preservation of forage crops and feeding experiments with artificial-dried hay.

Bonneville will supply \$25,650 with the college contributing \$16,000 in facilities and services.

The board passed upon dormitory development plans at the University of Oregon, approved an administrative reorganization in the OSC extension service, and allocated \$220,000 in special equipment funds appropriated by the legislature.

All present officers were re-elected for another year, with Willard Marks, Albany, starting his twelfth full term as president. Mrs. Beatrice W. Sackett, Coos Bay, is vice president and Edgar W. Smith, Portland, third member of the executive committee.

The University of Oregon won approval of a plan to start a women's dormitory on a site yet to be acquired, looking toward eventual use of present women's halls near the center of the campus for classroom purposes. First unit, to be built under a self-financing bond issue, will house 200.

F. L. Ballard, who served briefly as president of Oregon State college before retirement, will resume active charge of the federal cooperative extension service as associate director of extension. W. L. Teutsch will retain his present title of assistant director. Charles W. Smith was named assistant director in charge of county agent work, with Clifford L. Smith remaining as assistant county agent leader.

The University of Oregon medical school at Portland will launch a program of graduate and postgraduate training for doctors back from war. A four-year grant of \$100,000 has been accepted from the W. K. Kellogg foundation.

## Sing Sing Inmate Cleared When "Double" Is Found

NEW YORK, July 25 (AP)—An innocent businessman who served three years and four months in Sing Sing prison stood cleared today of a crime committed by his "double," described as one of the nation's "smoothest bigtime crooks."

Assistant U. S. Attorney John J. Donovan disclosed that the victim in the cruel case of mistaken identity was Bertram M. Campbell, 57-year-old former securities dealer, who had continually protested his innocence when he was convicted of forgery in 1937.

Bank employees identified Campbell as the man who drew a \$3150 forged check.

Donovan identified the actual forger yesterday as Alexander D. L. Thiel, whom he described as one of the country's "smoothest crooks" and who was sentenced to four years imprisonment for another offense—violation of the national stolen property act.

Donovan said Thiel had admitted the forgery for which Campbell was sent to prison, and had added that he tried to help the innocent man by committing another forgery which would prove that Campbell could not have committed the original crime.

This scheme failed, but netted Thiel \$15,000, Donovan said. Campbell, who lives in Floral Park, N. Y., with his wife and three children, plans to ask Gov.

a \$4000 check on a New York bank and having the funds transferred to Boston, where he maintained an account under an assumed name.

Thomas E. Dewey for a full pardon.

A friend of Campbell's read of Thiel's arrest in Lexington, Ky., last March and noted the striking resemblance between the two men. All but one of the witnesses who had testified against Campbell admitted they had erred.

Thiel, also 57, was said by the FBI to be wanted for cashing forged checks worth \$200,000. He was sentenced yesterday in federal court for forging in 1937.
