**Here's the Quick, Easy Way to Make Marvelous PEACH JAM**

4 Cups Ground Peaches  
6 Cups Sugar  
1/4 Cup Lemon Juice  
1 Package M.C.P. Pectin

Wash, peel, and remove pits from 4 pounds fully ripe peaches; grind the fruit. Measure exactly 4 level cups of the ground peaches (add water to fill out last cup, if necessary) in a large kettle. Add the M.C.P. Pectin and lemon juice, stir well and bring to a boil, stirring constantly. NOW, add the sugar (which has been previously measured), continue stirring, and bring to a full rolling boil. **BOIL EXACTLY 4 MINUTES.** Remove from fire, let boil subside, stir and skim by turns for 5 minutes. Pour into sterilized jars, allowing 1/4-inch for sealing with fresh paraffin.

## INCOME TAX SLASH SEEN FOR JANUARY 1

WASHINGTON, Aug. 16 (AP)—All Americans seem likely to get a cut in their income taxes after January 1. Perhaps several million will have to pay no income taxes at all next year.

Congress is coming back September 5 in a tax-cutting mood. Some of the best-informed tax experts in Washington think a reduction in personal income taxes will be enacted before Christmas—with administration approval if the cut isn't too drastic.

**Moderate Cut**  
The expected reduction probably would be only moderate for most taxpayers. The man earning a lot of money would have a smaller percentage cut off his taxes than the fellow making \$35 a week.

People in the lowest income group would be the ones whose income taxes might be wiped out entirely.

**Survey**  
A survey of congressional and other tax authorities today produced the following picture:

1. No tax reductions are likely on 1945 income. The expected cut would be felt first in smaller payroll deductions starting January 1. It would not affect the filing of 1945 income tax returns next March 15.
2. Federal taxes on such items as alcoholic beverages, furs, luggage, jewelry, theatre tickets, concert spending, and telephone calls will drop back down automatically to 1942 rates six months after the official "termination of hostilities."

(The hitch is that technically this termination does not occur until the president or congress so declares. There is no indication yet when such a declaration might come.)

3. The 95 per cent excess profits tax on corporations is sure to be killed. Nobody loves it now. The only question is whether to do it next January 1 or later.

## Families Leave Vanport Housing Project At War End

PORTLAND, Ore., Aug. 16 (AP)—The war's end reverberated gloomily today in Vanport City, the nation's largest housing project.

Shipyard workers whose jobs are doomed to vanish loitered outside the frame houses and asked each other how soon the axe would fall. Women began dusting off their smooth-tired cars, and around the trailer camp men hammered their portable homes into shape for travel.

Housing officials predicted a record emigration for tomorrow and Saturday. As early as last Monday the number of departing families at McLoughlin Heights, Vancouver yard, rose 30 per cent above normal.

Many tinhaters said they would stay laid off. But others were jumping the gun in a race for permanent peacetime jobs.

"I'm going back to my carpenter's job in Lufkin, Texas," said Horace Francher as he loaded his wife and three children into their trailer. "We've saved \$1400 here in 11 months, and I've got more work promised me back home than I can do in two years."

A foundry worker, dusting off his worn car for exodus to Florida, said he and his wife would go back to picking crops. "That's a big bean country," he said. "We sorta follow the beans. Big potato country, too."

But the attitude of many—uncertain when their jobs here will fold, uncertain where other jobs may spring up—was summed up by a young negro sweeper at the Vancouver yard. "I don't know," said Jimmielee Woods. "We'll wait and see."
