WHEAT

CHICAGO, Aug. 20 (AP)—Grain futures tried to start a rally today, but it was short-lived. Wheat and oats fell fractions to a cent or more a bushel near the close, while rye and barley dropped more than 2 cents at times. Corn also was weak.

Hedge selling and weakness in New York cotton were factors in causing reactions in wheat and oats after early strength. Oats receipts were large as the new crop moved in from all directions. Spring wheat harvest also is under way in the northwest. There was little evidence of the mill buying which has been in the wheat pit in recent sessions.

Government support brought the early strength in wheat and oats. The commodity credit corporation was reported to have bought about 1,000,000 bushels of oats for export last week.

Corn prices slumped on the favorable growing weather. There was not much demand in rye where traders, as in other pits, were awaiting further peacetime price developments.

Wheat closed ⅛ to ⅝c lower than the previous finish, September $1.62⅛, corn was down ⅛ to 1⅛c, December $1.13⅝, oats were off ¾ to 1c, September 56⅝c, rye was 1⅞ to 2⅜c lower, September $1.35⅝, and barley was off 1 to 3¼c, September 98¾c.

To all Plymouth, DODGE, DeSoto and CHRYSLER owners—
These are the facts as we see them:

TODAY is a good day to give some thought to the care of your car. There are two big reasons why this is an especially good idea right now.

1. YOUR NEW CAR MAY BE MONTHS AWAY

Some new cars may be made this year. But the number will be limited and it will be months before everybody who wants a new car will be able to get one.

That means it is in *your* interest to keep your present car in shape for what may be thousands of miles of additional driving. And your dealer wants to help in every way he can.

2. TAKE YOUR CAR TO THE MAN WHO KNOWS IT BEST

He's the Plymouth, Dodge, De Soto or Chrysler dealer. He knows the car from bumper to bumper and he has many reasons for serving you well.

He has the experience, equipment, mechanics and factory-engineered parts—everything needed to give you a dependable job.

So telephone or see your Plymouth, Dodge, De Soto or Chrysler dealer and set a date for whatever service is needed on your car. You will find that it is an idea that pays dividends. A little spent for care *now* can save a lot of time, trouble and expense later.

★ The HALF MOON, Hendrick Hudson's ship, sailed on September 3, 1609, up the river which bears its skipper's name. Because of the detailed report of the area made by Hudson during this trip, Dutch authorities decided to colonize the New York bay area. But for the voyage of the sturdy little Half Moon, New York City might never have grown up on Manhattan Island!
