Travis allegedly cashed a fraudulent check in the sum of \$15 at the Standard Feed store here. He obtained \$8 worth of merchandise and \$7 in cash. Travis said that he thought he had sufficient funds in the Merrill Branch of the First National bank of Portland to cover the check.

No trial date has yet been set by Judge Vandenberg.

How you are affected by new O. D. T. Travel Rules

These two orders apply to all railroads. Admittedly, they are drastic—but vitally necessary. Additional sleeping cars must be made available for veterans returning from Europe for discharge or for redeployment to the Pacific.

S-P
The friendly Southern Pacific

While these regulations will cause some inconvenience, we feel sure everyone will approve the effort to serve better the men from overseas to whom we owe so much. We know that the families of boys who are coming home will have no question as to the merits of the orders.

As far as Southern Pacific is concerned, our guiding principle has been "the military comes first," and we are cooperating one hundred percent in carrying out the O. D. T. orders—in letter, and in spirit.

With nearly twenty thousand S. P. men and women in the armed forces, we, too, have a real and personal interest in the welfare and comfort of service men and women.
