

LABOR HEAD WARNS AGAINST CONTROL PLAN

WASHINGTON, Aug. 29 (AP)—The country cannot afford to "risk the chance" of wide unemployment by a hands-off policy on the part of the government on job controls, Secretary of Labor Lewis B. Schwellenbach said today.

Backs Measure
The new labor secretary told a senate banking subcommittee he was in full accord with the principles of the Wagner-Murray job assurance measure, and criticized those groups which, he said, believe it is "economically desirable to have a large pool of unemployed upon which to draw."

"I think those who take this position are mistaken," he asserted. "It may be that during the time when the problem of production was very difficult such arguments were valid. However the problem of production has been licked in this country. Our problem now is one of consumption. We can produce plenty."

New Deal Programs
Schwellenbach said for a new deal program of providing work—such as NRA, WPA, the public works administration—have been "in the nature of partial approaches to the problem."

"They have all been adopted after unemployment became serious and began to threaten the foundations of our social and economic structure."

Every private device to attain full employment should be used first, he said, and only when that fails should public devices be used.

Schwellenbach declined to speculate on the number of jobs which must be made available to have full employment, stating there were too many "imponderables" to make an accurate forecast.

SPUD PRIORITY ENDED BY USDA

WASHINGTON, Aug. 29 (AP)—With this year's crop restoring supplies to ample levels, the agriculture department terminated today an order giving the government priority on purchase of potatoes in 10 major producing states.

The priority order was issued last year when supplies became so tight that military services encountered difficulties obtaining needed quantities.

The order was in effect for varying periods in all of Colorado, and in specific counties of Oregon, Idaho, California, Maine, North Dakota, Minnesota, Michigan, North Carolina and Virginia.

100 Extra Red Points For Returned PWs

Americans back from enemy prison camps will get 100 extra points for meats and fats, which will be issued to them in war ration book 4, effective September 1, it was announced by Willard Case, OPA food rationing representative.

Book 4 is ordinarily issued with all food stamps removed except the last valid series. Civilians back from prison camps, however, will get the last three series of meat, Case explained.

VITAL STATISTICS

MARNEY—Born at Klamath Valley hospital, Klamath Falls, Ore., on August 28, 1945, to Mr. and Mrs. J. B. Marney, Tulelake, a girl. Weight: 8 pounds 13 ounces.

CALDWELL—Born at Klamath Valley hospital, Klamath Falls, Ore., on August 29, 1945, to Mr. and Mrs. R. J. Caldwell, 2240 N. Main, a girl. Weight: 8 pounds 12 1/2 ounces.

Daddy Safe---Baby Gloria 'Knew It All The Time'

SEATTLE, Aug. 29 (AP)—The surprise of their young lives awaited Janet Sue and Gregory Boyington Jr. today when they clambered from their beds at their grandma's farm near Brewster, Wash., but their baby sister, Gloria, knew all the time that her daddy, Ma, Gregory Boyington, was alive.

Knew "All The Time"
Entirely unimpressed when told last night that the major was believed alive in Tokyo, she said gravely:

"I know it. I just said my prayers for him."
Gloria is 5, Janet Sue 7 and Gregory Jr., whose nickname is Bob, is 10. The major's mother, saying she was "overcome with happiness" when given the news last night, said the older children were asleep and she would wait until morning to give them the news.

Lives With Aunt
But Gloria lives in Seattle with her aunt, Mrs. A. G. Wickstrom. When Boyington, after separating from his first wife, obtained custody of the children.

Wainwright Receives DSC; Will Attend Jap Surrender

(Continued From Page One)

MacArthur's invitation to go to Tokyo for the surrender ceremonies, a Manila dispatch said. He planned to leave Chungking by plane Thursday, accompanied by Brig. Gen. Lewis C. Beebe, Col. John Pugh, Maj. Thomas Dooley and T/Sgt. H. Carroll, all former prisoners of the Japanese.

"All this group were with me on the tragic day when I had to surrender, and I'm especially anxious that they be present when we accept the Japanese surrender," Wainwright's message to MacArthur said.

Wainwright's Reaction
One officer now in Chungking told how Wainwright, who assumed command of American forces in the Philippines in 1942 when MacArthur was ordered to leave to become supreme commander in the Southwest Pacific, reacted to the second order from the Japanese to surrender on Batan. The officer, who asked that his name be withheld, quoted Wainwright as saying:

"I've been to general staff school and the war college, but they never taught me what to do if I was called upon to surrender. I guess we shall have to continue fighting."

Surfacing Job Nears Completion

Rock from the road from the Willamette cutoff highway to Crescent lake is expected to be finished Thursday, according to the county court.

County draglines and trucks have been used on the surfacing job which has been progressing for the past several weeks.

OPA INCREASES SLAUGHTER QUOTA

A substantial increase in Class 2 slaughter percentages for cattle, calves and hogs for quota periods beginning on or after August 28, 1945, was announced by John O. Ferris, OPA meat rationing specialist.

The slaughter percentage for cattle is increased from last month's 100 per cent to 125 per cent. The percentage for calves is increased from the former 75 per cent to 100 per cent, and for hogs, from the former 50 per cent to 65 per cent.

The slaughter percentage for sheep and lambs remains unchanged at 110 per cent.

Class 2 (non-federally inspected) slaughterers apply the percentages to their quota bases to determine the live weight of each species they may slaughter during a quota period. Quota bases were issued by OPA on the basis of the individual slaughterer's volume of operations during certain periods in 1944.

Today's increase in slaughter percentages is made to provide for the slaughter of more livestock by non-federally inspected slaughterers. This is in line with OPA's policy of maintaining quota percentages as high as possible, consistent with obtaining the necessary ratio between federally inspected and non-federally inspected civilian supply in order to effect equitable civilian distribution.

