

SUNDAY PICKUP NETS SHRINERS TONS OF SCRAP

Over 40 tons of paper and 15 tons of tin are at the salvage depot today waiting to be shipped out after the salvage pickup Sunday by the Klamath Shrine club.

The drive was part of a statewide campaign for waste paper and tin, conducted by the Mystic Order of the Shrine with all proceeds going to the Shrine hospital for crippled children in Portland. Walt Wiesendanger was local chairman of the drive.

Sound trucks were used on the streets Saturday and Sunday morning to advertise the salvage pickup. The Shrine club has expressed thanks to George Connors for the use of the loudspeaker and to Marvin Hixon, who gave his time to broadcast on the sound truck.

Trucks from the Coca Cola Bottling company, J. W. Kerns, Klamath Cabinet shop, Carl Steinsieffer, Big Basin Lumber company, Balsiger Motor company, Safeway Stores, Fluhrer's bakery, Bend-Portland Truck Lines, Consolidated Freightways, and Oregon Fast Freight were used. Head of transportation was Bill Kuntz.

The Shrine club also wishes to thank the members of the Daughters of the Nile club, the Marine Barracks band, Mrs. H. E. Jones, radio station KFJI, and The Herald and News, for their help with the drive.

MEN AND WOMEN IN SERVICE

SENDS SOUVENIRS

Word has been received here that Sgt. Evert Stever, who has been leading a machine gun crew with the 7th army, is stationed in Munich, Germany. During his stay there he has sent home many souvenirs, including an SS officer's sword, two engraved silver coffee spoons and towels from Hitler's home in Munich. Stever expects to stay there with the army of occupation.

Stever was employed by Kesterson and Weyerhaeuser lumber companies while here. He is the brother-in-law of Mrs. Howard Kellison, 4352 Altamont. His wife is in California now.

CITED FOR HEROISM WITH THE FIFTH ARMY

Sgt. Charles J. Krings, Lake hotel, Klamath Falls, Ore., recently was awarded the Bronze Star medal for heroic achievement in action in Italy.

He served on the fifth army front as a squad leader in the 363rd infantry regiment of the 91st "Powder River" division. "When enemy machine gun and sniper fire began to disorganize the squad," relates the award citation, "Krings stood up and started moving forward, urging and inspiring his squad to move forward with him. Krings' keen eyesight and alertness picked up a camouflaged sniper. He killed the sniper with one shot and captured two more enemy snipers nearby who surrendered when they saw the fate of their fallen comrade."

"Krings continued leading the squad and aided in capturing the platoon's objective. Krings' fearlessness, leadership and combat skill reflect great credit on himself and the infantry of the United States army," concluded the citation.

Secret Plans For German Rule Of Britain Revealed

HAMBURG, July 30 (AP)—The German high command's secret plan for the administration of England, which called for the deportation to the continent of the male population between the ages of 17 and 45, now is in British hands.

The red-bound 23-page manuscript disclosed that Adolf Hitler planned to complete the occupation of England before September 9, 1940 and the transportation of the country and its resources into Germany's main war workshop.

English industry under Nazi direction was to turn out weapons for only one obvious objective—the battle of Russia. The blueprint for England in defeat was mapped the year before the Nazis invaded Russia by a staff of German administration experts working under the direct guidance of Field Marshal Walther von Brauchitsch, former commander-in-chief of the German army, and Gen. Franz Halder, chief of staff of the high command.

Only 195 copies of the plan were printed and 78 were distributed to high Nazi authorities and army officials. The remainder were reserved for the high command's archives. The plan was one of the most secret documents of the high command. The copy now in British hands was believed to be the only one of its kind still in existence.

Designed to prevent sabotage, the deportation provision presumably meant that the Englishmen would have been farmed out on the continent as slave laborers while German workers were rushed to England to keep the war machine operating with a minimum of interference. England was to be divided into districts in charge of army commanders who were to have field and town units under them. Under the list of administrative regulations the plan provided that any person in Eng-

Large Rattler Killed Near Malin

While working on the high line ditch under the new Shasta View irrigation system, Jess Whitlatch killed a large rattler, first to be killed in this vicinity for many years, according to old settlers. The snake measured 42 inches in length, was seven inches around the "middle" and had 12 rattles. Two of those on the tip of his tail had been damaged. It showed no fight and did not coil. Some years ago, rattlers were numerous in this section of the county, 17 being killed one summer on the Steve Hoyt ranch, now owned by West and Lyon.

Attorney and Mrs. A. W. Schupp, Klamath Falls, were Malin visitors Thursday night.

OPA TO REMOVE R-2 TIRE CERTIFICATES

Old R-2 tire purchase certificates, which local OPA boards stopped issuing on June 5, 1945, will be removed from the rationing system to protect the nation's limited tire supply from the black market, J. R. Keeter, district OPA tire rationing representative, has announced. Consumers will have until August 15 to buy tires with the R-2 certificates they now have. The new certificates, R-2A and R-2B, are not effective and will remain valid, Keeter said.

After August 15 an eligible consumer holding an invalidated certificate may obtain a new tire only by re-applying to his local OPA board and following the same procedure as a new applicant. Dealers will have through August 31 to transfer to their
