Market Quotations

WHEAT

CHICAGO, Aug. 31 (AP)—The rye futures market continued its upsurge in early dealings today, advancing more than 3 cents a bushel at one time to a new high for the September contract, as shorts covered on reports of export demand.

Prices backed down to below the previous close in late trade, however, on profit-taking. Other grains were firm with rye in early dealings, and there was good mill buying of wheat, but prices eased near the close.

Rye fell 1⅞ to 3c below the previous finish, with September closing at $1.48-1.48⅛, wheat was ⅛c up to 1¼c down, September $1.65-1.65⅛, corn was off ⅛c, December $1.14⅞, oats were unchanged to ⅛c lower, September 58¼-⅝c, and barley was ¼ to ⅝c down, September $1.06½.

PIN-WORMS

At Last— A Real Treatment!

Anyone who has ever had Pin-Worms knows how tormenting and embarrassing this infection can be, and how hard it may be to deal with the creatures, once they get a foothold inside the body.

Today, thanks to a special, medically recognized drug (gentian violet), a highly effective treatment has been made possible. This drug is the vital ingredient in P-W, the Pin-Worm tablets developed in the laboratories of Dr. D. Jayne & Son. P-W tablets are small and easy to take, and they act in a special way to remove Pin-Worms.

So watch out for the warning signs that may mean Pin-Worms in your child or yourself—especially the aggravating rectal itch. And don't delay. Ask your druggist for JAYNE'S P-W right away, and follow the directions. Satisfaction guaranteed, or your money back.

It's easy to remember: P-W for Pin-Worms!