Around Oregon

By The Associated Press

Three winners from each county will be permitted to compete in state 4-H club exhibits at Salem October 1 and 2. . . . Marion County Judge Grant Murphy and his wife will spend a week's vacation working in county bean fields instead of visiting a beach resort. . . . Mrs. Myrtle R. Clark of West Salem has been named rural school superintendent for Lane county. . . . Averett Hickox will head the Baker county community chest drive in September.

NAMED TO BOARD
SALEM, Aug. 29 (AP)—Mrs. Bernice B. Farr, Oregon City, was appointed by Governor Earl Snell today to the state board of cosmetic therapy examiners, succeeding Mrs. Gladys E. Innes, Portland, who resigned effective September 30.

The Great Virgil, magician, will appear in Klamath Falls at the Pelican theatre on September 5. The stage show is being sponsored by the Lions night conservation program.

LIONS TO SPONSOR STAGE SHOW HERE

A two-hour and 20-minute stage show, sponsored by the Lions club for the benefit of their sight conservation program, will be featured at the Pelican theatre on Wednesday, September 5, when Virgil the Magician will be the highlight.

Also featured will be Julie, the sweetheart of magic, who will present two acts during the evening.

The Great Virgil company recently gave 28 consecutive performances at the Fox theatre in San Francisco and the same complete show will be seen in Klamath Falls.

Tickets are on sale at the Esquire theatre building from 2 until 4 o'clock every afternoon and can also be obtained at the Sunset grocery, the Pelican cafe, Curran's for Drugs and Castleberry's.

MEXICANS WORK ON SLASH PILING

Mexican laborers who have been released from Washington during slack harvest season to do forestry work are progressing well with the work of piling slash, Richard Steppe said today.

Steppe, who is in charge of the Scott creek camp employing Mexicans, who in Klamath Falls Wednesday on business. He said that work is progressing along the west side of the Dalles-California highway at the rate of one-half to three-quarters of a mile per day.

"The laborers are a fire-eating crew," Steppe said. "They helped suppress three fires since they have been at Scott creek camp, and are to be commended on their cooperation and enthusiasm in fire fighting."

The forestry service hopes to run the camp through September according to John Sarginson, district ranger, although the Mexicans would normally be returned to harvest work at that time. Government contracts, however, call for return of laborers to Mexico "60 days after hostilities cease," which may make a difference in plans.

YOU DON'T NEED CASH AT SEARS-USE PURCHASE COUPONS

You go to the Credit Office just once to get a book full of coupons. . . . then you spend the coupons just like cash all through the store. There's no fee or form, no signing sales slips. Small down payment and monthly payments. Usual carrying charge.

Forestry Plane Makes Trial Landings

Trial landings with the forestry plane from Medford are being made today on the air strip at Lake o' the Woods.

No maintenance work has been done on the strip for several years, and plans are being considered by the forestry service to do the work necessary to put it in shape for emergency landings for the rest of the season.

What Every Woman Ought to Know...

about her Family's Winter Food Supply!

●(And how to make sure of plenty . . . of the best!)
Here are a few questions and answers that will be of interest to every homemaker in Oregon and Washington.

1 QUESTION: First of all, will there be more—or less—commercially canned food available for civilians this winter?

ANSWER: Less. In fact, it has been estimated by the War Food Administration that there will be less than last year.

2 QUESTION: Did the ending of war in Europe ease the food situation?

ANSWER: No. The armed forces still need more than ever before. And remember, they must have food that can be shipped and won't spoil.

3 QUESTION: What happens to us civilians? Where will we get all the canned vegetables and fruits we need this winter?

ANSWER: Home canning will have to supply most of them.

4 QUESTION: Isn't it being optimistic to expect home canners to supply so much food?

ANSWER: Not if you know American women! Last year half the canned vegetables and two-thirds of the canned fruits that civilians ate were home canned.

5 QUESTION: It's all very well to want to can—but isn't it a rather tough proposition for the average woman to undertake?

ANSWER: It's actually easier than you think! And this year, canning equipment will be more plentiful.

6 QUESTION: Will there be enough pressure canners?

ANSWER: There have been more pressure canners manufactured this year, and they aren't rationed.

7 QUESTION: Suppose I can't buy a pressure canner—or even borrow one?

ANSWER: Your local newspaper may be able to direct you to a community canning center.

8 QUESTION: Here's the \$64 question: Sugar?

ANSWER: Your local War Price and Rationing board will allow extra sugar needed for canning up to 10 pounds per person. And remember, home economics experts from the staffs of national women's magazines and city newspapers stand ready to help with special sugar-saving canning recipes. Consult them for this extra wartime help!

9 QUESTION: Say, it does look as if home canning might be more important this year. But what do I can?

ANSWER: The excess from your Victory Garden. Or fresh vegetables and fruits in season. Northwest crops—with a few minor exceptions—are bountiful this year! (Can all you can—nutrition standards call for at least four and, if possible, six to seven servings of fruits and vegetables every day.)

10 QUESTION: All right, you've definitely interested me in home canning. But . . . I'm not quite up on my canning technique. What do I do?

ANSWER: Easy! City, state and federal agencies are standing by to help you. Womens' pages of your local newspapers will prove a tremendous help throughout the canning season. The Home Economics department of your state agricultural college will dispense the latest tested procedures. And the U. S. Department of Agriculture will be glad to send you numerous helpful bulletins! Your bookstore can supply you easy-to-read volumes on canning; or you can read the same information at the nearest public library.

It's Smart to Can All You Can!

This statement prepared and released by BLITZ-WEINHARD COMPANY with the approval of the War Food Administration.
